**Technology For Transformation** Libbi R. Miller, Daniel Becker, Katherine Becker, 2016-04-01 This book serves as a platform for educators and researchers to unite educational technology and social justice. While educational technology is a rapidly changing and progressive field of research and practice, it remains largely separate from education for social justice. Current literature about educational technology is often approached from a technical, how-to perspective that emphasizes ways to implement technology into the classroom. Technology is often viewed as inevitable, yet neutral and value-free. Educational technology, however, is anything but neutral. The contributors collectively advance a hopeful discourse by exploring the potential of technology as a vehicle to transform and emancipate, while not forgoing a critically reflective measure of self-conscious critique of our own role as educators, students, or scholars in oppressive silences, constraints and conditions. This edited collection makes an important and unique contribution to the field, as it will be the first published volume to detail research, theory, and practice regarding student use of technology in achieving liberatory aims since IAP's 2009 publication, ICT for Education, Development and Social Justice. The fields of educational technology and social justice are vast and applicable in many domains, including teacher education, graduate programs, and K-12 education. This work is intended to appeal to a diverse academic and professional audience of K-12 teachers, teacher educators, educational technology and social justice scholars, and policy makers. Scholars and academics instructing graduate-level educational technology courses can reference this edited collection as the most current text on socially just educational technology. Educational practitioners from teacher education programs and the K-12 sector may use this book as a source of ideas and inspiration to incorporate student use of technology toward emancipatory aims. This title could be adopted as a course text for both undergraduate and graduate education courses in: media literacy, digital literacy, distance education, education for social justice, and teacher preparation, and educational technology courses. Readers will also be able to use the book as a guide when critically analyzing their own professional practice, whether it is in research, working with K-12 students, or preparing future

educators or scholars.

*Desarrollo ético de los profesionales de la contaduría y la administración* Enrique Zamorano García, 2017-04-20 Esta obra fundamenta y señala directrices sobre los conceptos y principios de ética para el desarrollo del profesionista, en diversos ámbitos: en las universidades, en la práctica independiente, en las firmas profesionales y otras instituciones en las que preste sus servicios, en las empresas que tienen un núcleo de valores que sirven de base a todas sus acciones para alcanzar el éxito y el “reverso de la medalla”, así como en empresas con problemas por falta de ética. Estos capítulos se ilustran con casos obtenidos de la realidad, para que los ejecutivos, alumnos y profesores puedan analizarlos y discutirlos en sus aspectos éticos. En el capítulo de temas de ética de este libro se mencionan cuatro fenómenos que se han manifestado y generalizado en el entorno actual y que, en nuestro país, particularmente en las universidades, se requiere hacer conciencia y participar de manera intensa en el encuentro de una solución: educación, desempleo, pobreza y migraciones. Precisamente, este círculo se inicia con la educación, o más bien, con la falta o deficiencias de la educación y, sobre todo, con la formación ética dentro de la familia y en las escuelas primarias y secundarias que, consideramos, serían los antecedentes de las conductas observadas en los alumnos de las instituciones de educación media y superior. Asimismo, se describe un fenómeno amenazante: ética y medio ambiente. El autor expresa que el desarrollo ético de los profesionales es semejante a un camino largo y ascendente, al cual estamos invitados a emprender para vernos, al final del mismo, en la “cima de la montaña”, convertidos en profesionistas brillantes, dinámicos, triunfantes, que reflexionan sobre los valores de la esencia humana y los proclaman como valores básicos de una profesión, constitutivos de su fundamento, sólidos con su propósito básico y su razón de existir.

*The Wrong Boy* Suzy Zail, 2013-07-01 “Being kissed by Karl Jager was devastating. And beautiful. War makes you do dangerous things.” Hanna Mendel liked to know what was going to happen next. She was going to be a famous concert pianist. She was going to wear her yellow dress to the dance on Saturday night. But she didn’t plan on her street being turned into a ghetto. She didn’t plan on being rounded up and thrown in a cattle truck. She didn’t plan on spending her sixteenth birthday in Auschwitz, in a wooden barrack with 200 other prisoners. Most of all, Hanna didn’t plan on falling in love with the wrong boy. What happens when a Jewish girl falls in love with the German son of the camp commander? Award-winning Australian author Suzy Zail’s young adult fiction book, *The Wrong Boy*, paints a story of identity, romance, hate and loyalty alongside the historical backdrop of the Holocaust. This gripping novel about a teenage girl coming to terms with first love amid the confronting realities of a war-torn world will leave readers wanting more. Short-listed in the Older Reader’s category of the 2013 Children’s Book Council of Australia Book of the Year Awards “A compelling picture of life in a prison camp from the point of view of a determined but naïve teenage girl. Recommended.” – Aussie Reviews “Four stars ... From its opening page, the reader will feel empathy and heartache for those who suffered during this violent era.” – Read Plus “A roller-coaster ride ... This is a must read for any teenager or adult interested in the past, the tragedy of war or what happens when humans believe they are superior.” – Kids Book Review “Compelling reading ... Zail uses a deft hand.” – Buzz Words magazine “An addictive read, well-written and, in spite of the horror, warm-hearted.” – Around the Bookshops
