S.O.U.L.O Stories of Untold Life Occurrences Darla S.,2022-05-23 When Darla took off from Spokane, Washington, she thought she would be traveling around to see her country and to research information about cold cases. But to her surprise, after the first six months of traveling, everything changed, and she began crossing paths with people who told her some very interesting stories about their lives. Her faith was tested more than once, and she felt God guide her into meeting people that she would try and help as well as learn important life lessons from. She traveled to the west coast, to the desert of Nevada, and also lived among the almond trees in California. She was able to see some pretty cool places that she'd only seen and read about in schoolbooks (that was before the Internet, of course). There were times when she thought that she had had enough, but she kept on traveling and learned so much about people, traditions, and the country's history. The history of the many places she went to was, to say the least, eye-opening, and the hard truth about how her white ancestors came to be settled in America took on a whole new unsettling meaning for her. It was an experience that she will never forget, and it made her a stronger woman, a better American, a better listener, and most of all, it made her a better human being.

The Beat Kip Lornell,Charles C. Stephenson Jr.,2010-01-06 The Beat! was the first book to explore the musical, social, and cultural phenomenon of go-go music. In this edition, updated by a substantial chapter on the current scene, authors Kip Lornell and Charles C. Stephenson, Jr., place go-go within black popular music made since the middle 1970s—a period during which hip-hop has predominated. This styling reflects the District's African American heritage. Its super-charged drumming and vocal combinations of hip-hop, funk, and soul evolved and still thrive on the streets of Washington, DC, and in neighboring Prince George's County, making it the most geographically compact form of popular music. Go-go—the only musical form indigenous to Washington, DC—features a highly syncopated, nonstop beat and vocals that are spoken as well as sung. The book chronicles its development and ongoing popularity, focusing on many of its key figures and institutions, including established acts such as Chuck Brown (the Godfather of Go-Go), Experience Unlimited, Rare Essence, and Trouble Funk; well-known DJs, managers, and promoters; and filmmakers who have incorporated it into their work. The Beat! provides longtime fans and those who study American musical forms a definitive look at the music and its makers.

Poussière, ô poussière! Gilles Holder,2001 Etude du système sociopolitique d'une tribu du Mali, les Saman. S'inspirant du modèle de Djenné, prestigieuse métropole musulmane, les Saman témoignent aussi d'une politique originale, celle d'une cité-Etat. Celle-ci s'inscrit dans les limites strictes de l'espace civique défini par une enceinte et met en oeuvre une souveraineté politique plutôt que territoriale.

Music Apps for Musicians and Music Teachers Elizabeth C. Axford,2015-02-19 In today’s digital age, learning and creating music has never been so easy and affordable. Anyone can enhance their musical knowledge, skills, and creativity with the multitude of music apps available. However, sifting through thousands of music apps in the Apple App Store and Google Play can be a daunting task for any musician or music instructor. But not anymore! Having spent countless hours researching the most interesting useful, educational, fun, and easy-to-use music apps, Elizabeth C. Axford in Music Apps for Musicians and Music Teachers surveys the landscape of music-related apps for both iOS and Android mobile devices, including tablets and smartphones. Music Apps for Musicians and Music Teachers lists hundreds of music-related apps organized by category, including singing, musical instruments, music theory and composition, songwriting, improvisation, recording, evaluating music performances, listening to music, music history and literature, music appreciation, and more. App developers are listed with each app, including links to their websites for updates and support. The book sections and chapters align with the newly revised National Standards for Music Education released in 2014 by the National Association for Music Education. Suggested activities for educators are provided, as well as key terms and a bibliography. Music Apps for Musicians and Music Teachers is for anyone interested in music, whether hobbyist or professional. It enhances the ability to learn on the go by offering musicians, music students, and music instructors a list of the most useful music apps available.

Toekomstbestendige ouderenzorg Tom Braes,2019 De komende jaren moeten woonzorgorganisaties meer dan ooit op zoek naar hún onderscheidende en kenmerkende talent. Die zoektocht naar een betere en grotere onderscheiding zal elke organisatie dwingen om stil te staan bij de ‘hete hangijzers’ en actuele trends. De auteur kijkt naar de trajecten, de landmarks en mogelijke bestemmingen voor ouderenzorg en ouderenzorgorganisaties. Naar de horizon. Niet naar één enkele stip op die horizon, maar naar de horizon van stippen. Het zal voor elke ouderenzorgorganisatie een ander perspectief zijn: andere stippen, andere combinaties van stippen en mogelijk zelfs een totaal andere horizon. Het boek is opgebouwd als ‘roadbook’, met onder meer een treffende analyse van de relevante maatschappelijke trends, hun vertaling naar en voor zorg en welzijn, een uitgebreide scenarioplanning én een ‘roadmap’. De roadmap helpt organisaties om – door alle trends, evoluties en kritische onzekerheden heen – hun gepaste en geheel eigen, toekomstbestendige bestemming te bereiken.

Love's Game Harold L. Turley,2011-03-01 Harold L. Turley II opens a revealing window into the male African American psyche in this captivating first novel about sex, relationships, marriage, and monogamy. Terry, Jeff, and Tyrelle manage a nightclub together, where the three cousins have their pick of any woman they desire. Terry is a former college basketball star married to Tracy—and cheating on her with Angie. But meaningless affairs are starting to leave Terry feeling hollow inside. He decides it's time to clean up his act...only to discover that it's too late. A lifetime player, Jeff has finally realized that he's ready to settle down with his current girlfriend. The problem is, he's feeling guilty about all the times he was unfaithful to her. Clearing his conscience would give him a clean slate, but will it cost him the most important relationship in his life? As for Ty, he's caught between a rock and a hard place: he loves his freedom but at the same time doesn't want to lose his girlfriend. And his lover is about to drop a bombshell that will reverberate across every area of his life. Funny, sensuous, and dead-on target when it comes to the games lovers play, *Love's Game* tells what happens when the tables are turned and the stakes are raised.

One Year on a Bike Martijn Doolaard,2017 Martijn Doolaard traded in the convenience of a car and the distractions of daily life for a cross-continental cycling journey: a biped adventure from Amsterdam to Singapore. Leaving behind repetitive routines, One Year on a Bike indulges in slow travel, the subtlety of a gradually changing landscape, and the lessons learned through travelling. Venturing through Eastern European fields of yellow rapeseed to the intimate hosting culture in Iran, One Year on a Bike is a vivid chronicle of what can happen when the norm is pointedly replaced by exceptional self-discoveries and beautiful sceneries. Doolaard shares the gear and knowledge that made his trip possible. -- Provided by publisher.
