What you can expect from this book: This Thai learning resource is a combination of Thai vocabulary book and a two-way basic Thai dictionary: Part 1 - Topic based Thai vocabulary book: This is the main part of the book and represents a list of chapters each containing Thai vocabularies for a certain topic. The Thai vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. for Thai words and directly find the English translation. How to use this Thai vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Thai dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Thai translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Thai dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Thai and comes in particularly handy at times when there is no internet to look up words and phrases.

The Original Thai-English Cognate Dictionary
LivingHour.org, 2010-03-30 The Original Thai-English Language Cognate Dictionary & Learning Tool is an essential supplementary resource for speaking, reading, and understanding the Thai language in the quickest possible time. Written for both beginners and intermediate learners, it is the first English-Thai loanword dictionary and learning tool. In this book, you'll quickly learn the most commonly used English loanwords, as well as Thai words that rhyme with, or sound similar to, their English counterpart or a related word. For example, the Thai word for bell is grìng,

These differences are important to know when having conversations with new Thai friends, acquaintances, and colleagues. Hundreds of colloquial Thai sentences make this book a valuable tool for intermediate students. Humorous and useful examples are combined in equal measure, so that you can better communicate and enjoy the authentic Thai lifestyle. The loanword (cognate) vocabulary provides easy practice for students who are starting to read Thai, while the sample sentences offer excellent reading practice for those further along. In addition, useful language notes are provided covering areas such as grammar, pronunciation, and root words, as well as valuable tips on speaking the Isaan dialect.
