Android Tablets for Seniors in easy steps Nick

Vandome,2013-06-05 Tablet computers are beginning to appear everywhere on the digital landscape and, at first sight, they can be slightly daunting in terms of what they can do and how to make best use of them. Tablets are by no means a passing gimmick, however, and in many ways they have the potential to replace desktop or laptop computers in many households. Tablets are powerful, portable and packed full of functionality for most computing tasks. Android is the operating system on a wide range of tablets and it is one of the major players in this market. As the appetite for mobile computing increases, the use of

Android tablets is also likely to increase significantly. Android Tablets for Seniors in easy steps looks at the range of devices available and their specifications and functionality. It also explains the Android operating system and how to use it on your tablet in terms of navigating around, performing all of your favourite tasks, getting online and turning your tablet into a mobile library and entertainment centre. Android tablets offer an interactive, touch screen experience and the book shows how to get up and running with this so that you can quickly find your way around with Android. It also details how you can use the Android settings to ensure that your tablet looks and works in exactly the way that you want. Apps are the programs that give Android tablets their functionality and this is covered in depth, from using the preinstalled apps, to downloading and using the huge selection available from the Google Play Store, which is linked directly to Android tablets. It also shows how to get the best apps for popular activities such as travel, health and wellbeing, family history and online shopping. Online connectivity is a vital element for tablets and the book looks at connecting to the web via Wi-Fi, using email, making phone and video calls to family and friends with Skype and diving into the world of social networking. Security on tablets is just as important as on any other computer and this is covered in terms of preventing access to your tablet and staying safe online and when using your apps. Overall, Android Tablets for Seniors in easy steps shows the value of having one of these devices and presents clear and visually attractive advice, in larger type for easier reading, about joining the latest computer revolution so that you can feel confident about participating in the world of mobile computing. The book features the Google Nexus but is applicable to all tablets running the Android operating system.

Cravings Chrissy Teigen,Adeena Sussman,2016-02-23 Maybe she's on a photo shoot in Zanzibar. Maybe she's making people laugh on TV. But all Chrissy Teigen really wants to do is talk about dinner. Or breakfast. Lunch gets some love, too. For years, she's been collecting, cooking, and Instagramming her favorite recipes, and here they are: from breakfast all day to John's famous fried chicken with spicy honey butter to her mom's Thai classics. Salty, spicy, saucy, and fun as sin (that's the food, but that's Chrissy, too), these dishes are for family, for date night at home, for party time, and for a few life-sucks moments (salads). You'll learn the importance of chili peppers, the secret to cheesy-cheeseless eggs, and life tips like how to use bacon as a home fragrance, the single best way to wake up in the morning, and how not to overthink men or Brussels sprouts. Because for Chrissy Teigen, cooking, eating, life, and love are one and the same.

A beautifully written, densely plotted murder mystery that takes place at a private club off the coast of England. Read about a luxurious, celeb-only island during a weekend of partying and ultimately murder." —Reese Witherspoon (Reese's Book Club March '22 Pick) From the author of *People Like Her* comes a smart and sinister murder mystery set in the secretive world of exclusive celebrity clubs. Everyone's Dying to Join . . . The Home Group is a glamorous collection of celebrity members' clubs dotted across the globe, where the rich and famous can party hard

and then crash out in its five-star suites, far from the prying eyes of fans and the media. All of them have something to hide—and that's before the beautiful people with their own ugly secrets even set foot on the island. As tempers fray and behavior worsens, as things get more sinister by the hour and the body count piles up, some of Island Home's members will begin to wish they'd never made the guest list. Anatomy: A Love Story Dana Schwartz, 2022-01-18
INSTANT #1 NEW YORK TIMES BESTSELLER *INSTANT #1 INDIE BESTSELLER* *INSTANT USA TODAY BESTSELLER* *A REESE'S YA BOOK CLUB PICK* Schwartz's magical novel is at once gripping and tender, and the intricate plot is engrossing as the reader tries to solve the mystery. She doesn't miss a beat in either the characterization or action, scattering clues with a delicate, precise hand. This is, in the end, the story of the anatomy of the human heart. - Booklist (starred review) Dana Schwartz's *Anatomy: A Love Story* is a gothic tale full of mystery and romance. Hazel Sinnett is a lady who wants to be a surgeon more than she wants to marry. Jack Currer is a resurrection man who's just trying to

survive in a city where it's too easy to die. When the two of them have a chance encounter outside the Edinburgh Anatomist's Society, Hazel thinks nothing of it at first. But after she gets kicked out of renowned surgeon Dr. Beecham's lectures for being the wrong gender, she realizes that her new acquaintance might be more helpful than she first thought. Because Hazel has made a deal with Dr. Beecham: if she can pass the medical examination on her own, Beecham will allow her to continue her medical career. Without official lessons, though, Hazel will need more than just her books—she'll need corpses to study. Lucky that she's made the acquaintance of someone who digs them up for a living. But Jack has his own problems: strange men have been seen skulking around cemeteries, his friends are disappearing off the streets, and the dreaded Roman Fever, which wiped out thousands a few years ago, is back with a vengeance. Nobody important cares—until Hazel. Now, Hazel and Jack must work together to uncover the secrets buried not just in unmarked graves, but in the very heart of Edinburgh society.
