Sports Car Racing Billie B. Brooklyn,2014-12-15 The exciting world of sports car racing is covered in this book, an age-appropriate look at a motorsport that's gaining popularity all over the world. Readers will learn about Grand Touring models, touring models, and prototypes, and how each kind of sports car brings something unique to the sport. The body text, "Fast Fact" fact boxes, and sidebars cover the history of the sport, its rules, action in the pit crew, famous drivers, exciting racing, and how readers can start to participate. The text concludes with a graphic organizer of the flags seen at sports car racing events.

Northeast American Sports Car Races 1950-1959 Terry O'Neil,2010-10-15 This book focuses on the different aspects that contributed to the development of Northeast American sports car racing during the 1950s. The evolution from amateur drivers racing on public roads in 1950, to both professional and amateur drivers racing at private, purpose-built tracks in 1959, demanded huge leaps of faith, trust and understanding. The transition was neither easy nor uneventful for drivers, clubs or track owners, and the tragedy, politics and intrigue that came to characterize the period are covered here in fascinating detail.

Winning Matt Stone,Preston Lerner,2009-10-15 Winner of International Automotive Media Gold Award 2010 For all his fame as one of Hollywood's great actors, a world-class humanitarian, and the proprietor of a natural food empire, the late Paul Newman had another intriguing facet that was less known and perhaps closer to his heart than all the rest of his well-chronicled life. He was an avid, successful and well respected car racer and team owner. This book tells that story--from Newman's racing career, begun in earnest at an age when many race car drivers contemplate retirement; to the partnership he formed in 1983 with Chicago racing entrepreneur and team owner Carl Haas; to the impressive stable of automobiles he owned, from the Porsches and Ferraris to quirkier modified VWs and Volvos. This is the tale of a life full of passion and skill, of someone who entered the 24 Hours of Daytona at the age of 70 and made his last professional race outing at 82; whose roster of drivers for Newman/Hass reads as a who's who of open wheel racing; and whose interest in cars extended from the likely suspects to old trucks and new hybrids. And then there's the charming pal who, when the incorrigible prankster Robert Redford had a miserably wrecked Ferrari dropped at his front door, returned the favor by having the car, crushed into a cube, delivered to Redford's living room. The anecdotes, the races, the cars--all are here, adding up to what for many would be a full life, but for Paul Newman was simply another side of a man of talent, conviction, and enduring spirit. Runways & Racers Terry O'Neil,2011-05-19 Runways and Racers concentrates on the short transitional period, 1952-1954, for sports car racing in America following the ban on public road racing in many of the States. The ban left the rapidly expanding Sports Car Club of America with a problem: where to hold races. At precisely the same time, Curtis LeMay, head of Strategic Air Command, was having problems obtaining funds from Congress to improve conditions on the many air bases located around the country. The solution was a marriage of convenience, whereby the SCCA was allowed access to active SAC air bases to hold its race programmes. In return, the SAC base would receive the net profits from the event, which would be put into the Airmen's Living Improvement Fund. As a result of some initial financial success for the SAC bases, the scheme was also adopted by non-SAC bases together with regional clubs, with the same agreement in place. Complaints from airmen alerted Congressman Errett Scrivner to potential irregularities, and he ordered an audit to be conducted to ascertain precisely what it was costing the air bases to host the races. His findings led to the cessation of the races, ordered by Congress. The product of a long period of extensive research by the author, this book gives a fascinating insight into this two-year period, complemented by over 150 period pictures, many previously unpublished.

Sports Car Racing in the South Willem Oosthoek,2011-03 The history of sports car racing in the Southern United States featuring the top echelon of European sports cars has long been unexplored territory. With the exception of the Sebring 12 Hours, the meets were largely ignored by the national press, and no comprehensive research material is available for the numerous events organized between Texas and Florida, when amateur competition surged in the late 1950s. Yet, the South offers a rich road racing history, often fueled by wealthy oilmen from Texas and Oklahoma. Many of the events were hosted on airport courses where late-model Ferraris, Maseratis, Jaguars, Porsches, OSCAs and Climax-engined cars such as Lotus, Cooper and Elva did battle with American V8-powered vehicles, both Corvettes and homebuilt Specials. This book, the first of a series of three, offers a race-by-race account of all 1957 and 1958 Southern events, from Novice Races to the weekend-ending Features competition. The author has scoured local newspapers of the period for race reports and results and interviewed many of the drivers, mechanics and owners that were involved in the competitions. He provides an exhaustive report of the time, vividly illustrated by period photographs, many from the archives of Bob Jackson, the acclaimed press photographer.

A book tells the story of this great sporting and cultural event, the 2014 edition of which opens with a historical section that recalls the 1934 race, won by Achille Varzi, and the 1954, with the magnificent victory of Alberto Ascari. After that, the book concentrates on the race that took place last May and its protagonists? competitors, crew after crew, car after car, in a long and fully-illustrated section. 2014 Mille Miglia starting grid was full of exceptional protagonists

too: actors Luke Evans, Adrien Brody and Jeremy Irons, American TV personality Jay Leno, French stylist Paloma Picasso and industrial designer Mark Newson. Many musicians were also there: Brian Johnson, AC/DC frontman, British rapper Example, Scottish singer Amy Macdonald and Belgian singer Milow. Many racing drivers took the start, first and foremost Eros Crivellari, the only one with an original Mille Miglia to his credit, Andy Wallace, Jochen Mass, Teo Fabi, Bernd Schneider, Jacky Ickx, Martin Brundle and Bruno Senna, with the very evocative helmet of his late uncle Ayrton.
