Hello, I Love You Katie M. Stout, 2015-06-09 Grace Wilde is running—from the multi-million dollar mansion her record producer father bought, the famous older brother who's topped the country music charts five years in a row, and the mother who blames her for her brother's breakdown. Grace escapes to the farthest place from home she can think of, a boarding school in Korea, hoping for a fresh start. She wants nothing to do with music, but when her roommate Sophie's twin brother Jason turns out to be the newest Korean pop music superstar, Grace is thrust back into the world of fame. She can't stand Jason, whose celebrity status is only outmatched by his oversized ego, but they form a tenuous alliance for the sake of her friendship with Sophie. As the months go by and Grace adjusts to her new life in Korea, even she can't deny the sparks flying between her and the KPOP idol. Soon, Grace realizes that her feelings for Jason threaten her promise to herself that she'll leave behind the music industry that destroyed her family. But can Grace ignore her attraction to Jason and her undeniable pull of the music she was born to write? Sweet, fun, and romantic, Katie M. Stout's *Hello, I Love You* explores what it means to experience first love and discover who you really are in the process.

**Trese** Budjette Tan, 2020-12-02 Award-winning Filipino comic book and soon to be Netflix anime series! When the sun sets in the city of Manila, don't you dare make a wrong turn and end up in that dimly-lit side of the metro, where blood-sucking aswang run the most-wanted kidnapping rings, where gigantic kapre are the kingpins of crime, and magical engkantos slip through the cracks and steal your most precious possessions. When crime takes a turn for the weird, the police call Alexandra Trese. *Trese Vol 1 Murder on Balete Drive* features all new, redrawn artwork throughout, and includes a substantial bonus section with behind-the-scenes sketches, info and details on the making of the book and further insight into the world of Trese, as told by its creators Budjette Tan and Kajo Baldisimo!

**Shine** Jessica Jung, 2020-09-29 An instant New York Times bestseller *Crazy Rich Asians* meets *Gossip Girl* by way of Jenny Han in this knockout debut about a Korean American teen who is thrust into the competitive, technicolor world of K-pop, from Jessica Jung, K-pop legend and former lead singer of one of the most influential K-pop girl groups of all time, Girls' Generation. What would you give for a chance to live your dreams? For seventeen-year-old Korean American Rachel Kim, the answer is almost everything. Six years ago, she was recruited by DB Entertainment—one of Seoul's largest K-pop labels, known for churning out some of the world's most popular stars. The rules are simple: Train 24/7. Be perfect. Don't date. Easy, right? Not so much. As the dark scandals of an industry bent on controlling and commodifying beautiful girls begin to bubble up, Rachel wonders if she's strong enough to be a winner, or if she'll end up crushed... Especially when she begins to develop feelings for K-pop star and DB golden boy Jason Lee. It's not just that he's charming, sexy, and ridiculously talented. He's also the first person who really understands how badly she wants her star to rise. Get ready as Jessica Jung, K-pop legend and former lead singer of Korea's most famous girl group, Girls' Generation, takes us inside the luxe, hyper-color world of K-pop, where the stakes are high, but for one girl, the cost of success—and love—might be even higher. It's time for the world to see: this is what it takes to shine.

*Asian Popular Culture in Transition* Lorna Fitzsimmons, John A. Lent, 2013 Examines contemporary consumption practices in South Korea, China, India, Japan, and Singapore and both updates and extends popular culture studies of the region. Through an interdisciplinary lens, this collection of essays explores how recent advances and shifts in information technologies and globalization have impacted cultural markets, fashion, the digital generation, mobile culture, femininity, matrimonial advertising, and a film actress' image and performance.--Publisher's description.

**Border Work** Madeleine Reeves, 2014-03-04 In Central Asia's Ferghana Valley, where Kyrgyzstan, Uzbekistan, and Tajikistan meet, state territoriality has taken on new significance in these states' second decade of independence, reshaping landscapes and transforming livelihoods in a densely populated, irrigation-dependent region. Through an innovative ethnography of social and spatial practice at the limits of the state, *Border Work* explores the contested work of producing and policing "territorial integrity" when significant stretches of new international borders remain to be conclusively demarcated or effectively policed. Drawing on extensive ethnographic fieldwork, Madeleine Reeves follows traders, farmers, water engineers, conflict analysts, and border guards as they negotiate the practical responsibilities and social consequences of producing, policing, and deriving a livelihood across new international borders that are often encountered locally as "chessboards" rather than lines. She shows how the negotiation of state spatiality is bound up with concerns about legitimate rule and legitimate movement, and explores how new attempts to secure the border, materially and militarily, serve to generate new sources of lived insecurity in a context of enduring social and economic inter-dependence. A significant contribution to Central Asian studies, border studies, and the contemporary anthropology of the state, *Border Work* moves beyond traditional ethnographies of the borderland community to foreground the effortful and intensely political work of producing state space.

**Don't Call It Bollywood** Margaret E. Redlich, 2016-05-30 Do you think Bollywood is just flashy dance sequences and unbelievable plots? Think again Explore the rich history and artistic traditions of Hindi film in this engaging book, which intersperses stories from the author's path to dedicated fandom with analysis of the films and their context. If your only exposure to Hindi films is action sequences that defy the laws of physics and dance sequences full of colorful, swirling silk, this book will open your eyes to a rich and rewarding art form. If you're already a fan, it will enrich your appreciation of your favorite film moments by placing them in their larger context.

**Korean Masculinities and Transcultural Consumption** Sun Jung, 2010-11-01 This book investigates transcultural consumption of three iconic figures – the middle-aged Japanese female fandom of actor Bae Yong-Joon, the Western online cult fandom of the thriller film *Oldboy*, and the Singaporean fandom of the pop-star Rain. Through these three specific but hybrid context, the author develops the concepts of soft masculinity, as well as global and postmodern variants of masculine cultural impacts. In the concluding chapter, the author also discusses recently emerging versatile masculinity within the transcultural pop production paradigm represented by K-pop idol boy bands.

**Solidarity in Biomedicine and Beyond** Barbara Prainsack, Alena Buyx, 2017-01-19 In times of global economic and political crises, the notion of solidarity is gaining new currency. This book argues that a solidarity-based perspective can help us to find new ways to address pressing problems. Exemplified by three case studies from the field of biomedicine: databases for health and disease research, personalised healthcare, and organ donation, it explores how solidarity can make a difference in how we frame problems, and in the policy solutions that we can offer.

**Dream of a Red Factory** Deborah A. Kaple, 1994-01-06 Drawing on previously unknown primary sources in both Chinese and Russian, Deborah A. Kaple has written a powerful and absorbing account of the model of factory management and organization that the Chinese communists formulated in the 1949-1953 period. She reveals that their new management techniques were adapted from Soviet propaganda during the harsh period of Stalin's post-war reconstruction. The idealized Stalinist management system consisted mainly of strict Communist Party control of all aspects of workers' lives, which is the root of such strong Party control over Chinese society today. *Dream of a Red Factory* is a rare and revealing look at the

consolidation rule in China; told through the prism of the development of new socialist factories and enterprises. Kaple completely counters the old myth of the Soviet monolith in China, and carefully reconstructs how the Chinese communists came to rely on an idealized, propagandistic version of the Soviet model instead.

**Media Sport Stars** Garry Whannel, 2005-07-08 *Media Sport Stars* considers how masculinity and male identity are represented through images of sport and sport stars. From the pre-radio era to today's specialist TV channels, newspaper supplements and websites, Whannel traces the growing cultural importance of sport and sportmen, showing how the very practices of sport are still bound up with the production of masculinities. Through a series of case studies of British and American sportsmen, Whannel traces the emergence of the sporting 'hero' and 'star', and considers the ways in which the lives of sport stars are narrated through the media. Focusing on figures like Muhammad Ali and David Beckham, whose fame has spread well beyond the world of sport, he shows how growing media coverage has helped produced a sporting system, and examines how modern celebrity addresses the issues of race and nation, performance and identity, morality and violence. From Babe Ruth to Mike Tyson, *Media Sport Stars* demonstrates that, in an era in which both morality and masculinity are perceived to be 'in crisis', sport holds a central place in contemporary culture, and sport stars become the focal point for discourses of masculinity and morality.

**Arctic Mirrors** Yuri Slezkine, 2016-11-01 For over five hundred years the Russians wondered what kind of people their Arctic and sub-Arctic subjects were. They have mouths between their shoulders and eyes in their chests, reported a fifteenth-century tale. They rove around, live of their own free will, and beat the Russian people, complained a seventeenth-century Cossack. Their actions are exceedingly rude. They do not take off their hats and do not bow to each other, huffed an eighteenth-century scholar. They are children of nature and guardians of ecological balance, rhapsodized early nineteenth-century and late twentieth-century romantics. Even the Bolsheviks, who categorized the circumpolar foragers as authentic proletarians, were repeatedly puzzled by the peoples from the late Neolithic period who, by virtue of their extreme backwardness, cannot keep up either economically or culturally with the furious speed of the emerging socialist society. Whether described as brutes, aliens, or endangered indigenous populations, the so-called small peoples of the north have consistently remained a point of contrast for speculations on Russian identity and a convenient testing ground for policies and images that grew out of these speculations. In *Arctic Mirrors*, a vividly rendered history of circumpolar peoples in the Russian empire and the Russian mind, Yuri Slezkine offers the first in-depth interpretation of this relationship. No other book in any language links the history of a colonized non-Russian people to the full sweep of Russian intellectual and cultural history. Enhancing his account with vintage prints and photographs, Slezkine reenacts the procession of Russian fur traders, missionaries, tsarist bureaucrats, radical intellectuals, professional ethnographers, and commissars who struggled to reform and conceptualize this most alien of their subject populations. Slezkine reconstructs from a vast range of sources the successive official policies and prevailing attitudes toward the northern peoples, interweaving the resonant narratives of Russian and indigenous contemporaries with the extravagant images of popular Russian fiction. As he examines the many ironies and ambivalences involved in successive Russian attempts to overcome northern—and hence their own—otherness, Slezkine explores the wider issues of ethnic identity, cultural change, nationalist rhetoric, and not-so European colonialism.

**Hallyu** Do kyun Kim, Min-Sun Kim, 2011 A representative book of contemporary Korean cultural studies! This book introduces one remarkable media trend related to the influence of Korean media products in Asian countries and Western countries. Since the early 1990s, the popularity of Korean media

products, including television dramas, songs, and movies has skyrocketed in Asian countries and beyond. The enormous wave of popularity of Korean pop culture is referred to as Hallyu, the Korean Wave. According to earlier studies, the influence of Hallyu has been unprecedented, affecting the domestic culture and international relations of Asian countries and reducing the dominance of Hollywood in the Asian media market. Furthermore, it has been constructing a cross-national identity of ready consumers of Korean popular culture. Investigating this remarkable media phenomenon, this book examines the influence of Hallyu from its origin to the present and attempts to predict its future. Many scholars of communication, sociology, history, and international relations have produced a growing amount of literature and research on the subject of Hallyu over the last several years. However, so far, few efforts have synthesized the Hallyu phenomenon comprehensively or traced the influence of Hallyu for the last decade. Having observed the influence of Hallyu across national borders and the need to synthesize Hallyu research from diverse perspectives, the editors designed this book with two main purposes: the first purpose was to analyze Hallyu from as many diverse perspectives as possible, and the second purpose was to present Korean perspectives on the Hallyu phenomenon by providing international readers with analyses by Korean scholars.

**Masculinities and Culture** John Beynon, 2001-11-16 \* What is 'masculinity'? Is 'masculinities' a more appropriate term? \* How are masculinities socially, culturally and historically shaped? \* How are particular masculinities created, enacted and represented in specific settings? \* How can masculinities best be researched and theorized? *Masculinities and Culture* explores how 'masculinities', or ways of 'being a man', are anchored in time and place; the products of socio-historical and cultural circumstances. It examines the emergence of a masculinity fit for Empire in the mid to late nineteenth century and, by way of contrast, the more recent media-driven, commercial New Man and New Lad masculinity. The author considers some of the media discourses shaping masculinities today, and the formation of specific masculinities in specific settings (such as prisons, hospitals and schools) which both define, and in turn are defined by, strongly held conceptions of acceptable masculine behaviour. He concludes by reviewing a range of ways in which masculinities might be researched, from fieldwork and auto/biographical and life history approaches through to semiotics and the use of both film and literary texts. This lively text provides a comprehensive introduction to contemporary debates concerning masculinities as gendered constructions, along with the means of researching and theorizing them.

**Border Identities** Thomas M. Wilson, Hastings Donnan, 1998-01-22 This book offers fresh insights into the complex and various ways in which international frontiers influence cultural identities. Ten anthropological case studies describe specific international borders in Europe, Asia, Africa, and North America, and bring out the importance of boundary politics, and the diverse forms that it may take. As a contribution to the wider theoretical debates about nationalism, transnationalism, and globalization, it will interest to students and scholars in anthropology, political science, international studies and modern history.

Cultures of Masculinity Tim Edwards, 2004-08-02 Presenting a survey of the social, cultural and theoretical issues which surround and inform our understanding of masculinity, this book explores the interface between traditional sociological approaches and the work covered by more post-structural, media-driven or cultural perspectives. Edwards well known for his work on representations of masculinities, uses grounded examples of the job market and domestic violence to set his theoretical discussion. He argues that there is a need for more dialogue on men and masculinities between disciplines, and considers the validity of the concerns and anxieties which surround masculinity in the contemporary world through a range of key topics, including: the new man, the new lad and 'men's movements' men, masculinity and violence

marginalized masculinities: black masculinity and gay male sexuality queer theory, performativity and fashion cinema, representation and the body. One of the most comprehensive and progressive studies of modern masculinity available, this book will be essential reading for students of gender, culture and sociology.

**The Power of Place** Harm J. De Blij,2010 Harm de Blij contends in this book that geography continues to hold us all in an unrelenting grip and that we are all born into natural and cultural environments that shape what we become, individually and collectively.

*Branded Male* Mark Tungate,2008-02-03 The male market is exploding. Thanks to emerging social and cultural trends, men are becoming consumers to reckon with. In 1990 only 4% of men claimed to regularly use a skin care product. By 2015 the figure will have risen to 50%. *Branded Male* discusses the evolution of the male consumer and the desire of marketers to tap into the still underdeveloped male market. Crammed with facts and anecdotes, it analyzes how to effectively brand products and services for the male market. Using a typical modern male's weekday as a template and examining all the influences affecting him, *Branded Male* considers his exposure to brands and the ways marketers can exploit these channels, taking you through popular strategies for marketing to men. In his trademark style, Mark Tungate paints a portrait of the male consumer. From razor blades to beer, from aftershave to hotels, he finds out which marketing messages have the most impact on male wallets. Men's bank balances may never be the same again.

*Any Means to An End* Andrew R Welsh,2021-06-26 Winner of 2nd Prize in the 2012 Rosetta Press Literary Contest.Diaries are uncovered detailing the a year in the life of Richard Buchanan. He is an English Navy officer leading a gang of sailors through the blue water of the Caribbean to the grey of the Baltic. They wreak havoc on enemy shipping, and anyone crossing their path. Finding intrigue, murder and romance along the way, will they ever return to England?
