Will Buckingham

Lucy and the Rocket Dog Will Buckingham,2017-08-15 The unforgettable story of the bond between a budding scientist and her beloved dog, perfect for fans of A Wrinkle in Time and See You In the Cosmos. Lucy loves space. She loves to gaze up at the stars and bask in space's bigness and its here, there, and everywhere-ness. She loves it so much that she built a rocket ship in her backyard, hoping that one day she can use it to explore space herself. The ship is just Prototype I, though, so it's not ready to carry anyone into orbit yet. Or so she thinks. Laika doesn't give much thought to space—she is a dog, after all. The thing that Laika loves the most is Lucy. She loves Lucy so much that, one evening, she wanders into Prototype I looking for her—and is promptly launched into space. While Laika takes off on an intergalactic adventure, Lucy begins a lifelong scientific quest to bring her dog home. Told from the two friends' alternating perspectives and, in turns, heartbreaking and hilarious, this tale will win over anyone who has ever loved a pet, or who has looked at the stars and wondered just what might be going on in the here, there, and everywhere-ness. A Library Information Technology Association Excellence in Children's & Young Adult Science Fiction Notable Book "I wish I had this book when I was a kid! It brings you on a fun adventure through the universe and sneaks in some fascinating science along the way."—Emily Calandrelli, Correspondent on Bill Nye Saves the World Reminiscent of Roald Dahl's style . . . For those who might enjoy a dog book, a science book, or just a good story.--Kirkus Readers who have ever loved a dog and tinkers who dream of leaving the prototype stage of design will enjoy this tale of friendship and improbable interstellar canine time-bending.--SLJ

Drop It, Rocket! Tad Hills,2014 Rocket the dog is excited to discover new words with his teacher, but when they identify a red boot, he does not want to let it go.

Rocket Dog J. M. Napier,2018-06 Inspired by NASA, Elon Musk's SpaceX program, Elton John and some of the author's favorite books growing up (including Me and My Flying Machine, The Story of Ferdinand and The Big Orange Splot), Rocket Dog is - on its surface - a lighthearted and inspiring story about space exploration and the friendship between a red bull terrier named Stella and a white bull terrier named Carlos. But the book also touches on deeper issues, including the exploitation of animals for scientific discovery, the complexities of relationships and the conflict that many young children face as they try to figure out where they belong in the world. Rocket Dog allows children to use their imaginations and experience the wonders (and terrors) of space exploration through the eyes of a dog. The story communicates the importance of friendship and encourages children to believe in themselves and always shoot for the stars.
