**Stone Flood** Franz Hohler, 2014-08-11 This beautiful and melancholic novella, set in the Glarner mountains in Switzerland, is told from the viewpoint of a child whose innocence of the world is combined with an acute sense of the danger present beneath the harmony of nature. Seven-year-old Katharina Ryhner is sent up the mountain to stay with her grandmother while her mother gives birth to her sixth child. It rains everyday and all the talk is of the danger of landslides. The little girl worries. When the time comes to go home, Katharina, filled with an increasing and inexplicable sense of doom, refuses to leave. Then, hearing a deafening thunderclap, she looks down the valley: a huge chunk of the mountainside is hurtling towards her home.

**Salt & Stone** Victoria Scott, 2015-02-24 How far would you go to survive? In FIRE & FLOOD, Tella Holloway faced a dangerous trek through the jungle and a terrifying march across the desert, all to remain a Contender in the Brimstone Bleed for a chance at obtaining the Cure for her brother. She can't stop - and in SALT & STONE, Tella will have to face the unseen dangers of the ocean, the breathless cold of a mountain, and twisted new rules in the race. But what if the danger is deeper than that? How do you know who to trust when everyone's keeping secrets? What do you do when the person you'd relied on most suddenly isn't there for support? How do you weigh one life against another? The race is coming to an end, and Tella is running out of time, resources, and strength. At the beginning of the race there were one hundred twenty-two Contenders. As Tella and her remaining friends start the fourth and final part of the race, just forty-one are left . . . and only one can win. Victoria Scott's stunning thriller will leave readers' hearts racing!

Stone Age Tales: The Great Flood Terry Deary, 2018-03-08 From the best-selling author of

Horrible Histories... 9500 years ago, as the Ice Age is ending... Jay's grandfather is old, maybe twice as many summers as he has fingers and toes, but he is wise too. Jay loves to sit in their house by the river and listen to his stories of the Great Spirit and the Earth Mother. But outside, danger is at their door; food is getting scarcer, tribes are at war, and all the time the river water is rising... A brand new and exciting tale, based on real historical and archaeological evidence, this story is full of Terry Deary's imaginative style and dry wit. Book band: Grey

Fire & Flood Victoria Scott,2014-02-25 A pulse-pounding thrill ride, where a teen girl must participate in a breathtaking race to save her brother's life--and her own. Time is slipping away. . . . Tella Holloway is losing it. Her brother is sick, and when a dozen doctors can't determine what's wrong, her parents decide to move to the middle of nowhere for the fresh air. She's lost her friends, her parents are driving her crazy, her brother is dying--and she's helpless to change anything. Until she receives mysterious instructions on how to become a Contender in the Brimstone Bleed. It's an epic race across jungle, desert, ocean, and mountain that could win her the prize she desperately desires: the Cure for her brother's illness. But all the Contenders are after the Cure for people they love, and there's no guarantee that Tella (or any of them) will survive the race. The jungle is terrifying, the clock is ticking, and Tella knows she can't trust the allies she makes. And one big question emerges: Why have so many fallen sick in the first place? Victoria Scott's breathtaking

novel grabs readers by the throat and doesn't let go.

*Before the Flood* Ian Wilson, 2014-04-01 In the six hundredth year of Noah's life, in the second month, the seventeenth day of the month, the same day were all the fountains of the great deep broken up, and the windows of heaven were opened. And the rain was upon the earth forty days and forty nights. The great Biblical flood so described in Genesis has long been a subject of fascination and speculation. In the 19th century the English archbishop James Ussher established it as having happened in the year 2348 B.C., calculating what was then taken as the age of the earth and

working backward through the entire series of Biblical begats. Proof of the flood, which is an element of so many creation myths, began in earnest when archaeology started connecting physical evidence with Biblical story. The dream of proving the Bible as literal truth has proven irresistible, producing both spurious claims and serious scholarship. As best-selling historian Ian Wilson reveals in this fascinating new book, evidence of a catastrophic event has been building steadily, culminating in the work of William Ryan and Walter Pitman. Several years ago Ryan and Pitman had posited that around 5600 BC there had an inundation in the Black Sea of such proportions that it turned the freshwater lake into a saltwater lake by connecting it to the Mediterranean. Were that true, they estimated that there would be signs of civilization 300 feet below the surface of the Black Sea. In September 2000, using his famous underwater equipment, Robert Ballard (of SS Titanic fame) explored parts of the Black Sea near the Turkish shore and found the remains of wood houses. There had been a flood, and whether God's wrath or not it had destroyed everything around it for hundreds of miles, killing tens of thousands of people. Exploring all the archeological evidence, Wilson explains how the Black Sea flood and the Biblical flood have to be connected. In particular, Wilson argues, learnedly and persuasively, that the center of the civilized world was further to the West than previously thought-not in Egypt or Mesopotamia but in what is today Northern Turkey. The earliest, antediluvian civilizations may have migrated east into those places we have come to call the cradles of civilization, forced by the Black Sea flood to create new settlements. Scrupulous in its details and compelling in its sweep, *Before the Flood* is narrative detective history at its most provocative, contributing a vital new chapter to the debate about the Bible and origins of the modern world.
