Samuel Augustus Mitchell

The Indonesia Reader Tineke Hellwig, Eric Tagliacozzo, 2009-03-13 Indonesia is the world's largest archipelago, encompassing nearly eighteen thousand islands. The fourth-most populous nation in the world, it has a larger Muslim population than any other. The Indonesia Reader is a unique introduction to this extraordinary country. Assembled for the traveler, student, and expert alike, the Reader includes more than 150 selections: journalists' articles, explorers' chronicles, photographs, poetry, stories, cartoons, drawings, letters, speeches, and more. Many pieces are by Indonesians; some are translated into English for the first time. All have introductions by the volume's editors. Well-known figures such as Indonesia's acclaimed novelist Pramoedya Ananta Toer and the American anthropologist Clifford Geertz are featured alongside other artists and scholars, as well as politicians, revolutionaries, colonists, scientists, and activists. Organized chronologically, the volume addresses early Indonesian civilizations; contact with traders from India, China, and the Arab Middle East; and the European colonization of Indonesia, which culminated in centuries of Dutch rule. Selections offer insight into Japan's occupation (1942–45), the establishment of an independent Indonesia, and the post-independence era, from Sukarno's presidency (1945–67), through Suharto's dictatorial regime (1967–98), to the present Reformasi period. Themes of resistance and activism recur: in a book excerpt decrying the exploitation of Java's natural wealth by the Dutch; in the writing of Raden Ajeng Kartini (1879–1904), a Javanese princess considered the icon of Indonesian feminism; in a 1978 statement from East Timor objecting to annexation by Indonesia; and in an essay by the founder of Indonesia's first gay activist group. From fifth-century Sanskrit inscriptions in stone to selections related to the 2002 Bali bombings and the 2004 tsunami, The Indonesia Reader conveys the long history and the cultural, ethnic, and ecological diversity of this far-flung archipelago nation.

The History of Sumatra William Marsden, 2022-11-21 The History of Sumatra is a book by William Marsden. It provides the reader with an account of the leadership, laws, traditions and manners of the native inhabitants of Sumatra. Excerpt: The most obvious division, and which has been usually made by the writers of voyages, is that of Mahometan inhabitants of the sea-coast, and Pagans of the inland country. This division, though not without its degree of propriety, is vague and imperfect; not only because each description of people differ considerably among themselves, but that the inland inhabitants are, in some places, Mahometans, and those of the coast, in others, what they term Pagans.

Firewalls Don't Stop Dragons Carey Parker, 2018-08-24 Rely on this practical, end-to-end guide on cyber safety and online security written expressly for a non-technical audience. You will have just what you need to protect yourself—step by step, without judgment, and with as little jargon as possible. Just how secure is your computer right now? You probably don't really know. Computers and the Internet have revolutionized the modern world, but if you're like most people, you have no clue how these things work and don't know the real threats. Protecting your computer is like defending a medieval castle. While moats, walls, drawbridges, and castle guards can be effective, you'd go broke trying to build something dragon-proof. This book is not about protecting yourself from a targeted attack by the NSA; it's about armoring yourself against common hackers and mass surveillance. There are dozens of no-brainer things we all should be doing to protect our computers and safeguard our data—just like wearing a seat belt, installing smoke alarms, and putting on sunscreen. Author Carey Parker has structured this book to give you maximum benefit with minimum effort. If you just want to know what to do, every chapter has a complete checklist with step-by-step instructions and pictures. The book contains more than 150 tips to make you and your family safer. It includes: Added steps for Windows 10 (Spring 2018) and Mac OS X High Sierra Expanded coverage on mobile device safety Expanded coverage on safety for kids online More than 150 tips with complete step-by-step instructions and pictures What You'll Learn Solve your password problems once and for all Browse the web safely and with confidence Block online tracking and dangerous ads Choose the right antivirus software for you Send files and messages securely Set up secure home networking Conduct secure shopping and banking online Lock down social media accounts Create automated backups of all your devices Manage your home computers Use your smartphone and tablet safely Safeguard your kids online And more! Who This Book Is For Those who use computers and mobile devices, but don't really know (or frankly care) how they work. This book is for people who just want to know what they need to do to protect themselves—step by step, without judgment, and with as little jargon as possible.

History of Padang Lawas 1 Cahier d’Archipel 42,2014-04-30 For the last century and a half, the name of Padang Lawas, in the present province of North Sumatra, Indonesia, has been associated with a number of isolated Hindu-Buddhist remains located in the middle of the island. These remains are all the more remarkable because they form the largest Indianized archaeological complex yet to be seen in the northern half of Sumatra. This book is the latest contribution to the accumulation of knowledge on the ancient history of Padang Lawas. The fifteen studies brought together here present the main results of the archaeological research programme conducted from 2006 until 2010 by the Ecole francaise d’Extrême-Orient in cooperation with the Indonesian National Centre for Archaeological Research. This programme was focused on one of the sites known in this region, namely Si Pamutung, presently located near the confluence of the Bammun and Batang Pane Rivers. These contributions are devoted firstly to the directly visible features of Si Pamutung, namely its environmental setting and its Hindu-Buddhist remains made of brick and stone.
