Hermann Gundert

Signs, Omens and Superstitions Astra Cielo,2020-10-16 Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Secrets of a Super Hacker Nightmare,1994 Secrets of a Super Hacker is an extraordinary manual on the methods of hacking. It covers brute force attacks, social engineering and reverse social engineering, spoofing, superuser abuser, screen stealing, data delivery, stair stepping, and more. The Super Hacker reveals all his secrets: Trojan horses, viruses, worms, trap doors, and dummy accounts. No system can withstand the assaults of The Nightmare. And no person concerned with computer security should miss this amazing manual of mayhem.

**History of the Rise and Influence of the Spirit of Rationalism in Europe** William Edward Hartpole Lecky,1919

Capitalist Patriarchy and the Case for Socialist Feminism Zillah R. Eisenstein,2019-06-01 Fourteen provocative papers on the oppression of women in capitalist countries, along with three articles on the subordinate position of women in two communist countries, Cuba and China. These important, often path-breaking articles are arranged in five basic sections, the titles of which indicate the broad range of issues being considered: Introduction; motherhood, reproduction, and male supremacy; socialist feminist historical analysis; patriarchy in revolutionary society; socialist feminism in the United States. The underlying thrust of the book is toward integrating the central ideas of radical feminist thought with those pivotal for Marxist or socialist class analysis.

Nikola Jokic: the Inspiring Story of One of Basketball's Rising Stars Clayton Geoffreys,2019-03-02 Learn the Inspiring Story of the Denver Nuggets' Star Center Nikola Jokic! Read on your PC, Mac, smartphone, tablet or Kindle device! One of many riveting reads in the Basketball Biography Books series by Clayton Geoffreys. In Nikola Jokic: The Inspiring Story of One of Basketball's Rising Stars, you will learn the incredible story of one of basketball's most exciting young centers, Nikola Jokic. Once just a second round pick in the 2014 Draft, Jokic has quickly become the future of the Denver Nuggets franchise, most recently securing his first All-Star selection. He is one of the best recent international players to transition their game successfully into the NBA. Still so young, Jokic has his prime years ahead of him as he continues to become a stronger and more skillful player. Time will tell as to whether his leadership abilities and talents on the court can translate to championships, but at the time of this writing, he is just twenty-four years old. A renaissance has occurred for the Nuggets organization, and Nikola Jokic is largely a reason for it. Get this book today if you want to know the inspiring story behind basketball's latest rising star. Perfect for sports fans of all ages. Here is a preview of what is inside this Nikola Jokic biography book: Childhood and Early Life Early Professional Career in Serbia Getting Drafted, Rookie Season, The Franchise Star, The MVP Contender International Career Jokic's Personal Life Impact on Basketball Legacy and Future J An excerpt from this Nikola Jokic biography: The influx of international talent into the NBA has contributed to the way the game has rapidly evolved. From a game that relied on size and athleticism, the NBA now has a lot of players that have become stars in their own right thanks to their rare combination of skills. It is now imperative that you come into the league with a complete skillset if you want to be a star in the NBA. But this trend is nothing new. We saw the foundations of this evolution back in the late '90s and early 2000s when international players brought something new to the NBA. We saw European players bring the Euro-step, which has now become a favorite move among elite NBA superstars. Then there was Dirk Nowitzki, a seven-footer that could hit jump shots like a shooting guard. We have also seen particularly big players such as Hedo Turkoglu and Peja Stokajovic who have the size of power forwards but the skills of guards. That trend has paved the way for the unicorn movement in the NBA. Unicorns are considered to be players 6'10 or above but with the skills of guards and wingmen. The rise of unicorns has led to matchup nightmares in the NBA and the evolution of basketball itself. In that regard, among some of the best unicorns we see today are Kristaps Porzingis, Giannis Antetokounmpo, and Ben Simmons. Though most of the unicorns we see in the league today are still international players, even the Americans have gone on to become a lot more skillful for their size. Now we see 6'11 Kevin Durant dribbling and shooting like a guard. There is also the 6'10 Anthony Davis, who moves with the grace of a wingman. And then there are seven-foot centers such as Karl-Anthony Towns, Joel Embiid, and DeMarcus Cousins shooting three-pointers. *Through the Russian Revolution* Albert Rhys Williams,1921

*English Fairy Tales* Joseph Jacobs,2018-10-16 English Fairy Tales By Joseph Jacobs A word or two as to our title seems necessary. We have called our stories Fairy Tales though few of them speak of fairies. The same remark applies to the collection of the Brothers Grimm and to all the other European collections, which contain exactly the same classes of tales as ours. Yet our stories are what the little ones mean when they clamour for Fairy Tales, and this is the only name which they give to them. One cannot imagine a child saying, Tell us a folk-tale, nurse, or Another nursery tale, please, grandma. As our book is intended for the little ones, we have indicated its contents by the name they use. The words Fairy Tales must accordingly be taken to include tales in which occurs something fairy, something extraordinary--fairies, giants, dwarfs, speaking animals. It must be taken also to cover tales in which what is extraordinary is the stupidity of some of the actors.

*Devin Booker: the Inspiring Story of One of Basketball's Rising Shooting Guards* Clayton Geoffreys,2018-11-13 Learn the Inspiring Story of the Phoenix Suns' Star Guard Devin Booker! Read on your PC, Mac, smartphone, tablet or Kindle device. Limited time offer: If you buy the print edition, you can keep the Kindle edition for yourself! In Devin Booker: The Inspiring Story of One of Basketball's Rising Shooting Guards, you will learn the incredible story of one of basketball's most exciting young shooting guards, Devin Booker. As the thirteenth overall pick in the 2015 Draft, Devin Booker become a prominent piece of the Suns franchise as they continue rebuilding post the Steve Nash and Mike D'antoni era. It's no surprise the Suns extended a five-year maximum contract for Booker in the summer of 2018. After all, he has been one of their most consistent players the last few years. At the time of this writing, expectations are high for Booker looking ahead. There is still a great deal of potential to actualize at the young age of twenty-two. It'll be exciting to follow Booker's journey as he continues to grow in the years to come. Here is a preview of what is inside this book: Childhood and Early Life High School and College Career Getting Drafted, Rookie Season, Breakout Year, Rise to Stardom The Max Player, Phoenix's New Face of the Franchise Booker's Personal Life Impact on Basketball Legacy and Future An excerpt from the book: In today's NBA, there are two things about a player that will always get scouts, coaches, and general managers raving. No, we are not talking about experience and stats. We are talking about youth and potential. When those two aspects meet in one prospect, it is almost impossible for any scout or coach to pass on a player like that. Time and time again, it has been proven that young players

with potential will most likely end up not only as stars, but game-changers. In 1995, the Minnesota Timberwolves did not make a mistake when they drafted an 18-year-old Kevin Garnett out of high school even though he had not played a single college game. The same could be said about Kobe Bryant, who got passed on by 12 teams in 1996. Any of those teams would have drafted him top overall had that draft been done over again. And we all know what happened in 2003 when the 18-year-old phenom LeBron James was taken top overall. There is no need to expound on the career LeBron has carved since the teenager first stepped on an NBA court. Obviously, all of those players were drafted at a very young age. But age was not the only factor as to why those teams took their chances when they drafted players that had not proven themselves in college. What was apparent was that they did not need to dominate in college because they already had enough potential to become stars in the NBA. But young and talented players do not always make a quick and easy transition to the pro leagues. While it only took until their second season in the league for Garnett, Bryant, and James to establish themselves as All-Stars, there have been some high school-to-pro players that did not become stars themselves. Nevertheless, teams will always gamble on a young player with a lot of potential because they know that, if they can hone them the right way, they can eventually pay dividends. **Cultural Mobilities Between Africa and the Caribbean** Birgit Englert,Barbara Gföllner,Sigrid Thomsen,2021-06-17 This book investigates the cultural connections between Africa and the Caribbean, using the lens of Mobility Studies to tease out the shared experiences between these highly diverse parts of the world. Despite their heterogeneity in terms of cultures, languages, and political and economic histories, the connections between the African continent and the Caribbean are manifold, stretching back to the trans-Atlantic slave trade. The authors in this book look to the past as well as to the present, focusing on the manifold mobile connections between the regions' subjects, objects, ideas, texts, images, sounds, and beliefs. In doing so, the book demonstrates that mobility extends beyond just the movement of people, and that we can also see mobility in objects and ideas, travelling either in a material sense or in imaginary terms, in physical as well as in virtual spaces. Bringing the transdisciplinary fields of African Studies, Caribbean Studies, and Mobility Studies into dialogue, this book will be of interest to students and scholars across the humanities and social sciences. The Open Access version of this book, available at <http://www.taylorfrancis.com>, has been made available under a Creative Commons Attribution-Non Commercial (CC-BY-NC) 4.0 license. Funded by Universität Wien.

**The Dulce Wars** Branton,1999 IN THE CORNER OF A SMALL TOWN IN AMERICA'S SOUTHWEST SOMETHING VERY STRANGE IS GOING ON IS AN ALIEN FIFTH COLUMN ALREADY ACTIVE ON EARTH PREPARING TOTAL CONQUEST VIA IMPLANTATION'S AND MIND CONTROL? According to the author -- who only used his first name for privacy reasons (and because he is deathly afraid ) -- The repercussions of what is taking place here will soon be felt throughout the whole country, when the beast has reached out with its deadly tentacles to invade our seemingly impregnable fortress, causing it to crumble and fall. Did U.S. Military Forces perish recently in hand-to-hand combat with a group of hostile Greys who subsequently seized control of one of our Top-Secret underground bases? And has the New World order established an unholy alliance with this group of ETs? In Dulce, New Mexico, seemingly everything has gone haywire, becoming the epicenter of: Cattle mutilation phenomena. . .Energy Grids. . .Secret Societies. . .Underground Anomalies. . .Conspiracies Between Townsfolk and Outsiders. . . Unexplained Legends and Mythology Concerning Various Lost Civilizations. . . Geomagnetic Enigmas. . .Abductions and Missing Time. . .Hostile Alien Beings. . .Peculiar Sounds and Movements Coming From Beneath The Earth. As discussed on the History Channel, Coast to Coast, and TheParaCast.Com

The Science of Fairy Tales Edwin Sidney Hartland,1891

*A History of Moray and Nairn* Charles Joseph Galliari Rampini,1897

**The Arab World** Halim Barakat,1993-10-14 This wide-ranging examination of Arab society and culture offers a unique opportunity to know the Arab world from an Arab point of view. Halim Barakat, an expatriate Syrian who is both scholar and novelist, emphasizes the dynamic changes and diverse patterns that have characterized the Middle East since the mid-nineteenth century. The Arab world is not one shaped by Islam, nor one simply explained by reference to the sectarian conflicts of a mosaic society. Instead, Barakat reveals a society that is highly complex, with many and various contending polarities. It is a society in a state of becoming and change, one whose social contradictions are at the root of the struggle to transcend dehumanizing conditions. Arguing from a perspective that is both radical and critical, Barakat is committed to the improvement of human conditions in the Arab world.

Giannis Antetokounmpo Jackson Carter,2020-02-11 On a sunny, hot day two boys sat on the basketball court of a park in a run-down section of Greece. They casually chatted and laughed as one took off his shoes and gave them to the other boy so that he could have his turn playing the sport it seemed like their long, athletic bodies were built for. But with no formal training, they were clumsy and awkward. No one would have thought to look at the two boys that one of them was destined to be the MVP of the NBA.Giannis Antetokounmpo tells the story of one of the best athletes in the game today, Giannis. From selling trinkets on Greek streets to thrilling sold-out arenas, Giannis has truly persevered and made a name for himself and a life for his family. In Giannis, you will hear the whole story and be inspired to overcome the adversity that you are facing in your life!

*Fractals and Chaos* Benoit Mandelbrot,2013-06-29 Just 23 years ago Benoit Mandelbrot published his famous picture of the Mandelbrot set, but that picture has changed our view of the mathematical and physical universe. In this text, Mandelbrot offers 25 papers from the past 25 years, many related to the famous inkblot figure. Of historical interest are some early images of this fractal object produced with a crude dot-matrix printer. The text includes some items not previously published.

**Gypsy Sorcery and Fortune-telling** Charles Godfrey Leland,1891 Book may have numerous typos, missing text, images, or index. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. 1891. Excerpt: ... CHAPTER XIV.' A GYPSY MAGIC SPELL. HOKKANI BASO LELLIN DUDIKABIN, OR THE GREAT SECRET CHILDREN'S RHYMES AND INCANTATIONS TEN LITTLE INDIAN BOYS AND TEN LITTLE ACORN GIRLS OF MARCELLUS BURDI- GALENSIS. HERE is a meaningless rhyme very common among children. It is repeated while counting off --or out --those who are taking part in a game, and allotting to each a place. There are many versions of it, but the following is exactly word for word what I learned when a boy in Philadelphia: -- Ekkeri (or ickery), akkery, u-kcry an, Fillisi', follasy, Nicholas John, Queebee - quabee -- Irishman (or, Irish Mary), Stingle 'em--stangle 'em--buck! With a very little alteration This chapter is reproduced, but with much addition, from one in my work entitled The Gypsies, published in Boston, 1881, by Houghton and Mifflin. London: Trubner Sc Co. The addition will be the most interesting portion to the folk-lorist. in sounds, and not more than children make of these verses in different places, this may be read as follows: -- Ek-keri (yekori) akairi, you kair an, Fillissin, follasy, Nakelas jan Kivi, kavi--Irishman, Stini, stani--buck! This is, of course, nonsense, but it is Romany or gypsy nonsense, and it may be thus translated very accurately: -- First--here--you begin! Castle, gloves. You don't play! Go on! Kivi--a kettle. How are you? Stdni, buck. The common version of the rhyme begins with-- One--ery--two--ery, ickery an. But one-ery is an exact translation of ek-keri; ek, or yek, meaning one in gypsy. (Ek-orus,

or yek-korus, means once). And it is remarkable that in-- Hickory dickory dock, The rat ran up the clock, The clock struck one, And down he run, Hickory dickory dock. We have hickory, or ek-keri, again followed by a significant one. It may be observed that while my firs...
