**Is English an Asian Language?** Andy Kirkpatrick, Wang Lixun, 2020-10-29 A comprehensive account of how English is being used and reshaped by multilingual Asian speakers to fit their everyday needs.

[Hip Hop around the World \[2 volumes\]](#) Melissa Ursula Dawn Goldsmith,Anthony J. Fonseca,2018-12-01 This set covers all aspects of international hip hop as expressed through music, art, fashion, dance, and political activity. Hip hop music has gone from being a marginalized genre in the late 1980s to the predominant style of music in America, the UK, Nigeria, South Africa, and other countries around the world. Hip Hop around the World includes more than 450 entries on global hip hop culture as it includes music, art, fashion, dance, social and cultural movements, organizations, and styles of hip hop. Virtually every country is represented in the text. Most of the entries focus on music styles and notable musicians and are unique in that they discuss the sound of various hip hop styles and musical artists' lyrical content, vocal delivery, vocal ranges, and more. Many additional entries deal with dance styles, such as breakdancing or b-boying/b-girling, popping/locking, clowning, and krumping, and cultural movements, such as black nationalism, Nation of Islam, Five Percent Nation, and Universal Zulu Nation. Country entries take into account politics, history, language, authenticity, and personal and community identification. Special care is taken to draw relationships between people and entities such as mentor-apprentice, producer-musician, and more.

*Language, Media and Globalization in the Periphery* Sender Dovchin, 2018-05-11 The title seeks to show how people are embedded culturally, socially and linguistically in a certain peripheral geographical location, yet are also able to roam widely in their use and takeup of a variety of linguistic and cultural resources. Drawing on data examples obtained from ethnographic fieldwork trips in Mongolia, a country located geographically, politically and economically on the Asian periphery, this book presents an example of how peripheral contexts should be seen as crucial sites for understanding the current sociolinguistics of globalization. Dovchin brings together several themes of wide contemporary interest, including sociolinguistic diversity in the context of popular culture and media in a globalized world (with a particular focus on popular music), and transnational flows of linguistic and cultural resources, to argue that the role of English and other languages in the local language practices of young musicians in Mongolia should be understood as linguascapes. This notion of linguascapes adds new levels of analysis to common approaches to sociolinguistics of globalization, offering researchers new complex perspectives of linguistic diversity in the increasingly globalized world.

Mongolian Music, Dance, & Oral Narrative Carole Pegg, 2001 This book celebrates the power of music, dance, and oral narrative to create identities by imaginatively connecting performers and audiences with ethnic and political groupings, global and sacred landscapes, histories and heroes, spirits and gods. Three distinct cultural eras of Mongolian society are represented. Many Mongols are now performing publicly the diverse traditions of Old Mongolia that they practised in private following the communist revolution of 1921; some are perpetuating the Soviet transformations of those traditions introduced prior to 1990; and yet others are dipping their curly-toed boots into new performance arts as they revel in musical encounters on the global stage. By highlighting the sheer variety of repertoires, this book illustrates the rich diversity of Mongolia's peoples and performance arts. An accompanying compact disc contains musical examples linked to the text. Carole Pegg is ethnomusicology editor for the New Grove Dictionary of Music and Musicians and associate lecturer in social anthropology at the University of Cambridge, England. As an ethnomusicologist and musician she has been working with nomadic groups in remote areas of Mongolia and Inner Mongolia, China, and with urban Mongols in both countries since 1987. She has also toured with Mongol musicians in England and Hong Kong.

*Mongolia and the United States* Jonathan S. Addleton, 2013-05-01 Former U.S. ambassador Jonathan Addleton provides a pioneering firsthand look at the remarkable growth of civil society and diplomatic ties between two countries separated by vast distances yet sharing a growing list of strategic interests and values. While maintaining positive ties with Russia and China, its powerful neighbors and still-dominant trading partners, Mongolia has sought third neighbors to help provide balance, including Canada, Japan, Korea, European nations, and the United States. For its part, the United States has supported Mongolia as an emerging democracy while fostering development and commercial relations. People-to-people ties have significantly expanded in recent years, as has a security partnership that supports Mongolias emergence as a provider of military peacekeepers under the U.N. flag in Sierra Leone, Chad, Kosovo, Darfur, South Sudan, and elsewhere. While focusing on diplomatic relations over the last quarter century, Addleton also briefly describes American encounters with Mongolia over the past 150 years. More recently, Mongolia has emerged as a magnet for foreign investment, making it one of the worlds fastest growing economies.

Dilwale Dulhania le Jayenge: (The "Brave-Hearted Will Take the Bride") Anupama Chopra, 2019-07-25 Dilwale Dulhaniya Le Jayenge ('The Brave-hearted Will Take the Bride'), universally known as DDLJ, opened to huge popular acclaim in India in 1995. This work points out that it is a paradoxical film which affirms old-fashioned values of pre-marital chastity and family authority, affirming the idea that Westernization need not affect an essential Indian identity.

Movies, Masculinity, and Modernity Steve Derne, 2000-03-30 Argues that films help Indian men handle their ambivalences about modernity by rooting their sense of Indianness in women's acceptance of traditional food habits, clothing, and gender subordination.
