First, Fast, Fearless is a practical guide for the business leader who wants to learn from the best of the best how to build and lead effective teams in conditions of volatility, uncertainty, complexity, ambiguity, and constant change. As one of the most experienced trainers in Navy SEAL history, "Iron Ed" Hiner reveals how to: Develop your personal leadership brand—and make it your credo Create mission-aligned teams that operate as true comrades Establish and communicate crystal-clear goals Enhance team innovation and problem solving under pressure Combat the enemies of copious bureaucracy and inadequate resources Rise to the call of leadership when it counts most You may not be facing jihadists in the mountains of Afghanistan and the streets of Iraq like Hiner did. But just as his SEALs depended on him to lead them on successful missions and safe passage home, your people are counting on you to empower them, defeat the competition, and forge paths to greater success. Be a First, Fast, Fearless leader!

**Accidental Empires** Robert X. Cringely, 1996-09-13 Computer manufacturing is--after cars, energy production and illegal drugs--the largest industry in the world, and it's one of the last great success stories in American business. *Accidental Empires* is the trenchant, vastly readable history of that industry, focusing as much on the astoundingly odd personalities at its core--Steve Jobs, Bill Gates, Mitch Kapor, etc. and the hacker culture they spawned as it does on the remarkable technology they created. Cringely reveals the manias and foibles of these men (they are always men) with deadpan hilarity and cogently demonstrates how their neuroses have shaped the computer business. But Cringely gives us much more than high-tech voyeurism and insider gossip. From the birth of the transistor to the mid-life crisis of the computer industry, he spins a sweeping, uniquely American saga of creativity and ego that is at once uproarious, shocking and inspiring.

Crossing the Line Kareem Rosser, 2021-02-09 A marvelous addition to the literature of inspirational sports stories. - Booklist (Starred Review) This remarkable and inspiring story shines. - Publishers Weekly (Starred Review) Crossing the Line will not just leave you with hope, but also ideas on how to make that hope transferable" - New York Times bestselling author Wes Moore An inspiring memoir of defying the odds from Kareem Rosser, captain of the first all-black squad to win the National Interscholastic Polo championship. Born and raised in West Philadelphia, Kareem thought he and his siblings would always be stuck in "The Bottom", a community and neighborhood devastated by poverty and violence. Riding their bicycles through Philly's Fairmount Park, Kareem's brothers discover a barn full of horses. Noticing the brothers' fascination with her misfit animals, Lezlie Hiner, founder of The Work to Ride stables, offers them their escape: an after school job in exchange for riding lessons. What starts as an accidental discovery turns into a love for horseback riding that leads the Rossers to discovering their passion for polo. Pursuing the sport with determination and discipline, Kareem earns his place among the typically exclusive players in college, becoming part of the first all-Black national interscholastic polo championship team—all while struggling to keep his family together. Crossing the Line: A Fearless Team of Brothers and the Sport That Changed Their Lives Forever is the story of bonds of brotherhood, family loyalty, the transformative connection between man and horse, and forging a better future that comes from overcoming impossible odds.
