**Comic Book CPR** Gregory Defoor,Deangelo Long,John Suter,2019-06-24 The free online guide written by KaptainMyke has been released for the first time in print! Learn the hidden underground secrets of cleaning and pressing comic books. This book contains all of the vast information covered online at [www.kaptainmyke.com](http://www.kaptainmyke.com) and includes all new, never before seen material. Properly photograph and handle comic books to prevent damage. Obtain the highest grades possible when submitting to grading companies. Learn how to prescreen and inspect comic books with precision. Know the difference between pressable and unpressable defects. Learn about restoration detection and how you can avoid potential risks. Become informed on the dangers of bad pressing and what you can do to prevent damage to comic books. The cleaning and stain removal tips inside will provide extra value to your books. This book is filled with full color pages that include tips and real world examples for your review. Fix your mistakes and prevent future potential mistakes as you practice. Utilize and follow guidance from formula pages based off year and type of paperstock. Inspection forms, a flow chart and pressing matrix diagram are included as brand new content to guide you along every step of the learning process. All pages are color coded and easy to understand for anyone who has never attempted cleaning or pressing comic books. Suppose you could tell if a graded comic book has been cleaned and pressed - without ever having to open it? What if there were grading notes that could immediately give you clues for pressing potential? This book covers all of that and more! Everything included inside this book guarantees a clean blue universal graded label using no restoration techniques or tricks. You are guaranteed to improve the condition and grade of any comic book using the procedures outlined in this guide. If you collect comic books, this book is for you.

HORSEMAN'S GT TACK & EQUIPMENT: F Cynthia McFarland,2013-08-06 Horse gear must fit well to best function with the horse's body and movement. Although Horseman's Guide to Tack and Equipment details available options for individual pieces of equipment, the book isn't a buying guide for purchasing equipment, but a usage guide explaining how to attain the best riding results with various items of gear. Each chapter addresses a piece of equipment, such as a saddle, or family of items, such as ground-working equipment; provides an expert opinion on how best to adjust the equipment for a horse's build and range of motion; and provides, if applicable, event-specific considerations when using that equipment. Equipment care and common equipment-fitting mistakes are addressed in sidebars.
