Take Off Your Clothes Michael Sean Erickson,2016-01-05 We all have a private space. It may be the inside of our bedroom after hours. It may be the inside of our automobile, when driving down a two-lane highway to nowhere. Or maybe, it is that inscrutable part of our psyches that even our loved ones find mysterious and, at times, unsettling. Now, suppose we lose that private space. We awaken from a dream, sit up on our elbows, and see a pair of blank eyes staring back at us from the other side of our bedroom window. Although we had lowered our blinds before sliding beneath the sheets, there is just enough space in between two of them for our innermost fears to be realized. We are not alone. We have no privacy. The eyes condemn us to hell, and deep down we fear that we may not be able to slip out from that horrible fate. Can Billy Ray Blaise unlock the mystery behind a horrible crime, before those penetrating eyes unlock him? Can Detective Ringwood stay one step ahead of his superiors in the Beverly Police Department, so that he can retire with his gold watch no matter how closely they watch him? And what about our friend, Walter Whipple? The eyes have been doing a real number on him since God knows when. Can he grasp the reins of his own life, before those eyes observe the madness just beneath his civilized exterior? What about the rest of us? Can we keep our secrets, our private spaces, when the night stalker sees us naked and so moves in for the kill. You are not sure. Well, take off your clothes, slip under your blanket, say your prayers, and then see who stares back at you in the night.

Mid-Life Ex-Wife Stella Grey,2017-05-02 “The literary equivalent of the When Harry Met Sally line, ‘tell me I’ll never be out there again’.” —JoJo Moyes, #1 New York Times bestselling author of *Me Before You* Nora Ephron meets Bridget Jones's Diary in Guardian columnist Stella Grey’s heartrendingly honest, witty memoir about her online odyssey to find real love in a virtual world. Singers may croon about love being lovelier the second time around, but it can also be far more complicated. When Stella Grey’s husband leaves her for another woman, she fears she'll be unhappy and alone for the rest of her life. But daytime vodka-drinking and ice-cream are only short-term consolations. Realizing that she needs to take her future into her own hands, Stella dives into the world of online dating. What follow are 693 days of hilarious, depressing, and baffling encounters

that unfold both in person and online. Stella quickly discovers that the more perfect a man appears on her screen, the warier she should be. It's a game of chance, with some players perfectly willing to lie to get what they want, whether that's a lifetime of love or a very brief encounter. Amid flirty emails, Skype chats, and awkward small talk over glasses of bad wine (which may or may not lead to awkward sex), Stella struggles to remain optimistic. To succeed, does she have to redefine the kind of man she's looking for—or change the kind of woman she is? Funny, raw, and heartwarming, this book is a brutally honest account of the world of online dating—a world which so many of us are a part of, no matter our age—drawn from Stella's hugely popular Guardian column, "Mid-life Ex-Wife" (and expanded with new material) about her search for a second chance at love.
