\$100M Offers: How to Make Offers So Good People Feel Stupid Saying No Alex

Hormozi,2021-07-13 I took home more in a year than the CEOs of McDonald's, IKEA, Ford, Motorola, and Yahoo combined as a kid in my 20s using the \$100M Offers method. It works. And it will work for

you. Not that long ago, though, my business had gotten so bad that I literally couldn't even give my services away for free. At the end of each month, I would look at my bank account hoping to see progress (but there wasn't). I knew something had to change...but what? Over the next 48 months, I went from losing money to making \$36 for every \$1 spent. In that time period, we generated over \$120,000,000 across four different industries: service, ecommerce, software, and brick and mortar. But, unlike everyone else, we didn't have great funnels, great ads, or a wealthy niche. In fact, we didn't even send emails until we had crossed \$50M in sales. Instead, we were able to do this one thing really well: We created offers so good, people felt stupid saying no. Here's exactly what this book will show you how to do: How to charge a lot more than you currently are The tiny market, big money process we use to laser focus on niche markets overflowing with cash The "unfair" pricing formula: How we multiplied our pricing by 100 (and got more people to say yes...for real) The value flip...so you never get price compared again (That's a promise.) The virtuous cycle of price: Use it to outspend your competition (for good) while using your product to attract the best talent. How to make your product so good, prospects find a way to pay for it The unbeatable value equation: to make what you sell worth more than your prospects have ever received The delivery cube: to make delivering your products and services cost less but provide more The trim and stack hack: to maximize profit using the absolute best delivery methods. (This has never been shared publicly and was how we made \$17m in profit on \$28m in revenue in a year when I was 28 years old) How to enhance your offer so much, prospects buy without hesitating The scarcity stack: How to use the three different types of scarcity in every offer you make (without lying) to get people to buy the moment you ask The "everyday" urgency blueprint: to get prospects to buy right now, using everyday life to create real, ethical time pressure Unbeatable bonuses...and watch your prospects' hesitations melt away as they begin reading their credit cards to you before you even finish! God-mode guarantees: So good they make anyone say yes (even people who would never normally consider buying). I'll show you how to stack and layer all four types of guarantees together. I even give you my 13 favorite guarantees word-for-word to swipe for yourself. Magic naming formula to get the absolute highest response rates and conversion rates from everything you do to get new clients And so much more The methods contained within this book are so simple, so instantaneous, and so effective, it's as if they work by magic. If you implement even one tactic in this book, you'll see the change in your prospects' demeanor. And you'll know the \$100M Offers method worked when you start hearing, "What do I need to do to move forward?" before you even ask for the sale.

The Road to the Manor Martin Andrew,2024-09-09 A career in the entertainment industry is often colorful but seldom as fulfilling as we are led to believe by the media moguls who glorify the highs and lows of celebrities as they live out their lives in the public eye. Only a tiny percentage of those entering this industry attain the dizzy heights they dream of, and many fall by the wayside without causing a ripple in this vast ocean we call showbiz. Martin Andrew's story tells a tale of one man's journey from a small town in rural England to the bright lights of Las Vegas and beyond. It is not a story of success or failure but rather one of passion, determination and survival as he embarks on The Road to the Manor.

Another Stupid Demon Bill Ricardi,2017-11-25 When a captured hero forgets his past, an unlikely group of friends must rescue him from his imprisonment by a demon worshipping cult. Will Sorch recover in time to save his allies from the plane of Pandemonium? Sorch is an orc mage in a world where orcs are cursed with stupidity every time they cast a spell. After thwarting an evil plot to destroy Royal Moffit, Sorch became the prisoner of the Cult of Harrington. They imprisoned and tortured him in an attempt to steal his nightmares. One daring jailbreak later, and Sorch is unleashed upon the world again. This time, however, he's not so sure that he wants to go back to a life of magic and adventure. It would be a long, difficult road. And being the smartest orc in all of Panos wasn't all fun and games the first time around. But with the help of a new friend, Sorch rediscovers his purpose in life. He embarks on a quest to save his friends, who were trapped on another plane of existence. During his travels he encounters more horrible injury, more magical treasures, casual love, noisy roommates, wild elves, university midterms, a plot against all of Panos, and then of course he saves the world. Or does he?
