How to Break Up with Your Phone Catherine Price,2018-02-13 Packed with tested strategies and practical tips, this book is the essential, life-changing guide for everyone who owns a smartphone. Is your phone the first thing you reach for in the morning and the last thing you touch before bed? Do you frequently pick it up “just to check,” only to look up forty-five minutes later wondering where the time has gone? Do you say you want to spend less time on your phone—but have no idea how to do so without giving it up completely? If so, this book is your solution. Award-winning journalist Catherine Price presents a practical, hands-on plan to break up—and then make up—with your phone. The goal? A long-term relationship that actually feels good. You’ll discover how phones and apps are designed to be addictive, and learn how the time we spend on them damages our abilities to focus, think deeply, and form new memories. You’ll then make customized changes to your settings, apps, environment, and mindset that will ultimately enable you to take back control of your life.

24/6 Tiffany Shlain,2019-09-24 In 24/6, Tiffany Shlain explores how turning off screens one day a week can work wonders on your brain, body, and soul. Internet pioneer and renowned filmmaker Tiffany Shlain takes us on a provocative and entertaining journey through time and technology, introducing a strategy for living in our 24/7 world: turning off all screens for twenty-four hours each week. This practice, which she’s done for nearly a decade with her husband and kids (sixteen and ten), has completely changed their lives, giving them more time, productivity, connection, and presence. She and her family call it “Technology Shabbat.” Drawn from the ancient ritual of Shabbat, living 24/6 can work for anyone from any background. With humor and wisdom, Shlain shares her story, offers lessons she has learned, and provides a blueprint for how to do it yourself. Along the way, she delves into the neuroscience, philosophy, psychology, and history of a weekly day of rest across cultures, making the case for why we need to bring this ritual back. A compelling personal story and a fascinating, far-reaching examination of the complex world we’ve created, 24/6 is a call to rebalance ourselves and our society.

And it's a coach that helps us trim the fat, get real with our purpose, and start living more intentionally-Goop Dalton helps readers by teaching us to focus on the most important things and create our own operating systems that are exclusive to our lives as individuals. By doing this, we can simplify and make life even better- San Francisco Book Review Dalton's ground-up approach to productivity teaches readers to identify their real priorities and, in doing so, cut their massive to-do lists down to size by learning to say no to the tasks that pull them away from their North Star-Grateful Overwhelmed. Do you wake up in the morning already feeling behind? Does the pressure of keeping it all together make you feel anxious and irritable? Tanya Dalton, CEO and productivity expert, offers you a liberating shift in perspective: feeling overwhelmed isn't the result of having too much to do -- it's from not knowing where to start. Doing less might seem counterintuitive, but doing less is more productive, because you're concentrating on the work you actually want to be doing. Through this book, you can learn how to: Identify what is important to you and clarify your priorities. Develop ways to streamline your specific workflow. Discover your purpose. Named Top 10 Business Book of the Year by Fortune magazine, The Joy of Missing Out is chock-full of resources and printables. This is a legitimate action plan for change.
