Grit Angela Duckworth, 2016-05-03 In this instant New York Times bestseller, Angela Duckworth shows anyone striving to succeed that the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls “grit.” “Inspiration for non-geniuses everywhere” (People). The daughter of a scientist who frequently noted her lack of “genius,” Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives success: not genius, but a unique combination of passion and long-term perseverance. In *Grit*, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she’s learned from interviewing dozens of high achievers—from JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll. “Duckworth’s ideas about the cultivation of tenacity have clearly changed some lives for the better” (The New York Times Book Review). Among *Grit*’s most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Winningly personal, insightful, and even life-changing, *Grit* is a book about what goes through your head when you fall down, and how that—not talent or luck—makes all the difference. This is “a

fascinating tour of the psychological research on success” (The Wall Street Journal).

The Garbage Times/White Ibis Sam Pink,2018-05-01 “I love the pulse of Sam Pink’s sentences, the way they can hold the gorgeous and the grisly and the hilarious all at the same time. The Garbage Times/White Ibis thrilled me and messed me up, left me feeling a little dazed and a lot changed.” —Laura van den Berg, author of *The Third Hotel* and *Find Me* From the freezing alleys of Chicago to the dew-blanketed bayou of Florida. From bouncing drunks and cleaning up puke to biking through the swamp laughing at peacocks. Freeze to thaw. Filth and broken glass and black water backed up in showers; lizards and Girl Scouts and themed birthday parties. A baby rat freed from the bottom of a dumpster becomes a white ibis wandering the wet driveway after a storm. Goodbye, hello, goodbye. It was the garbage times; it was time for something else. A tale of two tales, connected by a mysterious sunlit portal. The edition is designed with tête-bêche binding as a single volume.

145th Street: Short Stories Walter Dean Myers,2001-11-13 An ALA-YALSA Best Book for Young Adults New Bonus Content: -Q&A with Walter Dean Myers -Teaser chapter from *On a Clear Day* -Excerpt from *Hoops* The first week of his senior year, everything changed. That’s when Mack met Kitty. She hadn’t finished the sonnet she wrote for him, but she had

finished Mack. From that minute on, he was stupid in love. That's just Kitty and Mack. But everybody on the block has a story to tell. A salty, wrenchingly honest collection of stories set on one block of 145th Street. We get to know the oldest resident; the cop on the beat; fine Peaches and her girl, Squeezie; Monkeyman; and Benny, a fighter on the way to a knockout. We meet Angela, who starts having prophetic dreams after her father is killed and Big Joe, who wants a bang-up funeral while he's still around to enjoy it. Some of these stories are private, and some are the ones behind the headlines. In each one, characters jump off the page and pull readers right into the mix on 1-4-5.

Murder Machine Gene Mustain, Jerry Capeci, 1993-07-01 The inside story of a single Brooklyn gang that killed more Americans than the Iraqi army.—Mike McAlary, columnist, New York Post They were the DeMeo gang—the most deadly hit men in organized crime. Their Mafia higher-ups came to know, use, and ultimately fear them as the Murder Machine. They killed for profit and for pleasure, following cold-blooded plans and wild whims, from the mean streets of New York to the Florida Gold Coast, and from coast to coast. Now complete with personal revelations of one of the key players, this is the savage story that leaves no corpse unturned in its terrifying telling. INCLUDES PHOTOGRAPHS

The Happiness of Pursuit Chris Guillebeau, 2014-09-09 A remarkable guide to the quests that give our lives meaning—and how to find your own—from the New York Times bestselling author of *The \$100 Startup* and *100 Side Hustles* “If you like complacency and mediocrity, do not read this book. It’s dangerously inspiring.”—A. J. Jacobs, author of *The Know-It-All* When he set out to visit all of the planet’s countries by age thirty-five, compulsive goal-seeker Chris Guillebeau never imagined that his journey’s biggest revelation would be how many people like himself exist—each pursuing a challenging quest. These quests are as diverse as humanity itself, involving exploration, the pursuit of athletic or artistic excellence, or battling against injustice and poverty. Everywhere that Chris visited he found ordinary people working toward extraordinary goals, making daily down payments on their dreams. These “questers” included a suburban mom pursuing a wildly ambitious culinary project, a DJ producing the world’s largest symphony, a young widower completing the tasks his wife would never accomplish—and scores of others writing themselves into the record books. The more Chris spoke with these strivers, the more he began to appreciate the direct link between questing and long-term happiness, and he was compelled to complete a comprehensive study of the phenomenon. In *The Happiness of Pursuit*, he draws on interviews with hundreds of questers, revealing their secret motivations, their selection criteria, the role played by friends and family, their tricks for solving logistics, and the importance of documentation. Equally fascinating is Chris’s examination of questing’s other side. What happens after the summit is climbed, the painting hung, the endurance record broken, the at-risk community saved? A book that

challenges each of us to take control—to make our lives be about something while at the same time remaining clear-eyed about the commitment—The Happiness of Pursuit will inspire readers of every age and aspiration. It's a playbook for making your life count. "The Happiness of Pursuit is smart, honest, and dangerous. Why dangerous? Because it is as practical as it is inspiring. You won't just be daydreaming about your quest—you'll be packing for it!"—Brené Brown, Ph.D., LMSW, author of Daring Greatly

What to Say When You Talk to Your Self Shad Helmstetter, 2017-06-20 Powerful new techniques to program your potential for success--Cover.

Rejection Proof Jia Jiang, 2015-04-14 An entertaining and inspiring account of conquering the fear of rejection, offering a completely new perspective on how to turn a no into a yes. Jia Jiang came to the United States with the dream of being the next Bill Gates. But despite early success in the corporate world, his first attempt to pursue his entrepreneurial dream ended in rejection. Jia was crushed, and spiraled into a period of deep self doubt. But he realized that his fear of rejection was a bigger obstacle than any single rejection would ever be, and he needed to find a way to cope with being told no without letting it destroy him. Thus was born his 100 days of rejection experiment, during which he willfully sought rejection on a daily basis--from requesting a lesson in sales from a car salesman (no) to asking a flight attendant if he could make an announcement on the loud speaker (yes) to his famous request to get Krispy Kreme doughnuts in the shape of Olympic rings (yes, with a viral video to prove it). Jia learned that even the most preposterous wish may be granted if you ask in the right way, and shares the secret of successful asking, how to pick targets, and how to tell when an initial no can be converted

into something positive. But more important, he learned techniques for steeling himself against rejection and ways to develop his own confidence--a plan that can't be derailed by a single setback. Filled with great stories and valuable insight, Rejection Proof is a fun and thoughtful examination of how to overcome fear and dare to live more boldly.

White Fragility Dr. Robin DiAngelo, 2018-06-26 The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’ (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

Talking Pillow Angela Ball, 2017-12-11 Talking Pillow celebrates love as amazement, sustenance, and the progenitor of scarce-believable loss. The book centers around the sudden death of the author's long-time partner and travels outward to events in the world at large. Imagining themselves into multiple times, places, and lives, the poems comically explore the possibilities of attachment between people and the absurdity of death's sudden intrusion. Antic and often funny, these poems converse with all that we care about, fear,

and fail to understand.

Too Much Talk Angela Shelf Medearis, 1995 A retelling of a traditional West African tale about a king who refuses to believe that yams, fish, and cloth can talk until his throne agrees with him.

Talking Through Trees Edward Picton-Turbervill, 2016 A thoroughly delightful exploration of trees around St John's College, Cambridge revealing their importance to a young undergraduate as he entwined the role of organ scholar and music student with his emerging passion to engage with the environment and its preservation. Imagine hearing a theme and improvisations which he might play on the organ - a paragraph on an aspect of a venerable tree on the Backs, a tangential leap to deal with thoughts which arise from characteristics of the nature of growth, or delights of climbing to great heights, then of swimming within dark waters at night, poems spring to mind. Angela Lemaire has followed his improvisatory ideas and made some remarkable woodcuts to enhance the book throughout. The Wordsworth Oak, the Little Lime, the Babington Yew, the Horizontal Willow - themes are stated and progress through moods of anger, rage, sadness, a need for solitude. 'What is an acorn if not a tiny 'wet' computer? A seed is a collection of algorithms that manipulate matter, rather than the darkness behind a computer screen. This is the key to understanding tree morphology; a tree is the embodiment of a set of instructions for

obtaining the materials necessary for propagation.' Such are the revelations presented in a progress round the glorious trees of Cambridge.--Publisher's website.
