Multi-religiosity in Contemporary Sri Lanka Mark P. Whitaker, Darini Rajasingham-Senanayake, Pathmanesan Sanmugeswaran, 2021-09-26 This book presents a collection of original research about every day, innovative, interactive, and multiple religiosities among Sri Lankan Buddhists, Hindus, Muslims, Christians, and devotees of New Religious Movements in post-war Sri Lanka. The contributors examine the unique and innovative religiosity that can be observed in Sri Lanka, which reveals a complex reality of mingled, and even simultaneous, cooperation and conflict. The book shows that innovative religious practices and institutions have achieved a new prominence in public life since the end of Sri Lanka's civil war in 2009. Using the analytic framework of 'innovative religiosity' to allow researchers to look at this question between and across Sri Lanka's plural religious landscape in order to escape both the epistemological and ethnographic isolation of studies that limit themselves to one form of religious practice, the chapters also investigate the extent to which inter-religious tolerance is still possible in the wake of Sri Lanka's religion-involving civil war, and the continuing influence of populist Buddhist nationalism, globalization and geopolitics on Sri Lanka's post-war governance. The book offers a novel approach to the study of post-conflict societies and furthers the understanding of the status of tolerance between religious practitioners in contexts where both ethnic conflict and multi-religious sites are prominent. This book is an important resource for researchers studying Anthropology, Asian Religion, Religion in Context and South Asian Studies.

Tamil Folk Music as Dalit Liberation Theology Zoe C. Sherinian, 2014-01-06 Zoe C. Sherinian shows how Christian Dalits (once known as untouchables or outcastes) in southern India have employed music to protest social oppression and as a vehicle of liberation. Her focus is on the life and theology of a charismatic composer and leader, Reverend J. Theophilus Appavoo, who drew on Tamil folk music to create a distinctive form of indigenized Christian music. Appavoo composed songs and liturgy infused with messages linking Christian theology with critiques of social inequality. Sherinian traces the history of Christian music in India and introduces us to a community of Tamil Dalit Christian villagers, seminary students, activists, and theologians who have been inspired by Appavoo's music to work for social justice. Multimedia components available online include video and audio recordings of musical performances, religious services, and community rituals.

Kalidasa's Similes In Sangam Tamil Literature: New Clue To Fix His Age London Swaminathan, 2022-08-09 KALIDASA is one of the greatest poets in the world. He became famous because of his apt similes and imageries in his seven works. He was a playwright and poet. His age is still an unsolved mystery. He is dated between second century BCE and 4th century CE, that means any date in a range of 600 years! Foreigners placed him in Gupta period around 4th century CE. But great Indian scholars dated him around first or second century BCE. I wrote a thesis to get Ph.D. in this matter. But the Sanskrit University asked me to put it in Sanskrit and I am yet to do it. After reading all the 18 books of Sangam Tamil literature and all the seven dramas and poems of Kalidasa, I came to conclusion that Kalidasa lived in Pre-Sangam period. Indian tradition also links him with the greatest of the Indian Emperors, Vikramaditya. After the original Vikramaditya of first century BCE died, hundreds of Hindu Kings called themselves Vikrama or Aditya or Vikramaditya. The proof for my thesis lies in the Kalidasa's 200++ similes found in Sangam Tamil literature. Sangam poets even used the same epithet to the Himalayas (Kaanchana Srnga- Por Kotu) 'Golden Peaked'. The first ten slokas of Kumara Sambhava of Kalidasa are

used by Sangam poets to describe Himalayas and sages.

TRANSLATING TAMIL POETRY: A PRACTICAL APPROACH Dr. D.

GNANASEKARAN, 2020-12-08 The contents of this book fall under two sections. Section-I consists of three exhaustive chapters, one in English and two in Tamil, dealing with all aspects of the Art of Translation and also providing an in-depth analysis of the problems of translating texts from Tamil into English in general and poetry in particular. These chapters form a strong theoretical basis for Section-II. Section-II contains select poems of five representative poets of the modern era, namely Na. Pichamurthy, Sirpi Balasubramaniam, Abdul Rahman, Manushya Puthiran and Tamizhachi Thangapandian, and their corresponding translations in English by me with a view to providing a practice-oriented approach to the process of translating Tamil poetry into English. In addition, each poet is briefly introduced highlighting the salient features of their poetry. In my approach, I have tried to be very close to the original texts literally and idiomatically as far as possible, and so consciously avoided more sophistication in translating them. The immediate purpose of this book is to offer certain practical insights into the various aspects of translation and help teachers and students of literature to grasp with ease the nuances of translation through model exercises. At the same time I fondly hope that this book will kindle the interest of anyone who has a natural bent for translation.

Notes on Love in a Tamil Family Margaret Trawick, 2023-11-10 Love, as a force in human affairs, is still not given much attention or credence by social scientists. With *Notes on Love in a Tamil Family*, Margaret Trawick places the notion of love prominently in social scientific discourse. Her unforgettable and profusely illustrated study is a significant contribution to anthropology and to South Asian studies. Trawick lived for a time in the midst of one large South Indian family and sought to understand the multiple and mutually shared expressions of anpu--what in English we call love. Often enveloping the author herself, changing her as she inevitably changed her hosts, this family performed before the young anthropologist's eyes the meaning of anpu: through poetry and conversation, through the not always gentle raising of children, through the weaving of kinship tapestries, through erotic exchanges among women, among men, and across the great sexual boundary. She communicates with grace and insight what she learned from this Tamil family, and we discover that love is no less universal than selfishness and individualism.

Passions of the Tongue Sumathi Ramaswamy, 2023-09-01 Why would love for their language lead several men in southern India to burn themselves alive in its name? *Passions of the Tongue* analyzes the discourses of love, labor, and life that transformed Tamil into an object of such passionate attachment, producing in the process one of modern India's most intense movements for linguistic revival and separatism. Sumathi Ramaswamy suggests that these discourses cannot be contained within a singular metanarrative of linguistic nationalism and instead proposes a new analytic, language devotion. She uses this concept to track the many ways in which Tamil was imagined by its speakers and connects these multiple imaginings to their experience of colonial and post-colonial modernity. Focusing in particular on the transformation of the language into a goddess, mother, and maiden, Ramaswamy explores the pious, filial, and erotic aspects of Tamil devotion. She considers why, as its speakers sought political and social empowerment, metaphors of motherhood eventually came to dominate representations of the language.

Writing Tamil Catholicism Margherita Trento,2022-05-02 In Writing Tamil Catholicism: Literature, Persuasion and Devotion in the Eighteenth Century, Margherita Trento explores the process by which the Jesuit missionary Costanzo Giuseppe Beschi (1680-1747), in collaboration with a group of local lay elites identified by their profession as catechists, chose Tamil poetry as the social and political language of Catholicism in eighteenth-century South India. Trento analyzes a corpus of Tamil grammars and poems, chiefly Beschi's Tēmpāvaṇi, alongside archival documents to show how, by presenting themselves as poets and intellectuals, Catholic elites gained a persuasive voice as well as entrance into the learned society of the Tamil country and its networks of patronage. This project has received funding from the European Union's Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie grant agreement No 840879.

Tamil Nadu, Human Development Report Social Science Press Staff,2003 This is Tamil Nadu's first Human Development Report. Tamil Nadu has fared very well in human development among the States in India. It needs to be noted, however, that there are vast variations in the indicators of Human development within the State itself. Factors contributing to human development are disaggregated in this Report, and analysed at the district level. This will enable readers to understand the regional disparities in Tamil Nadu and the reasons behind them. The Report not only puts within one cover all the various aspects of human development in Tamil Nadu but also seeks to explain why the State has fared well in certain areas and not in others. It also highlights the policy interventions that will be required to correct the imbalances.

Protestant Textuality and the Tamil Modern Bernard Bate,2021-08-17 Throughout history, speech and storytelling have united communities and mobilized movements. Protestant Textuality and the Tamil Modern examines this phenomenon in Tamil-speaking South India over the last three centuries, charting the development of political oratory and its influence on society. Supplementing his narrative with thorough archival work, Bernard Bate begins with Protestant missionaries' introduction of the sermonic genre and takes the reader through its local vernacularization. What originally began as a format of religious speech became an essential political infrastructure used to galvanize support for new social imaginaries, from Indian independence to Tamil nationalism. Completed by a team of Bate's colleagues, this ethnography marries linguistic anthropology to performance studies and political history, illuminating new geographies of belonging in the modern era.

Literary Techniques in Old Tamil Caṅkam Poetry Eva Wilden,2006 The present study is a step towards an historical and philological description of the founding literary tradition of Southern India. This so-called Cankam literature was composed around the beginning of the common era in a language today known as Classical Tamil. Ten anthologies of its poetry have survived. Its literary techniques and their presuppositions are presented here in detail on the basis of an analysis of one of these anthologies, the Kur-

untokai, which is a collection of 401 short love poems. While the introduction and the last chapter, on poetic style, are also meant for the general student of literature, the second and third chapters will be of interest mainly to specialists. These deal with syntax (especially particle syntax) and with the poetological background of the poetry. The formal features described include the use of formulae; the organisation of a poetic universe in terms of themes, topoi and motifs; syntactic types, such as circular construction; rhetorical figures, such as metaphors, similes and insets; poetic ambiguity achieved through the use of a symbolic code; puns; and intertextual allusions.

The Transformation of Tamil Religion Srilata Raman, 2022-04-26 This book analyses the religious ideology of a Tamil reformer and saint, Ramalinga Swamikal of the 19th century and his posthumous reception in the Tamil country and sheds light on the transformation of Tamil religion that both his works and the understanding of him brought about. The book traces the hagiographical and biographical process by which Ramalinga Swamikal is shifted from being considered an exemplary poet-saint of the Tamil Śaivite bhakti tradition to a Dravidian nationalist social reformer. Taking as a starting point Ramalinga's own writing, the book presents him as inhabiting a border zone between early modernity and modernity, between Hinduism and Christianity, between colonialism and regional nationalism, highlighting the influence of his teachings on politics, particularly within Dravidian cultural and political nationalism. Simultaneously, the book considers the implication of such an hagiographical process for the transformation of Tamil religion in the period between the 19th –mid-20th centuries. The author demonstrates that Ramalinga Swamikal's ideology of compassion, *cīvakāruṇyam*, had not only a long genealogy in pre-modern Tamil Śaivism but also that it functioned as a potentially emancipatory ethics of salvation and caste critique not just for him but also for other Tamil and Dalit intellectuals of the 19th century. This book is a path-breaking study that also traces the common grounds between the religious visions of two of the most prominent subaltern figures of Tamil modernity – Iyothē Thāss and Ramalingar. It argues that these transformations are one meaningful way for a religious tradition to cope with and come to terms with the implications of historicization and the demands of colonial modernity. It is, therefore, a valuable contribution to the field of religion, South Asian history and literature and Subaltern studies.
