Monsoon Tango Koki Logan, 2023-07-19 Monsoon Tango: A Love Beyond Boundaries is an enchanting and uplifting novel that takes readers on a remarkable journey of friendship and love, spanning continents and navigating through life's highs and lows. It artfully weaves together a tapestry of real-life incidents that add depth and authenticity to the narrative. At its heart, the story revolves around the profound bond between two men: Abhi Kumar, a student from India, and Robi Bascom, an African American student. Their paths converge at a prestigious university in the United States, bringing together their distinct backgrounds and cultures. Their friendship becomes an unbreakable thread that defies geographical boundaries and sets the stage for a series of extraordinary adventures, including their foray into a start-up in India. Amidst their enthralling journey, a captivating love story unfolds between Abhi's beautiful cousin sister, Gayatri, and the charismatic Robi, within the confines of a culturally conservative

setting. The resistance they face from Gayatri's parents adds a compelling layer of tension, leading to heartbreak and strained friendships. However, fate takes an unexpected turn, and their relationship is ultimately consummated in a sensational manner, transcending continents once again. What sets this story apart is the immersive experience it offers. The author, inspired to capture the true essence of the ambiance and cultural nuances, wrote the story while physically present in all the important locations. This approach infuses the narrative with an authentic and palpable sense of place, enriching the reading experience for audiences. The book seamlessly blends heartfelt emotions, thought-provoking themes, and moments of sheer delight, making it a truly compelling read from start to finish.

E-education Applications Claude Ghaoui,2004-01-01 This work enforces the need to take multi-disciplinary and/or inter-disciplinary approaches when solutions for e-education (or online-, e-learning) are introduced. The text is aimed at researchers and practitioners from academia, industry and government.

Why Tango Veronica Toumanova,2015-09-08 If you are interested in Argentine tango you know that, as Veronica writes in one of her essays, Tango, no matter your involvement in it, becomes a kind of a world separate from the rest, with its own

particular joys, sorrows, difficulties, rules, goals and pleasures. And in this world there are both happiness and suffering. Whether you are a total beginner or an experienced dancer, in Veronica's essays you will discover a rich source of knowledge and inspiration as she tackles complex psychological, social and pedagogical issues in tango as a social dance and a performing art. Her essays offer a profound and well articulated reflection on the contemporary tango scene, supported by insights from psychology, neuroscience, biomechanics and bodymind techniques. What is the most effective way of learning tango? Why do we suffer so much while trying to learn it? How to stay happy and healthy while engaging intensively in this activity? Why does tango bring us so much joy and how to cultivate this joy no matter your age, looks and physical capacities? These are just some of the questions the author touches upon in this book that includes her first nineteen essays written between November 2013 and December 2014. Her essays, published as a blog on her Facebook page, are shared by tango people all over the world and translated into 14 languages so far by enthusiast volunteers.

His Imprint My Confidence Tanisha Hurd,2017-04-24 Jazzmyn Henderson is an Arizona real estate agent who has just as much sex appeal as determination. Never deterred from getting what she wants in life, Jazzmyn is focused on finding Mr. Right.

Unfortunately, her search so far has only led her into the arms of Mr. Wrong. After Jazz and her best friend, Shantay, decide to take a girls trip to Las Vegas, fate leads her straight to the wealthy, genuine, and drop-dead gorgeous, Syllus. While he demonstrates he is more than capable of financing an amazing lifestyle, Syllus keeps it a secret that he has a wife. When his real life is exposed and their relationship turns sour, a heartbroken Jazz returns home

to eventually meet sexy Jamaican, Trey, and fall madly in love. But after she is once again betrayed, Jazz must decide whether to practice forgiveness or forge ahead in a world where nothing is certain, especially when it comes to love and shady business deals. In this contemporary romance, a young woman embarks on a lustful search for Mr. Right that leads her down a path she never could have imagined.

Social Media in Southeast Turkey Elisabetta Costa, 2016-02-29

This book presents an ethnographic study of social media in Mardin, a medium-sized town located in the Kurdish region of Turkey. The town is inhabited mainly by Sunni Muslim Arabs and Kurds, and has been transformed in recent years by urbanisation, Elisabetta Costa uses her 15 months of ethnographic research to explain why public-facing social media is more conservative than offline life. Yet, at the same time, social media has opened up unprecedented possibilities for private communications between genders and in relationships among young people – Costa reveals new worlds of intimacy, love and romance. She also discovers that, when viewed from the perspective of people's everyday lives, political participation on social media looks very different to how it is portrayed in studies of political postings separated from their

original complex, and highly socialised, context.neoliberalism and political events.

Digital Culture & Society (DCS) Ramón Reichert,Annika Richterich,Pablo Abend,Mathias Fuchs,Karin Wenz,2016-12-31
»Digital Culture & Society« is a refereed, international journal, fostering discussion about the ways in which digital technologies, platforms and applications reconfigure daily lives and practices. It offers a forum for critical analysis and inquiries into digital media theory and provides a publication environment for interdisciplinary research approaches, contemporary theory developments and methodological innovation. The third issue »Politics of Big Data« edited by Mark Coté, Paolo Gerbaudo, and Jennifer Pybus, critically examines the political and economic dimensions of Big Data and thus details its contestation. The contributions focus on the materialities and processes which manifest Big Data and explore forms of value beyond the state and capital. These range from open data initiatives, social media metrics, machine learning algorithms, data visualisation to data dashboards, critical data analysis, and new modes of data action research and practice.

The Business of Building and Managing a Healthcare Practice

Neil Baum,Marc J. Kahn,Jeffery Daigrepoint,2023-08-31 Building on

the foundation of the previous edition, this book takes readers to the next level of management of medical practices for the 21st century. The road to becoming a physician is not an easy one to travel, nor does it become easier once a doctor completes his\her training. After a long and arduous training process, doctors embark on their professional journey, and there are major crossroads that are fraught with challenges, unknowns and risk. The transition to professional practice is daunting, and many physicians leave their training unprepared for the business of medicine. Even at the peak of their careers, sustaining a successful and profitable practice is not easy. Opening chapters revisit the basic business concepts that every physician needs to know, emphasizing the benefits that accrue to a physician who understands the basics of business, from accounting and contracts to managing people and personal finances. The next set of chapters offers a roadmap for doctors who are beginning a medical practice and will include new methods and procedures that have become available since the original edition, defining the various options for doctors' employment such as solo practice, group practice and academic medicine. The final chapters emphasize strategies on how to build and grow a successful practice, including the use of technology and

telemedicine, cybersecurity, marketing and much more.

Unfortunately, not every doctor has the background, training and skills to manage a medical practice. *The Business of Building and Managing a Healthcare Practice* simplifies the process of business management and provides the practicing physician with knowledge to be able to enjoy the business component of his\her medical practice.
