I Want to Ride the Tap Tap Danielle Joseph,2020-12-29 Writer Danielle Joseph and illustrator Olivier Ganthier's I Want to Ride the Tap Tap is a day-of-the-week picture book about a Black family who ride the taxi-bus service—called a tap tap—in Haiti, and the fascinating people they meet along the way, illustrated by a Haitian artist known for his vibrant street art. Monday through Saturday, Claude and Manman walk Papa to the tap tap stop, where Claude meets all sorts of interesting people waiting for the tap tap. Claude wants to join Papa, but Claude has classes at school and chores at home... On Sunday, Manman and Papa have a surprise for Claude—a ride on the tap tap! They go to the beach, where they meet a lady selling mangoes, a fisherman, a straw-hat maker, a steel drummer, and an artist. They show Claude how to fish, make hats, play the drums, and paint. With Haitian Creole words sprinkled throughout and a glossary at the end, I Want to Ride the Tap Tap is a warm and lively portrayal of everyday life in Haiti.

Rhinoceros Tap Sandra Boynton,1996-01-10 Sing a song of Boynton! Before there was the Grammy-nominated Philadelphia Chickens, the #1 New York Times children's bestseller, there was Rhinoceros Tap, the collection of seriously silly songs. This truly delightful set—a Recording Industry Association of America Gold album with 647,000

copies in print—combines a big illustrated songbook and CD so children and grown-ups alike can read along, sing along, dance along, cluck along, and oink along to the fifteen original songs. There's O, Lonely Peas, to appeal to every finicky young eater. The five-year-old's lament, Bad Babies. A mouse's impassioned ballad to his beloved, I Love You More Than Cheese. Plus the lead number, Rhinoceros Tap, the ever-popular "Barnyard Dance," and more. With lyrics and pictures by Boynton and music written with and played by the one and only Michael Ford, these songs have the style, swing, charm, and pizzazz that little listeners deserve. Ready? All together now.

Tap-Tap Karen Lynn Williams, 1994 After selling oranges in the market, a Haitian mother and daughter have enough money to ride the tap-tap, a truck that picks up passengers and lets them off when they bang on the side of the vehicle.

Tap Dancing Heather Rees, 2003 Tap Dancing - Rhythm in their Feet is a practical guide to this fascinating form of dance. The author first gives some insight into the history of tap and the influence of some of the great 'foot percussion artists' before going on to explore the principles of rhythm and timing, the tempo of tap music, techniques, style and choreography. Topics include: · History and development of tap dancing · Floors, shoes and costume · Music, rhythm and choreography · Traditional steps and time steps · Planning classes and exercises · Sequences and routines · Improvisation and developing individual style
AUTHOR: Heather Rees started dancing at the age of three. She trained in classical ballet with Marguerite Thomas in Penarth and learned 'American' tap with Gertrude Beaton. In her late teens she was introduced to the Imperial Society of Teachers of Dancing, for whom she eventually became an examiner. She teaches both in the UK and overseas, and

Tap Dancing America Constance Valis Hill,2014-11-12 The first comprehensive, fully documented history of a uniquely American art form, exploring all aspects of the intricate musical and social exchange that evolved from Afro-Irish percussive step dances like the jig, gioube, buck-and-wing, and juba to the work of such contemporary tap luminaries as Gregory Hines, Brenda Bufalino, Dianne Walker, and Savion Glover.

Tap Roots Mark Knowles,2002-06-03 Tracing the development of tap dancing from ancient India to the Broadway stage in 1903, when the word Tap was first used in publicity to describe this new American style of dance, this text separates the cultural, societal and historical events that influenced the development of Tap dancing. Section One covers primary influences such as Irish step dancing, English clog dancing and African dancing. Section Two covers theatrical influences (early theatrical

developments, Daddy Rice, the Virginia Minstrels) and Section Three covers various other influences (Native American, German and Shaker). Also included are accounts of the people present at tap's inception and how various styles of dance were mixed to create a new art form.

What the Eye Hears Brian Seibert, 2015-11-17

Magisterial, revelatory, and-most suitably-entertaining, *What the Eye Hears* offers an authoritative account of the great American art of tap dancing. Brian Seibert, a dance critic for *The New York Times*, begins by exploring tap's origins as a hybrid of the jig and clog dancing from the British Isles and dances brought from Africa by slaves. He tracks tap's transfer to the stage through blackface minstrelsy and charts its growth as a cousin to jazz in the vaudeville circuits and nightclubs of the early twentieth century. Seibert chronicles tap's spread to ubiquity on Broadway and in Hollywood, analyzes its decline after World War II, and celebrates its rediscovery and reinvention by new generations of American and international performers. In the process, we discover how the history of tap dancing is central to any meaningful account of American popular culture. This is a story with a huge cast of characters, from Master Juba (it was probably a performance of his in a Five Points cellar that Charles Dickens described in *American Notes for General Circulation*) through Bill Robinson and Shirley Temple, Fred Astaire and Ginger Rogers, and Gene Kelly and Paul Draper to Gregory Hines and Savion Glover. Seibert traces the stylistic development of tap through individual practitioners, vividly depicting dancers both well remembered and now obscure. And he illuminates the cultural exchange between blacks and whites over centuries, the interplay of imitation and theft, as well as the moving story of African-Americans in show business, wielding enormous influence as they grapple with the pain and pride of a complicated legacy. *What the Eye Hears*

teaches us to see and hear the entire history of tap in its every step.

Making Music in Montessori Michael

Johnson, 2020-11-21 Infused with a warm, affable tone, *Making Music in Montessori* is the Guide's guide to music education, providing Montessori teachers all at once a snappy, practical handbook, music theory mentor, pedagogical manual, and resource anthology. The book's goal: To give teachers confidence in music, so that when their children walk away from a lesson all fired up to compose their own music, their teacher will know how to guide them. Before *Making Music in Montessori*, teachers may have only dreamed of a classroom buzzing with children working, learning, and growing with music alongside all of the other subject areas in the Montessori curriculum. Now, it's a reality. If children's minds are a fertile field, then *Making Music in Montessori* will stir Montessori teachers of all musical backgrounds to don their overalls, roll up their sleeves, sow the musical seeds, and watch them blossom under their children's flaming imagination.

Tap the Magic Tree Board Book Christie Matheson, 2016-06-07 The acclaimed interactive picture book about the changing seasons. "Like Hervé Tullet's *Press Here*, Matheson's *Tap the Magic Tree* proves you don't need apps for interactivity," praised the *New York Times*. This board book edition is perfect for little hands. Every book needs you to turn the pages. But not every book needs you to tap it, shake it, jiggle it, or even blow it a kiss. Innovative and timeless, *Tap the Magic Tree* asks you to help one

lonely tree change with the seasons. Now that’s interactive—and magical! It begins with a bare brown tree. But tap that tree, turn the page, and one bright green leaf has sprouted! Tap again—one, two, three, four—and four more leaves have grown on the next page. Pat, clap, wiggle, jiggle, and see blossoms bloom, apples grow, and the leaves swirl away with the autumn breeze. The collage-and-watercolor art evokes the bright simplicity of Lois Ehlert and Eric Carle and the interactive concept will delight fans of Pat the Bunny. Combining a playful spirit and a sense of wonder about nature, Christie Matheson has created a new modern classic that is a winner in every season—and every story time! And don't miss the follow-up, Touch the Brightest Star!
