Slender Man Is Coming Trevor J. Blank, Lynne S. McNeill, 2018-09-21 The essays in this volume explore the menacing figure of Slender Man—the blank-faced, long-limbed bogeyman born of a 2009 Photoshop contest who has appeared

in countless horror stories circulated on- and offline among children and young people. Slender Man is arguably the best-known example in circulation of “creepypasta,” a genre derived from “copypasta,” which in turn derived from the phrase “copy/paste.” As narrative texts are copied across online forums, they undergo modification, annotation, and reinterpretation by new posters in a folkloric process of repetition and variation. Though by definition legends deal largely with belief and possibility, the crowdsourced mythos behind creepypasta and Slender Man suggests a distinct awareness of fabrication. Slender Man is therefore a new kind of creation: one intentionally created as a fiction but with the look and feel of legend. Slender Man Is Coming offers an unprecedented folkloristic take on Slender Man, analyzing him within the framework of contemporary legend studies, “creepypastas,” folk belief, and children’s culture. This first folkloric examination of the phenomenon of Slender Man is a must-read for anyone interested in folklore, horror, urban legends, new media, or digital cultures. Contributors: Timothy H. MMOs from the Inside Out Richard A. Bartle, 2015-12-30 This is an astonishing collection of ideas, information, and instruction from one of the true pioneers of Massively-Multiplayer Online Role-Playing Games. *MMOs from the Inside Out: The History, Design, Fun, and Art of Massively-Multiplayer Role-playing Games* speaks to the designers and players of MMOs, taking it as axiomatic that such games are inspirational and boundless forces for good. The aim of this book is to enthuse an up-coming generation of designers, to inspire and educate players and designers-to-be, and to reinvigorate those already working in the field who might be wondering if it's still all

worthwhile. Playing MMOs is about fun, immersion, and identity. Creating MMOs is about imagination, expression, and art. MMOs are so packed with potential that today's examples are little more than small, pioneering colonies on the shore of a vast, uncharted continent. What wonders wait beyond the horizon? What treasures will explorers bring back to amaze us? MMOs from the Inside Out is for people with a spark of creativity: it pours gasoline on that spark. It: Explains what MMOs are, what they once were, and what they could - and should - become. Delves into why players play, and why designers design. Encourages, enthuses, enrages, engages, enlightens, envisions, and enchants. Doesn't tell you what to think, it tells you to think. What You Will Learn: Myriad ways to improve MMOs - and to decide for yourself whether these are improvements. What MMOs are; who plays them, and why. How MMOs became what they are, and what this means for what they will become. That you have it in you to make MMOs yourself. Whom This Book is For: MMOs from the Inside Out is a book for those who wish to know more about game design in general and MMO design in particular. It's for people who play MMOs, for people who design MMOs, and for people who study MMOs. It's for people with a yearning to see beyond the world around them and to make manifest the worlds of their imagination.

Tom Swift And his Electric Rifle Victor Appleton, 2023-09-29 "Have you anything special to do to-night, Ned?" asked Tom Swift, the well-known inventor, as he paused in front of his chum's window, in the Shopton National Bank. "No, nothing in particular," replied the bank clerk, as he stacked up some bundles of bills. "Why do you ask?" "I wanted you to come over to the house for a while." "Going to have a surprise party, or something like that?" "No, only I've got something I'd like to show you." "A new invention?" "Well, not exactly new. You've seen it before, but not since I've improved it. I'm speaking of my new electric rifle. I've got it ready to try, now, and I'd like to see what you think of it. There's a rifle range over at the house, and we can practice some shooting, if you haven't anything else to do." "I haven't, and I'll be glad to come. What are you doing in the bank, anyhow; putting away more of your wealth, Tom?" "Yes, I just made a little deposit. It's some money I got from the government for the patents on my sky racer, and I'm salting it down here until Dad and I can think of a better investment." "Good idea. Bring us all the money you can," and the bank clerk, who held a small amount of stock in the financial institution, laughed, his chum joining in with him. "Well, then. I'll expect you over this evening," went on the youthful inventor, as he turned to leave the bank. "Yes, I'll be there. Say, Tom, have you heard the latest about Andy Foger?" "No, I haven't heard much since he left town right after I beat him in the aeroplane race at Eagle Park."
