The Ideal Team Player Patrick M. Lencioni, 2016-04-25 In his classic book, *The Five Dysfunctions of a Team*, Patrick Lencioni laid out a groundbreaking approach for tackling the perilous group behaviors that destroy teamwork. Here he turns his focus to the individual, revealing the three indispensable virtues of an ideal team player. In *The Ideal Team Player*, Lencioni tells the story of Jeff Shanley, a leader desperate to save his uncle's company by restoring its cultural commitment to teamwork. Jeff must crack the code on the virtues that real team players possess, and then build a culture of hiring and development around those virtues. Beyond the fable, Lencioni presents a practical framework and actionable tools for identifying, hiring, and developing ideal team players. Whether you're a leader trying to create a culture around teamwork, a staffing professional looking to hire real team players, or a team player wanting to improve yourself, this book will prove to be as useful as it is compelling.

Team Up, Speak Up, Fire Up! Audrey Cohan, Andrea Honigsfeld, Maria G. Dove, 2019-12-17 Cohan, Honigsfeld, and Dove bring together current research, authentic examples of best practices, and voices from the field to champion the power of purposeful collaboration and provide educators with resources that will empower them to support English learners (ELs) and their families. Guided by four core principles (common purpose, shared mindset, diverse team membership, supportive environment), the authors explain how to meet the challenges of collaborating with ELs and help all stakeholders—administrators, teachers, students, parents, community leaders—develop new and effective ways of working together for the success of each learner.

Think, Speak, Win: Discover the Art of Debate Guarav Keerthi, 2011-04-11 Many books on persuasive speaking only teach you how to speak persuasively, but they don't teach you how to also think persuasively. Debaters tend to excel when they are put on the spot, because they know how to think fast, speak well, and win audiences. *Think, Speak, Win: Discover the Art of Debate* provides a first-of-its-kind comprehensive introduction to the basics of debating for young students as well as interested adults, in a light-hearted and interesting style. This book breaks down the skills of debating into simple, memorable, and easy-to-follow chapters, and even covers the basics of coaching a school team and judging a debate competition. The skills of debating can help you achieve greater success at work and school, and this book guides you through a memorable 6-step process to apply "Debate-Thinking" to situations such as interviews, essay writing, impromptu speeches, presentations, and even leadership and management. You will never be at a loss for words again!

Your Voice, Your Choice April Hernandez Castillo, 2015-08-26 April Hernandez-Castillo is a committed and fierce activist in raising awareness about Intimate Partner and Teen dating violence. *Your Voice, Your Choice* is her candid first-person experience with Intimate Partner Violence. She opens up and shares her story in the hope of empowering others to speak up (or to leave) before it's too late. *Your Voice, Your Choice* goes back to the beginning and leads the reader through April's life, tells about her positive upbringing in a Puerto Rican household nestled in the heart of the Bronx, and emphasizes the reliability of that inner voice everyone has. As the reader learns what defined April's voice, they are also asked to dive deep into themselves and decide what it is that is defining their own. It's their choice.

Be Unstoppable: The 8 Essential Actions to Succeed at Anything Alden Mills, 2017-04-11

More than 25,000 copies sold in three languages! Updated and Expanded with New Content
However your past has shaped you, your future is yours to shape, and if you want to shape it for success, you'll find no better coach than Alden Mills. Using the power of a parable and his own experiences as a Navy SEAL and accomplished entrepreneur, Mills shares his proven framework for success as embodied by the action-based acronym UPERSIST: Understand the why; Plan in three dimensions; Exercise to execute; Recognize your reason to believe; Survey your habits; Improvise to overcome; Seek expert advice; and Team up. At the core of *Be Unstoppable* is the parable of a young skipper who meets a remarkable, seasoned captain. This chance meeting changes the young skipper's direction in life, setting him on course to identify and achieve his dreams. Each chapter concludes with action steps distilled from the story and from Alden's experiences as a U.S. Navy SEAL Commander and a business leader and entrepreneur. You see others who have the things you want money, joy, success and suppose that they were born with special talent or into a family which made these things easy to attain. They are just lucky. What you don't know is that there is a methodology to success. *BE UNSTOPPABLE* contains a system to gain this vital skillset.

Managerial Communication Geraldine E. Hynes, 2015-01-22 A Practical, Strategic Approach to Managerial Communication

This book continues to be the market leader due to its strategic approach, solid research base, comprehensive coverage, balanced examination of oral and written communication, and focus on managerial, not entry-level, competencies. Project. Program. Change Roland Gareis, Lorenz Gareis, 2018-06-22 This book gives managers an integrative approach to project, program, and change management. It describes the differences between change in projects versus programs with case studies in both areas and the different life cycles. While the project and change comprise much of the book, it is up to date with its emphasis on agile, scrum, and benefits. The book also describes methods to both initiate and manage a change and what must be done for success and business value.

Texas Politics Cal Jillson, 2013-07-24 The fourth edition of this popular text is now expanded to better fit the needs of a standalone Texas Politics course. Jillson continues to approach the politics of the Lone Star State from historical, developmental, and analytical perspectives, while giving students the most even-handed, readable, and engaging description of Texas politics available today. Throughout the book students are encouraged to connect the origins and development of government and politics in Texas--from the Texas Constitution, to party competition, to the role and powers of the Governor--to its current day practice and the alternatives possible through change and reform. This text helps instructors prepare their students to master the origin and development of the Texas Constitution, the structure and powers of state and local government in Texas, how Texas fits into the U.S. federal system, as well as political participation, the electoral process, and public policy in Texas. Texas Politics offers instructors and students an unmatched range of pedagogical aids and tools. Each chapter opens with an engaging vignette and a series of focus questions to orient readers to the learning objectives at hand and concludes with a chapter summary, a list of key

terms, review questions, suggested readings, and web resources. Key terms are bolded in the text, listed at the end of the chapter, and included in a glossary at the end of the book. Each chapter includes Let's Compare boxes to help students see how Texas sits alongside other states, and Pro & Con boxes to bring conflicting political views into sharper focus. Tables, figures, and photos throughout highlight the major ideas, issues, individuals, and institutions discussed.
