*Terrible Old Games You've Probably Never Heard Of* Stuart Ashen,2015-12-03 In *Terrible Old Games You've Probably Never Heard Of*, Stuart Ashen has created a collection of hilarious and damning reviews of some of the most bizarre, frustrating, pointless and downright terrible video games ever made. And he would know. . . he's played them all. Dripping with wry humour and featuring the best, worst graphics from the games themselves, this book encapsulates the atrocities produced in the days of tight budgets and low quality controls. These are the most appalling games that ever leaked from the industry's tear ducts and have long since been (rightly) relegated to the dusty shelves of history. Welcome to a world of games you never knew existed. You will probably wish you still didn't.

**Cain's Redemption** Dennis Shere, 2005-08-01 Formerly known as America's bloodiest prison, the 18,000 acres that comprise Louisiana's Angola State Penitentiary are now home to 5,000 inmates, a full range of seasonal crops, a 9-hole golf course, yearly rodeos, a Bible seminary, a museum, and much more. All of this came into being at the behest of Warden Burl Cain, who is now the longest-standing warden in the history of Angola prison. Under his leadership, the inmate population of 5,000 has gone from regular knife fights to Bible studies. Cain is a strong believer in the ability of the gospel to turn the most incorrigible of sinners into productive, moral citizens. Because eight out of ten prisoners are serving life sentences without parole at Angola, Cain has taken upon himself the task of making the lives of these prisoners productive and educational. Through a partnership with New Orleans Baptist Seminary, prisoners have the opportunity to get a bible degree and even be transferred to other prisons as a missionary. The Angola phenomenon has been covered by such media outlets as: Time Magazine, Christianity Today, and in the award-winning film documentary, *The Farm: Angola, USA*. Author Dennis Shere combines his background in journalism and law to bring readers this account of redemption and life change in the most unlikely of places: a maximum security prison.

Gaming Cultures and Place in Asia-Pacific Larissa Hjorth, Dean Chan, 2009-06-24 This collection explores the relationship between digital gaming and its cultural context by focusing on the burgeoning Asia-Pacific region. Encompassing key locations for global gaming production and consumption such as Japan, China, and South Korea, as well as increasingly significant sites including

Australia and Singapore, the region provides a wealth of divergent examples of the role of gaming as a socio-cultural phenomenon. Drawing from micro ethnographic studies of specific games and gaming locales to macro political economy analyses of techno-nationalisms and trans-cultural flows, this collection provides an interdisciplinary model for thinking through the politics of gaming production, representation, and consumption in the region.
