A Road Running Southward Dan Chapman,2022-05-26 Engaging hybrid - part lyrical travelogue, part investigative journalism and part jeremiad, all shot through with droll humor. --The Atlanta Journal Constitution In 1867, John Muir set out on foot to explore the botanical wonders of the South, keeping a detailed journal of his adventures as he traipsed from Kentucky southward to Florida. One hundred and fifty years later, on a similar whim, veteran Atlanta reporter Dan Chapman, distressed by sprawl-driven environmental ills in a region he loves, recreated Muir's journey to see for himself how nature has fared since Muir's time. Channeling Muir, he uses humor, keen observation, and a deep love of place to celebrate the South's natural riches. But he laments that a treasured way of life for generations of Southerners is endangered as long-simmering struggles intensify over misused and dwindling resources. Chapman seeks to discover how Southerners might balance surging population growth with protecting the natural beauty Muir found so special. Each chapter touches upon a local ecological problem--at-risk species in Mammoth Cave, coal ash in Kingston, Tennessee, climate change in the Nantahala National Forest, water wars in Georgia, aquifer depletion in Florida--that resonates across the South. Chapman delves into the region's natural history, moving between John Muir's vivid descriptions of a lush botanical paradise and the myriad environmental problems facing the South today. Along the way he talks to locals with deep ties to the land--scientists, hunters, politicians, and even a Muir impersonator--who describe the changes they've witnessed and what it will take to accommodate a fast-growing population without destroying the natural beauty and a cherished connection to nature. A Road Running Southward is part travelogue, part environmental cri de coeur, and paints a picture of a South under siege. It is a passionate appeal, a call to action to save one of the loveliest and most biodiverse regions of the world by understanding what we have to lose if we do nothing.

Bad Girl Gone Temple Mathews,2017-08-08 A recently deceased girl must solve her own murder in order to escape purgatory in *Bad Girl Gone* by Temple Mathews. Sixteen year-old Echo Stone awakens in a cold sweat in a dark room, having no idea where she is or how she got there. But she soon finds out she's in Middle House, an orphanage filled with mysteriously troubled kids. There's just one problem: she's not an orphan. Her parents are very much alive. She explains this to everyone, but no one will listen. After befriending a sympathetic (and handsome) boy, Echo is able to escape Middle House and rush home, only to discover it sealed off by crime scene tape and covered in the evidence of a terrible and violent crime. As Echo grapples with this world-shattering information, she spots her parents driving by and rushes to flag them down. Standing in the middle of street, waving her arms to get their attention, her parents' car drives right through her. She was right. Her parents are alive—but she's not. She's a ghost, just like all the other denizens of Middle House. Desperate to somehow get her life back and reconnect with her still-alive boyfriend, Echo embarks on a quest to solve her own murder. As the list of suspects grows, the quest evolves into a journey of self-discovery in which she learns she wasn't quite the girl she thought she was. In a twist of fate, she's presented with one last chance to reclaim her life and must make a decision which will either haunt her or bless her forever.
