Horizontal Collaboration Navie, Carole Maurel, 2019-05 There is an incident in France's wartime history about which there is little to boast: the treatment of women accused of horizontal collaboration while soldiers were dying. While the resistance was faltering, when innocents were being exterminated, some German men and some French women gave in to their desires, reached out, and loved each other. What happened behind closed doors between those for whom the war was not the only thing that loomed large in their lives?--

Stay Alive Michael Harris, 2021-04-30 When The Hunger Games series began in 2008, many commentators lumped it in with other young adult genre fiction. But The Hunger Games was always more political. It's since become the defining story for a generation that's grown up with economic crisis and never ending war. An uber-rich ruling class gorge themselves in their gleaming high-tech Capitol, while working people are left behind to survive in exploited districts. Revolution is a forgotten hope kept at bay by brutal policing, aching poverty, and rigid class segregation. Suzanne Collins' dark vision has only become more relevant as The Hunger Games generation are thrown into an arena of increasingly brutal competition from which it seems like there is no escape, amid the climate crisis, global pandemics, rampant inequality, authoritarianism, media misinformation, and violence and cruelty as TV spectacle. It's no wonder the story continues to resonate. Stay Alive uses the story to shed light on our own age of extreme inequalities and climate collapse, in which elites use state power, compliant media, and violent spectacle to pacify their populations. The elite endgame is leading us towards our own version of Panem, an authoritarian state order we'll call Capitolism. The world is catching fire. Elites have no intention of burning with us. And yet there is hope, which Michael Harris finds for his readers in revolution and radical solidarity, in the anti-authoritarian, empathetic, cooperative politics of a generation that has no choice but to rebel.

The Case of the Teenage Terminator Angela Elwell Hunt, 2005-08-28 Christine's friends help her investigate the cause of her older brother's increasingly violent behavior after witnessing his frightening outbursts.

Terminator John Arcudi, 1991 This four-color collection finds us in the future as humans continue to struggle under the extermination directive of the Machine. It's an action-packed adventure that follows a small band of soldiers who return to the past--with three new Terminators in hot pursuit!

Welcome to the Rebellion Michael Harris, 2020-06-26 What does it mean that our most popular modern myth is a radical left story about fighting corporate authoritarianism? From its roots in the 1960s new left, Star Wars still speaks to millions of people today. By design, the saga mirrors our own time and politics. A real empire of corporate domination has arisen within weakened and corrupted republics. Now it threatens our existence on a planetary scale. But the popularity of Star Wars also suggests that if we tell the right stories, we can welcome many more people to the rebellion and the fight for a better world...

Deathstroke, The Terminator Vol. 1: Assassins Marv Wolfman, 2015-04-14 Deathstroke, the break-out villain from the 1980s sensation THE NEW TEEN TITANS and current star of the hit TV series Arrow, stars in his own graphic novel series! Then, someone is knocking off the crime bosses of Gotham City. It's up to Deathstroke to eliminate the competition - but Batman doesn't take kindly to him on his turf. And things get even crazier when the masked killer known as the Vigilante enters the fray. Collects DEATHSTROKE THE TERMINATOR #1-9 and THE NEW TITANS #70.

Arnold Arnold Schwarzenegger, Douglas Kent Hall, 2012-07-17 New York Times Bestseller: Arnold Schwarzenegger's classic candid memoir of his extraordinary bodybuilding career and the secrets behind his success. I still remember that first visit to the bodybuilding gym. I had never seen anyone lifting weights before. Those guys were huge and brutal. . . . The weight lifters shone with sweat; they were powerful looking, Herculean. And there it was before me--my life, the answer I'd been seeking. It clicked. It was something I suddenly just seemed to reach out and find, as if I'd been crossing a suspended bridge and finally stepped off onto solid ground. Five-time Mr. Universe, seven-time Mr. Olympia, and Mr. World--all before he became a major movie star and then governor of California--Arnold Schwarzenegger, nicknamed the "Austrian Oak," is the most famous name in bodybuilding. This is his classic bestselling account of his experiences in bodybuilding--his discovery of the sport as a teenager; his parents' pressure to give up on it; his obsessive determination and ambition; and his rise to international celebrity. In addition, Arnold shares his fitness and training secrets--demonstrating with a comprehensive step-by-step program and dietary hints how to use bodybuilding for better health. His program includes a special four-day regimen of specific exercises to develop individual muscle groups--each exercise illustrated with photos of Arnold in action.
