**The Hound of the Baskervilles** Arthur Conan Doyle, 2008-09 Graphic novel adaptation of Sir Arthur Conan Doyle's mystery in which Sherlock Holmes and Dr. Watson travel to the bleak wastes of Dartmoor, England to solve the mystery surrounding the late Sir Charles Baskerville and a ghostly hound.

**The Hound of the Baskervilles** Arthur Conan Doyle, 2014-09-10 *The Hound of the Baskervilles* is the third of the four crime novels written by Sir Arthur Conan Doyle featuring the detective Sherlock Holmes. It is set largely on Dartmoor in Devon in England's West Country and tells the story of an attempted murder inspired by the legend of a fearsome, diabolical hound of supernatural origin. Sherlock Holmes and his companion Dr. Watson investigate the case. This was the first appearance of Holmes since his intended death in *The Final Problem*, and the success of *The Hound of the Baskervilles* led to the character's eventual revival. Sir Charles Baskerville, baronet, is found dead on the grounds of his country

house, Baskerville Hall. The cause is ascribed to a heart attack. Fearing for the safety of Sir Charles's nephew and the only known heir, Sir Henry Baskerville, coming from Canada to claim his inheritance, Dr James Mortimer travels to London and asks Sherlock Holmes for help. Mortimer explains that the Baskerville family is afflicted by a curse. According to an old account, said to have been written in 1742 and describing events which had occurred a century earlier still, during the English Civil War, Hugo Baskerville was infatuated with a farmer's daughter. He kidnapped her and imprisoned her in his bedroom. She escaped and the furious Baskerville offered his soul to the devil if he could recapture her. Aided by friends, he pursued the girl onto the desolate moor. Baskerville and his victim were found dead. She had died from fright, but a giant spectral hound stood guard over Baskerville's body. The hound tore out Baskerville's throat, then vanished into the night. Sir Charles Baskerville had become fearful of the legendary curse and its hellhound. Mortimer concluded that Sir Charles had been waiting for someone when he died. His face was contorted in a ghastly expression, while his footprints suggested that he was running away from something.

**The Hound of the Baskervilles** Arthur Conan Doyle, Sir, 2011-07-17 We owe 1902's *The Hound of the Baskervilles* to Arthur Conan Doyle's good friend Fletcher Bobbles Robinson, who took him to visit some scary English moors and prehistoric ruins, and told him marvelous local legends about escaped prisoners and a 17th-century aristocrat who fell afoul of the family dog. Doyle transmogrified the legend: generations ago, a hound of hell tore out the throat of devilish Hugo Baskerville on the moonlit moor. Poor, accursed Baskerville Hall now has another mysterious death: that of Sir Charles Baskerville. Could the culprit somehow be mixed up with secretive servant Barrymore, history-obsessed Dr. Frankland, butterfly-chasing Stapleton, or Selden, the Notting Hill murderer at large? Someone's been signaling with candles from the mansion's windows. Nor can supernatural forces be ruled out. Can Dr. Watson--left alone by Sherlock Holmes to sleuth in fear for much of the novel--save the next Baskerville, Sir Henry, from the hound's fangs? Many Holmes fans prefer Doyle's complete short stories, but their clockwork logic doesn't match the author's boast about this novel: it's a real Creeper! What distinguishes this particular Hound is its fulfillment of Doyle's great debt to Edgar Allan Poe--it's full of ancient woe, low moans, a Grimpen Mire that sucks ponies to Dostoyevskian deaths, and locals digging up Neolithic skulls without next-of-kins' consent. The longer one stays here the more does the spirit of the moor sink into one's soul, Watson realizes. Rank reeds and lush, slimy water-plants sent an odour of decay ... while a false step plunged us more than once thigh-deep into the dark, quivering mire, which shook for yards in soft undulations around our feet ... it was as if some malignant hand was tugging us down into those obscene depths. Read on--but, reader, watch your step!

The Hound of the Baskervilles(annotated) Arthur Conan Doyle,2021-07-12 The Hound of the Baskervilles opens with a mini mystery--Sherlock Holmes and Dr. Watson speculate on the identity of the owner of a cane that has been left in their office by an unknown visitor. Wowing Watson with his fabulous powers of observation, Holmes predicts the appearance of James Mortimer, owner of the found object and a convenient entrée into the baffling curse of the Baskervilles.Entering the office and unveiling an 18th century manuscript, Mortimer recounts the myth of the lecherous Hugo Baskerville. Hugo captured and imprisoned a young country lass at his estate in Devonshire, only to fall victim to a marauding hound of hell as he pursued her along the lonesome moors late one night. Ever since, Mortimer reports, the Baskerville line has been plagued by a mysterious and supernatural black hound. The recent death of Sir Charles Baskerville has rekindled suspicions and fears. The next of kin, the duo finds out, has arrived in London to take up his post at Baskerville Hall, but he has already been intimidated by an anonymous note of warning and, strangely enough, the theft of a shoe. Agreeing to take the case, Holmes and Watson quickly discover that Sir Henry Baskerville is being trailed in London by a mysterious bearded stranger, and they speculate as to whether the ghost be friend or foe. Holmes, however, announces that he is too busy in London to accompany Mortimer and Sir Henry to Devonshire to get to the bottom of the case, and he sends Dr. Watson to be his eyes and ears, insisting that he report back regularly. Once in Devonshire, Watson discovers a state of emergency, with armed guards on the watch for an escaped convict roaming the moors. He meets potential suspects in Mr. Barrymore and Mrs. Barrymore, the domestic help, and Mr. Jack Stapleton and his sister Beryl, Baskerville neighbors. A series of mysteries arrive in rapid succession: Barrymore is caught skulking around the mansion at night; Watson spies a lonely figure keeping watch over the moors; and the doctor hears what sounds like a dog's howling. Beryl Stapleton provides an enigmatic warning and Watson learns of a secret encounter between Sir Charles and a local woman named Laura Lyons on the night of his death. Doing his best to unravel these threads of the mystery, Watson discovers that Barrymore's nightly jaunts are just his attempt to aid the escaped con, who turns out to be Mrs. Barrymore's brother. The doctor interviews Laura Lyons to assess her involvement, and discovers that the lonely figure surveying the moors is none other than Sherlock Holmes himself. It takes Holmes--hidden so as not to tip off the villain as to his involvement--to piece together the mystery. Mr. Stapleton, Holmes has discovered, is actually in line to inherit the Baskerville fortune, and as such is the prime suspect. Laura Lyons was only a pawn in Stapleton's game, a Baskerville beneficiary whom Stapleton convinced to request and then miss a late night appointment with Sir Charles. Having lured Charles onto

the moors, Stapleton released his ferocious pet pooch, which frightened the superstitious nobleman and caused a heart attack. In a dramatic final scene, Holmes and Watson use the younger Baskerville as bait to catch Stapleton red-handed. After a late supper at the Stapletons', Sir Henry heads home across the moors, only to be waylaid by the enormous Stapleton pet. Despite a dense fog, Holmes and Watson are able to subdue the beast, and Stapleton, in his panicked flight from the scene, drowns in a marshland on the moors. Beryl Stapleton, who turns out to be Jack's harried wife and not his sister, is discovered tied up in his house, having refused to participate in his dastardly scheme.

**The Hound of the Baskervilles** Arthur Doyle, 2020-05-14 Perhaps the most popular of all Sherlock Holmes stories, *The Hound of the Baskervilles* combines the traditional detective tale with elements of horror. When Sir Charles Baskerville is found dead on the wild Devon moorland with the footprints of a giant hound nearby, the blame is placed on a family curse-and it is up to Holmes and Watson to solve the mystery of the legend. Rationalism is pitted against the supernatural and good against evil, as Sherlock Holmes tries to defeat a foe almost his equal. Mr. Sherlock Holmes, who was usually very late in the mornings, save upon those not infrequent occasions when he was up all night, was seated at the breakfast table. I stood upon the hearth-rug and picked up the stick which our visitor had left behind him the night before. It was a fine, thick piece of wood, bulbous-headed, of the sort which is known as a Penang lawyer. Just under the head was a broad silver band nearly an inch across. To James Mortimer, M.R.C.S., from his friends of the C.C.H., was engraved upon it, with the date 1884. It was just such a stick as the old-fashioned family practitioner used to carry--dignified, solid, and reassuring.
