

# The Kit

Richard Williams

**Secrets of the Sprakkar** Eliza Reid, 2022-02 The Canadian first lady of Iceland pens a book about why this tiny nation is leading the charge in gender equality, in the vein of *The Moment of Lift*. Iceland is the best place on earth to be a woman—but why? For the past twelve years, the World Economic Forum’s Global Gender Gap Report has ranked Iceland number one on its list of countries closing the gap in equality between men and women. What is it about Iceland that enables its society to make such meaningful progress in this ongoing battle, from electing the world’s first female president to passing legislation specifically designed to help even the playing field at work and at home? The answer is found in the country’s *sprakkar*, an ancient Icelandic word meaning extraordinary or outstanding women. Eliza Reid—Canadian born and raised, and now first lady of Iceland—examines her adopted homeland’s attitude toward women: the deep-seated cultural sense of fairness, the influence of current and historical role models, and, crucially, the areas where Iceland still has room for improvement. Throughout, she interviews dozens of *sprakkar* to tell their inspirational stories, and expertly weaves in her own experiences as an immigrant from small-town Canada. The result is an illuminating discussion of what it means to move through the world as a woman and how the rules of society play more of a role in who we view as equal than we may understand. What makes many women’s experiences there so positive? And what can we learn about fairness to benefit our society? Like influential

and progressive first ladies Eleanor Roosevelt, Hillary Rodham Clinton, and Michelle Obama, Reid uses her platform to bring the best of her nation to the world. *Secrets of the Sprakkar* is a powerful and atmospheric portrait of a tiny country that could lead the way forward for us all.

*The Kit-cats, a Poem* Sir Richard Blackmore, 1708  
Pushing the KIT 2 MW Coaxial-Cavity Short-Pulse Gyrotron Towards a DEMO Relevant Design Ruess, Sebastian, 2021-01-22 Magnetic fusion is one approach to generate thermonuclear fusion power in an environmental friendly way. The Electron Cyclotron Resonance Heating is considered as the major concept for startup, heating and control of the fusion plasma. Megawatt-class gyrotrons generate the required microwave power. This work focuses on advanced key components and technologies for a DEMO relevant 2 MW gyrotron. One major focus is on the development of advanced Magnetron Injection Guns. Another focus is on the red

**Dr. Garth, the Kit-Kat Poet 1661-1718** Harvey Cushing, 1906 A part of the Duke Medical Center Library History of Medicine Ephemera Collection.

*Scraps from the kit of a dead rebel, edited by C. D. L. [In verse.]* C. D. L., 1858

**A Kit Story** Kristen Tracy, Alison Farrell, 2022-03-08 Alison Farrell's *The Hike* meets Richard Scarry's *I Am a Bunny* in this delightful board book that combines sweetness and science. I am a fox. Do you see me? Timeless and nostalgic, quirky and fresh, lightly educational and wholly heartfelt, this autobiography of a fox kit will

delight all cuddlers and snugglers. See the world through a fox kit's eyes in a charming book about finding your place in the world. Over the course of four seasons, Kit comes of age in the forest. In spring, she gambols. In autumn, she races. In summer, she sneaks and slinks. But with her mama, she will always be a little kit. This is the second in a series of board books that pairs Kristen Tracy's enchanting, playful text with Alison Farrell's sweet, endearing art for an adorable treatment of everyone's favorite topic: baby animals!

**PERFECT FOR BEDTIME KISSES:** The story goes through a day in the life of a baby fox kit and ends tucked into her den with her mama fox. It's the perfect book to take families through their own day, complete with a cozy goodnight moment!

**ENCOURAGES CHILDREN TO IMAGINE OTHER PERSPECTIVES:** This book is told in the first person: I am a fox. The unusual narrator will get the youngest readers thinking about what it's really like to be a little fox kit!

**TEACHES COMPARISONS:** The idea of seeing through the animal's eyes using comparisons to familiar ideas (Kit is slower than a hummingbird but faster than a turtle) is a perfect introduction to comparative logic.

**TEACHES SEASONS:** Readers will delight in following Kit through all four seasons of the year, learning what she does differently in spring than she does in summer, what she does for the first time in autumn, and how she experiences winter.

**CRITICALLY ACCLAIMED ILLUSTRATOR:** Alison Farrell is the author-illustrator of the fan favorite *The Hike*, along with *Cycle City*, *Bicycle Bash*, and *A Cub Story*, the first book in this

series. Here she brings her love of science and sweet animals to a brand-new series about forest critters! **BABY ANIMALS!** There's one thing all babies love: baby animals! There are all kinds of animals to look at and learn about in these pages filled with wildlife and with love. Careful eyes will spot animals hidden everywhere in the detail-rich, evocative scenes. **A BOOK TO BOND OVER:** This is the perfect cuddly read between baby and parent, since it's focused on baby animals and their families. Perfect for: • Parents • Grandparents • Friends searching for the perfect baby shower gift • Animal lovers

98. *6 Degrees* Cody Lundin, 2011-05-16 If you breathe and have a pulse, you **NEED** this book. - Cody Lundin Cody Lundin, director of the Aboriginal Living Skills School in Prescott, Arizona, shares his own brand of wilderness wisdom in this highly anticipated new book on commonsense, modern survival skills for the backcountry, the backyard, or the highway. It is the ultimate book on how to stay alive-based on the principal of keeping the body's core temperature at a lively 98.6 degrees. In his entertaining and informative style, Cody stresses that a human can live without food for weeks, and without water for about three days or so. But if the body's core temperature dips much below or above the 98.6 degree mark, a person can literally die within hours. It is a concept that many don't take seriously or even consider, but knowing what to do to maintain a safe core temperature when lost in a blizzard or in the desert could save your life. Lundin delivers the message with wit,

rebellious humor, and plenty of backcountry expertise. Cody Lundin and his Aboriginal Living Skills School have been featured in dozens of national and international media sources, including Dateline NBC, CBS News, USA Today, The Donny and Marie Show, and CBC Radio One in Canada, as well as on the cover of Backpacker magazine. When not teaching for his own school, he is an adjunct faculty member at Yavapai College and a faculty member at the Ecosa Institute. Cody is the only person in Arizona licensed to catch fish with his hands, and lives in a passive solar earth home sixty miles from Prescott, Arizona.

*Kit Feeny* Michael Jay Townsend, 2009 When plucky Kit Feeny moves to a new town, he immediately makes an enemy of the sadistic school bully and must struggle to find friends who share his

interests.

**Knitting** Anne Akers Johnson,2013-07-22 No other craft has such dual appeal as knitting: its simultaneously trendy and traditional, fresh and old-fashioned, ultra-cool and completely classic. This classic Klutz book has been given a makeover, with a fresh new cover and our favourite wrap-able, stackable, boxy format. Novice crafters will be guided from step zero (how to hold needles and yarn) to look-what-I-made finished projects all clearly explained in plain language with no confusing abbreviations, diagrams or codes. Includes: 96-page instruction book, worsted weight yarn, a pair of bamboo knitting needles, a crochet hook, two cute buttons and a yarn needle.
