Traditional Architecture of the Arabian Gulf R. Hawker, 2008-06-10 This book chronicles the florescence of architecture in the Arabian Gulf after the expulsion of the Portuguese in the early 1600's. It demonstrates how the power vacuum created by the collapse of Portuguese control over the trade routes in the Indian Ocean encouraged a growth in fortified architecture, especially in Oman, that radiated out to the surrounding region and was then slowly replaced by new patterns in domestic and public architecture and town planning throughout the Gulf as the trade lines were secured and the individual countries took the first steps towards the formation of today's modern nation-states. The book documents the buildings and crafts of this era and analyses them within the framework of the political, economic, and social information available through primary sources from the period in a way that is both intelligent and accessible. It considers the settlements as part of a larger-connected network of cities, towns and villages and focuses both on how the buildings provided innovative solutions to the demanding climate and yet incorporated new decorative and functional ideas. Topics are extensively and richly illustrated with colored photographs of the buildings as they are now, black and white and color historic photographs from archival and museum collections, line drawings, and computer-generated reconstructions. The book is therefore attractive to a number of audiences, including those who live in or travel to the Gulf as well as people with an interest in Arab and Islamic design, culture and society, vernacular architecture, and post-colonial approaches to colonial history.

READER DISCRETION IS ADVISED! BOOK ONE SYNOPSIS: At the age of nine, Lily is forcefully torn from her mother's arms and sold at a Negro auction by her master, a man who Lily learns that day is her very own father. Seeking solace from such devastation, Lily secretly begins teaching herself to play her new master's piano: an instrument that she is forbidden from touching. Lily becomes an extraordinary pianist and gets away with secretly playing for fourteen years until the master's son, James, discovers her deceit. The punishment that James gives Lily starts her on an unprecedented journey that dramatically alters her life and influences the lives of thousands, including a man with great power. Lily's groundbreaking journey also unveils the secret altruistic love of a particular man who has been forbidden from expressing his love to her for years. But the question remains whether or not the strength of his love will be powerful enough to free Lily from the shackles of slavery and protect her dreams and her life while on her turbulent Journey to Winter Garden. MESSAGE TO POTENTIAL READERS: This book series is recommended for those who are seeking a very raw, real, deeply emotional, and cerebral story. It is a very long continuous turbulent saga and is, therefore, NOT recommended for those who are seeking a storyline with instant gratification. It is also not recommended for those seeking escapism that only consists of joyous moments. AMAZON REVIEW 5 stars: A must read This is not a frivolous story of a slave falling in love with her master, it's definitely not a case of Stockholm syndrome. It is the story of a love that began as innocently as children where color barriers and slavery haven't distorted their world yet. -Dona B.

Immortal Gillian Shields,2009-08-04 Wyldcliffe Abbey School for Young Ladies, housed in a Gothic mansion on the bleak northern moors, is elite, expensive, and unwelcoming. When Evie Johnson is torn away from her home by the sea to become the newest scholarship student, she is more isolated than she could have dreamed. Strict teachers, snobbish students, and the oppressive atmosphere of Wyldcliffe leave Evie drowning in loneliness. Evie's only lifeline is Sebastian, a rebellious, mocking, dangerously attractive young man she meets by chance. As Evie's feelings for Sebastian grow with each secret meeting, she starts to fear that he is hiding something about his past. And she is haunted by glimpses of a strange, ghostly girl—a girl who is so eerily like Evie, she could be a sister. Evie is slowly drawn into a tangled web of past and present that she cannot control. And as the extraordinary, elemental forces of Wyldcliffe rise up like the mighty sea, Evie is faced with an astounding truth about Sebastian, and her own incredible fate. Gillian Shields's electrifying tale will dazzle readers with suspense, mysticism, and romance.

Joan Brown Janet Bishop,Nancy Lim,2022 This exhibition catalog accompanies a retrospective exhibition of prolific San Francisco-born painter Joan Brown (1938-1990), the first significant survey of her work in more than twenty years. Joan Brown charts the turns and devotions of a vision that was once dismissed by critics as unserious but was in fact rooted firmly in research and impassioned curiosity that remains uniquely compelling today. Deeply embedded in the Bay Area art scene, Brown drew inspiration from many sources to create a charmingly offbeat body of work that merges autobiography, fantasy, and whimsy with weightier metaphysical and spiritual imagery and themes. Featuring texts by curators Janet Bishop and Nancy Lim as well as essays by Solomon Adler, Marci Kwon, and Helen Molesworth, this lavishly illustrated book establishes Brown's relationship to the self and family, to art history, and to her wider artistic community, while examining the unique materiality of her paintings and exploring her singular vision. In addition, select Brown works will be paired with

commentaries by contemporary artists ranging from friends and peers, such as Ron Nagle, to younger artists inspired by her work, such as Woody De Othello--

Water Societies and Technologies from the Past and Present Mark Altaweel,Yijie Zhuang,2018-11-26 Today our societies face great challenges with water, in terms of both quantity and quality, but many of these challenges have already existed in the past. Focusing on Asia, *Water Societies and Technologies from the Past and Present* seeks to highlight the issues that emerge or re-emerge across different societies and periods, and asks what they can tell us about water sustainability. Incorporating cutting-edge research and pioneering field surveys on past and present water management practices, the interdisciplinary contributors together identify how societies managed water resource challenges and utilised water in ways that allowed them to evolve, persist, or drastically alter their environment. The case studies, from different periods, ancient and modern, and from different regions, including Egypt, Sri Lanka, Cambodia, Southwest United States, the Indus Basin, the Yangtze River, the Mesopotamian floodplain, the early Islamic city of Sultan Kala in Turkmenistan, and ancient Korea, offer crucial empirical data to readers interested in comparing the dynamics of water management practices across time and space, and to those who wish to understand water-related issues through conceptual and quantitative models of water use. The case studies also challenge classical theories on water management and social evolution, examine and establish the deep historical roots and ecological foundations of water sustainability issues, and contribute new grounds for innovations in sustainable urban planning and ecological resilience.

When Jameela Mirza is picked to be feature editor of her middle school newspaper, she's one step closer to being an award-winning journalist like her late grandfather. The problem is her editor-in-chief keeps shooting down her article ideas. Jameela's assigned to write about the new boy in school, who has a cool British accent but doesn't share much, and wonders how she'll make his story gripping enough to enter into a national media contest. Jameela, along with her three sisters, is devastated when their father needs to take a job overseas, away from their cozy Georgia home for six months. Missing him makes Jameela determined to write an epic article—one to make her dad extra proud. But when her younger sister gets seriously ill, Jameela's world turns upside down. And as her hunger for fame looks like it might cost her a blossoming friendship, Jameela questions what matters most, and whether she's cut out to be a journalist at all...
