Edward L. Burchard, Edward Lawver Burchard

Beautiful Olympic Peninsula Travel Guide Karen Patry, 2018-05-23 Lots of planning and preparation happens before the dream vacation does. Beautiful Olympic Peninsula Travel Guide prepares and accompanies you from start to finish.

- Plan your trip and settle on an itinerary. Finalize your plans with lists of local festivals, equipment rentals, and whale-watching or commercial tour companies.
- Pore over the main travel guide's 204 pages and 22 modules as you plan and as you travel. It'll give you a bit of history, all the local attractions, and some of the best hotels and restaurants.
- While you're having the time of your life, we keep your days exciting – in a good way – by cluing you in to road conditions, weather forecasts, tide charts and apps, and highway mileage charts.
- The book also provides a bit of Olympic Mountain history, explanations regarding rainshadows and rainforests, local rainfall averages, and some of the amazing local flora and fauna.
- A comprehensive index will put the info at your fingertips when you need it.

There's much more than this inside these covers, of course, but now you know this book might just be an indispensable part of your dream vacation.

The Barefoot Navigator Jack Lagan, 2017-09-07 'Barefoot navigation: 5,000 years in the making.' Barefoot Navigator introduces us to a unique take on navigation – using the skills of the ancients and technology-free techniques, we learn how to navigate using the sun, sea, wind and stars, and even the flight patterns of ocean birds. The first part of this absorbing book recounts a colourful history of seafarers and their navigation techniques. How did the Polynesians manage to populate an area of ocean larger than North America simply by analysing clouds, currents and wind direction? How did the Vikings routinely travel on the notorious stretches of water between Iceland, Greenland and Scandinavia? The second part shows how to use these ancient techniques to supplement today's navigational hardware, especially in survival situations. Fascinating history, useful advice, enjoyable writing, and different to every other navigation reference out there, this second edition has been beautifully packaged in a hardback format, with new illustrations and thoroughly revised text.
