Timepiece Richard Paul Evans, 2012-10-16 Of all, clockmakers and morticians should bear the keenest sense of priority-their lives daily spent in observance of the unflagging procession of time... and the end thereof. - DAVID PARKIN'S DIARY. JANUARY 3, 1901 So begins Timepiece, the unforgettable story of hope and the source of the wisdom MaryAnne Parkin shared with Richard in The Christmas Box. With the help of David Parkin's diary, Richard discovers the mystery of the timepiece and the significance of MaryAnne's request. Nineteen years previous, only eleven days before her death, MaryAnne Parkin had bequeathed a beautiful rose-gold timepiece to my keeping. The day before you give Jenna away, she had said, her voice trembling as she handed me the heirloom, give this to her for the gift. I was puzzled by her choice of words. Her wedding gift? I asked. She looked at me sadly, then forced a fragile smile. You will know what I mean.

Timepiece Brian Ball, 2015-06-30 The mindbending search for time itself. Book two of the Galactic Federation series.

Timepiece Janice Shinebourne, 1986 This novel explores the connections between personal and political integrity and reflects sensitively on the position of women in Guyanese society. Sandra Yansen must leave behind the close ties of family and village when she takes a job as a reporter in Georgetown. After establishing a tenuous footing in the city, Sandra is summoned home, where she encounters the enduring matriarchy of her mother's friends. Their values sustain Sandra in her search for independence.

Timepiece Heather Albano, 2017-01-03 You only THINK you know what happened at Waterloo The real story involved more monsters. And a lot more time travel If Jane Austen and Mary Shelley had locked H. G. Wells in a dungeon and revised his wildest work, the result would have been something like this rollicking steampunk time-travel adventure that still manages to be a comedy of manners. Albano's delightful characters confront not only monsters and killer robots, but their own divided loyalties between personal happiness and the fate of their country. - Ken Schneyer It's 1815, and Wellington's badly-outnumbered army stares across the field of Waterloo at Napoleon's forces. Desperate to hold until reinforcements arrive, Wellington calls upon a race of monsters created by a mad Genevese scientist 25 years before. It's 1815, and a discontented young lady sitting in a rose garden receives a mysterious gift: a pocket watch that, when opened, displays scenes from all eras of history. Past...and future. It's 1885, and a small band of resistance fighters are resorting to increasingly extreme methods in their efforts to overthrow a steampunk Empire whose clockwork gears are slick with its subjects' blood. Are these events connected? Oh, come now. That would be telling. "Waterloo and time travel are made for each other and Heather Albano has done a wonderful job of giving us a delightful cast of characters, tasked with

stitching together the proper nineteenth century while fending off several monstrous alternatives. Propulsive adventure with historical insight." – Kim Stanley Robinson

The Forgotten Timepiece Joyce Licorish, 2017-07-13 What happens when you mysteriously transport a beautiful, spoiled, rebellious, entitled, racially biased and presumably white all-American girl from 2009 back in time where she is forced to live out the life of a slave in the antebellum South? Torn between times, love survival, conformity, and resistance, SeRina is determined to return home, but how? Lodged in 1859 living the life of a slave instead of her life of luxury, Freedom, the once insignificant, simple and presupposed word now held a new value in her mind, and she wondered if she would ever taste it again.--Publisher's description.

The Timepiece Beverly Lewis, 2019-09-17 As the only daughter, Sylvia Miller of The Tinderbox has always held a special place in her Old Order family, one Adeline Pelham jeopardizes when she shows up at the Millers' Hickory Hollow farm. It isn't that Adeline means to be a threat, but her very existence is a reminder of the painful secret that has so recently upended the Miller household. And with Sylvia and her mother still struggling to come to terms with that news, this is a challenging time to welcome an Englisher--especially this Englisher--into their midst. Despite the Millers' unexpected hospitality, Adeline is well aware that she's treading on Sylvia's turf, and she feels guilty about doing so when Sylvia is grappling with issues of her own. Not only is Sylvia trying to rebuild her trust in her father, but she's uncertain what to make of her once-promising engagement to Titus Kauffman, who hasn't pursued her since she confronted him. Adeline wishes she could help Sylvia, but she's not sure that either she or Sylvia is ready for that

level of closeness in their relationship. Can God make something good come out of the mistakes of the past? Or does Adeline's arrival mark one too many surprises for the Millers and their Amish community?

Timepiece: An Hourglass Novel Myra McEntire, 2012-06-12 Kaleb Ballard was never supposed to be able to see ripples—cracks in time. Are Kaleb's powers expanding, or is something very wrong? Before Kaleb can find out, Jonathan Landers, the man who tried to murder his father, reappears. Why is he back, and what, or whom, does he want? In the wake of Landers's return, the Hourglass organization is offered an ultimatum by a mysterious man. Either they find Landers and the research he has stolen on people who might carry the time gene, or time will be altered—with devastating results for the people Kaleb loves most. Now Kaleb, Emerson, Michael, and the other Hourglass recruits have no choice but to use their extraordinary powers to find Landers. But where do they even start? And when? Even if they succeed, just finding him may not be enough. . . . The follow-up to Hourglass, *Timepiece* blends the paranormal, science-fiction, mystery, and suspense genres into a nonstop thrill ride where every second counts.

Sophie's Timepiece Mary Chapman, 2008 Sophie's Aunt Rose comes to visit and gives Sophie a family heirloom - her Great Great Grandfather's timepiece. The timepiece looks a bit dull to Sophie, but when it takes her on an exciting adventure back to the time of the Romans, she realises it is no ordinary watch after all!

The Timepiece and the Girl who Went Astray O. R. Simmonds, 2021 William Wells, a gifted but risk-averse US college dropout living an unadventurous life in London, stumbles upon a mysterious timepiece with the ability to alter time. When the Timepiece's previous owner is brutally murdered by unknown assailants, Will flees, only to see his girlfriend, Abigayle, vanish before his eyes when she comes into contact with this remarkable watch. He now finds himself alone in an unfamiliar city, wanted for a murder he didn't commit and the prime suspect in a woman's disappearance. Whether he knows it or not, Will does have one advantage - control over the most powerful force in the universe: time. The only problem is that he has no idea how to wield it. Those that do, members of a secretive and long-forgotten organisation, are also on his trail and there are no lines they won't cross to recover The Timepiece--Cover, page 4.

The Timepiece Susan Soares, SJS Editorial Services, 2018-11-11 It's not an adventure 'til something goes wrong. That's what the Traveler's Code says. Hoops is a normal kid with a boring life, but he craves adventure and the chance to be a hero. Little does Hoops know that an evil wizard, trapped in one of the worlds, will stop at nothing to steal the timepiece and escape to the other worlds, where his power can be unleashed and he can carry out his revenge against the Traveler's League. Can Hoops evade the wizard's snares and become a member of the Traveler's League? The Timepiece is Book 1 in The Traveler's League Series. The Atemporal Timepiece Gareth Lewis, 2023-12-18 There's a new artifact out in the world, and already a race to claim it. Not only from the usual suspects. Someone new is interested in artifacts, as awareness of them spreads. Amanda has enough trouble dragging the Euclidean into the present, but the (increasingly less) secret society does not respond calmly to threats. When the other councillors can view it as her fault, Amanda has to find a way to turn the threat to her advantage, before she becomes expendable.

Once Upon a Timepiece Starr Wood, 2013-11-29 When Conrad Sands returns a wristwatch to an old flame after 20 years apart, a remarkable chain of events begins. The watch passes through the hands of a gold-digger, a journalist, an

enchantress and a professor. It touches the lives of a rogue art collector, a domestic helper, and an environmental campaigner. It influences a reverend's apprentice, a kept wife, and a self-made man. All of them are strangers, yet all are intricately linked in ways that none of them see. A deeply thought-provoking debut novel from Starr Wood, *Once Upon a Timepiece* is a gripping portrayal of humanity's relationship with time and the unseen threads of history that bind us together. Told through a series of twelve interconnected short stories, it explores memory and regret, ambition and weakness, and the texture of time that lies behind all our lives.

The Timepiece Legacy Kevin D Miller, 2023-09-12 Dr. Bodhi McMullin is a successful, albeit unconventional orthopedic surgeon in sunny Southern California. A former collegiate quarterback at UCLA, Bodhi is a tall and handsome presence. Nearly a year after a painful divorce from his high school sweetheart, Savannah, Bodhi struggles in his relationship with their seventeen-year-old daughter, Cassie, who blames him for a divorce he never wanted. If that wasn't enough, the grandmother who raised him lies in a hospice room clinging to the remaining few moments of her life as she awaits Bodhi's arrival. Gram gifts Bodhi a mysterious and unusual pocket watch after she reveals that his grandfather isn't his biological grandfather and claims the timepiece is a mystical device that allows its owner to travel through time. His medical training leaves him questioning her mental condition. But unforeseen events push Bodhi to the brink of his own sanity and the possibility that maybe Gram wasn't crazy after all. After discovering his grandmother's journal and learning of the terminal illness that his ex-wife, Savana, now faces, Bodhi attempts to test the timepiece's powers in an effort to change the past and spare his only daughter the devastation of losing her

mother to cancer. But the past is a tricky world to navigate and interfering with events that have already taken place has unpredictable and insufferable consequences. Bodhi finds himself trapped in a time and place he never anticipated and learns that discovering love in a place he doesn't belong creates a magnitude of dangerous and terrifying choices that affect everyone dear to him. But now he faces an unthinkable new development. Bodhi has lost his only daughter to a violent vortex in time and space and must figure out a way to rescue her before time runs out.
