Egypt's Foreign Policy in Times of Crisis Ahmed Aboul Gheit,2020-04-07 An Egyptian foreign minister's fascinating account of his time in office during the final years of the Mubarak era Ahmed Aboul Gheit served as Egypt's minister of foreign affairs under President Hosni Mubarak from 2004 until 2011. In this compelling memoir, he takes us inside the momentous years of his time in office, revealing the complexities and challenges of foreign-policy decision-making and the intricacies of interpersonal relations at the highest levels of international diplomacy. Readable, discerning, often candid, Egypt's Foreign Policy in Times of Crisis details Aboul Gheit's working relationship with the Egyptian president and his encounters with both his own colleagues and politicians on the world stage, providing rich behind-the-scenes insight into the machinery of government and the interplay of power and personality within. He paints a vivid picture of Egyptian-U.S. relations during the challenging years that followed September 11 and the 2003 U.S. invasion of Iraq, as we navigate the bumpy terrain of negotiations, discussions, and private meetings with the likes of Colin Powell, Condoleezza Rice, Dick Cheney, and Hillary Clinton. Successive attempts by Egypt to revive Palestinian-Israeli negotiations, U.S. assistance to Egypt, and the issue of NGO funding get full play in his account, as do other matters of paramount concern, not least Egypt's strenuous attempts to reach an agreement with fellow riparian states over the sharing of the Nile waters; Sudan, Libya, and Cairo's engagement with the wider African continent; the often tense negotiations surrounding UN Security Council reform; and relations with Iran and the Gulf states. More than a memoir, this book by a senior statesman and veteran of Egypt's foreign affairs is a tour de force of Middle Eastern politics and international relations in the first decade of the twenty-first century and an account of the powers and practice of one of Egypt's most stable and durable institutions of state.

**For Good Measure** Joseph E. Stiglitz,2019-11-19 Today's leading economists weigh in with a new dashboard of metrics for measuring our economic and social health What we measure affects what we do. If we focus only on material well-being—on, say, the production of goods, rather than on health, education, and the environment—we become distorted in the same way that these measures are distorted. —Joseph E. Stiglitz A consensus has emerged among key experts that our conventional economic measures are out of sync with how most people live their lives. GDP, they argue, is a poor and outmoded measure of our well-being. The global movement to move beyond GDP has attracted some of the world's leading economists, statisticians, and social thinkers who have worked collectively to articulate new approaches to measuring economic well-being and social progress. In the decade since the 2008 economic crisis, these experts have come together to determine what indicators can actually tell us about people's lives. In the first book of its kind, leading economists from around the world, including Thomas Piketty, Emmanuel Saez, Elizabeth Beasely, Jacob Hacker, François Bourguignon, Nora Lustig, Alan B. Krueger, and Joseph E. Stiglitz, describe a range of fascinating metrics—from economic insecurity and environmental sustainability to inequality of opportunity and levels of trust and resilience—that can be used to supplement the simplistic measure of gross domestic product, providing a far more nuanced and accurate account of societal health and well-being. This groundbreaking volume is sure to provide a major source of ideas and inspiration for one of the most important intellectual movements of our time.

**Assisting Care Leavers Time for Action** OECD,2022-06-13 Young adults who have lived in out-of-home care at some point during their childhood often struggle to build stable lives. This is not surprising: typically young care leavers not only have to overcome a difficult childhood, but also tend to receive less support during the crucial years of early adulthood than youth living with their parents.
