The Best Time to do Everything Michael Kaplan,2008-12-01 The Best Time to Do Everything is really just that-a guide to the best time to do everything in life. From buying shoes to cleaning a murder scene, each entry is built around the well-informed advice of an expert in that particular field: Donald Trump on the best time to haggle, Johnny Ramone on the best time to learn to play guitar, Bill Maher on the best time for a political conversation, the Car Talk guys on the best time to repair your car. Not all of the advice comes from celebrities, but all of it does come from people who know their stuff. Incredibly useful (best time to buy life insurance, best time to look for a job, best time to purge and organize), entertaining (best time to start a high-fashion modeling career, best time to approach a celebrity, best time to cheat on your diet), and outrageous (best time to get punched in the face, best time for a coup, best time to have sex with 209 strangers), The Best Time to Do Everything is educational, practical, and wholly addictive. Michael Kaplan is a journalist based in Brooklyn, NY, and his writing has appeared in Wired, Details, Spin, Playboy, and SmartMoney. He is the author of the nonfiction book Buried Mistakes and the gambling columnist for Cigar Aficionado.

Why God Must Do What is Best Justin J. Daeley,2021-09-09 The idea that God, understood as the most perfect being, must create the best possible world is often underacknowledged by contemporary theologians and philosophers of religion. This book clearly demonstrates the rationale for what Justin J. Daeley calls Theistic Optimism and interacts with the existing literature in order to highlight its limitations. While locating Theistic Optimism in the thought of Gottfried Leibniz, Daeley argues that Theistic Optimism is consistent with divine freedom, aseity, gratitude, and our typical modal intuitions. By offering plausible solutions to each of the criticisms levelled against Theistic Optimism, he also provides a vigorous and original defence against the charge that it deviates from the Christian tradition. Engaging with both the Christian tradition and contemporary theologians and philosophers, *Why God Must Do What is Best* positions the idea of Theistic Optimism firmly within the language of contemporary philosophy of religion.

Wrong's what I Do Best Barbara Ching,2001 This is the first study of hard country music as well as the first comprehensive application of contemporary cultural theory to country music. Barbara Ching begins by defining

the features that make certain country songs and artists hard. She compares hard country music to high American culture, arguing that hard country deliberately focuses on its low position in the American cultural hierarchy, comically singing of failures to live up to American standards of affluence, while mainstream country music focuses on nostalgia, romance, and patriotism of regular folk. With chapters on Hank Williams Sr. and Jr., Merle Haggard, George Jones, David Allan Coe, Buck Owens, Dwight Yoakam, and the Outlaw Movement, this book is written in a jargon-free, engaging style that will interest both academic as well as general readers.

Daring Greatly Brené Brown, 2013-01-17 Researcher and thought leader Dr. Brené Brown offers a powerful new vision in *Daring Greatly* that encourages us to embrace vulnerability and imperfection, to live wholeheartedly and courageously. 'It is not the critic who counts; not the man who points out how the strong man stumbles, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; . . . who at best knows in the end the triumph of high achievement, and who at worst, if he fails, at least fails while daring greatly' -Theodore Roosevelt Every time we are introduced to someone new, try to be creative, or start a difficult conversation, we take a risk. We feel uncertain and exposed. We feel vulnerable. Most of us try to fight those feelings - we strive to appear perfect. Challenging everything we think we know about vulnerability, Dr. Brené Brown dispels the widely accepted myth that it's a weakness. She argues that vulnerability is in fact a strength, and when we shut ourselves off from revealing our true selves we grow distanced from the things that bring purpose and meaning to our lives. *Daring Greatly* is the culmination of 12 years of groundbreaking social research, across the home, relationships, work, and parenting. It is an invitation to be courageous; to show up and let ourselves be seen, even when there are no guarantees. This is vulnerability. This is daring greatly. 'Brilliantly insightful. I can't stop thinking about this book' -Gretchen Rubin Brené Brown, Ph.D., LMSW is a #1 New York Times bestselling author and a research professor at the University of Houston Graduate College of Social Work. Her groundbreaking work was featured on Oprah Winfrey's Super Soul Sunday, NPR, and CNN. Her TED talk is one of the most watched TED talks of all time. Brené is also the author of *The Gifts of Imperfection* and *I Thought It Was Just Me (but it isn't)*.

Dare to Lead Brené Brown, 2018-10-09 #1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the five-part HBO Max docuseries *Brené Brown: Atlas of the Heart*! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené

Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, “One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It’s learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It’s why we’re here.” Whether you’ve read Daring Greatly and Rising Strong or you’re new to Brené Brown’s work, this book is for anyone who wants to step up and into brave leadership.
