10% Happier Dan Harris, 2014-03-11 #1 New York Times Bestseller REVISED WITH NEW MATERIAL Winner of the 2014 Living Now Book Award for Inspirational Memoir An enormously smart, clear-eyed, brave-hearted, and quite personal look at the benefits of meditation. —Elizabeth Gilbert Nightline anchor Dan Harris embarks on an unexpected, hilarious, and deeply skeptical odyssey through the strange worlds of spirituality and self-help, and discovers a way to get happier that is truly achievable. After having a nationally televised panic attack, Dan Harris knew he had to make some changes. A lifelong nonbeliever, he found himself on a bizarre adventure involving a disgraced pastor, a mysterious self-help guru, and a gaggle of brain scientists. Eventually, Harris realized that the source of his problems was the very thing he always thought was his greatest asset: the incessant, insatiable voice in his head, which had propelled him through the ranks of a hypercompetitive business, but had also led him to make the profoundly stupid decisions that provoked his on-air freak-out. Finally, Harris stumbled upon an effective way to rein in that voice, something he always assumed to be either impossible or useless: meditation, a tool that research suggests can do everything from lower your blood pressure to essentially rewire your brain. 10% Happier takes readers on a ride from the outer reaches of neuroscience to the inner sanctum of network news to the bizarre fringes of America's spiritual scene, and leaves them with a takeaway that could actually change their lives.

Waking Up Sam Harris, 2014-09-09 For the millions of Americans who want spirituality without religion, Sam Harris's latest New York Times bestseller is a guide to meditation as a rational practice informed by neuroscience and psychology. From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, *Waking Up* is for the twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. *Waking Up* is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it.

Best Android Apps Mike Hendrickson, Brian Sawyer, 2010-04-27 You can choose from thousands of apps to make your Android device do just about anything you can think of -- and probably a few things you'd never imagine. Android Apps Felix E Mute, 2020-07-24 Years back when google launched the Android, it was almost difficult to imagine the numerous app we would have today. Now it's easier for you to search for anything you need without surfing through the google play store. Presently, there are variety of apps available for everything you need to do on your phone and many of them are completely free, meaning you're just a few steps away from upgrading your smartphone at no extra cost. Despite the numerous apps available today, finding the good ones can be challenging, so I make available various tools and techniques to help you surf easily. By going through the user's overview, app categories and types helps guides you into downloading your choice app rather than a bunch of junk on your device. With all the numerous apps on Google Play, it's most likely that the low-rated app

gets up more leavings the top ones out. So, to ensure you don't download a whole lot of apps which you won't need, here I select list of apps you should install on your device. Each of these app is easy to use, fun-filled and useful to your social and daily activities. I have grouped all the apps into types and categories, based on their functions, making it easy for you to spot what you want in an app. Also, ensure to look out every few weeks for updates on new apps which are listed in this book.

Oh, the Places You'll Go! Read & Listen Edition Dr. Seuss, 2013-09-24 A perennial favorite, Dr. Seuss's wonderfully wise graduation speech is the perfect send-off for children starting out in the world, be they nursery school, high school, or college grads! From soaring to high heights and seeing great sights to being left in a Lurch on a prickly perch, Dr. Seuss addresses life's ups and downs with his trademark humorous verse and illustrations, while encouraging readers to find the success that lies within. In a starred review, Booklist notes: "Seuss's message is simple but never sappy: life may be a 'Great Balancing Act,' but through it all 'There's fun to be done.'" This Read & Listen edition contains audio narration.

Beta Test Eric Griffith, 2011-12 PUBLISHERS WEEKLY: An unusually lighthearted apocalyptic tale. Sam Terra is having a bad week. He lost Molly, the woman he secretly loves, when she vanished before his eyes at the exact same time that ten percent of the inhabitants of Earth disappeared. Naturally upset, Sam follows clues about the global vanishing with questionable help from his friends including a misanthropic co-worker and a childhood pal. When Molly reappears in the body of a man during a night of monster-laden devastation, Sam finally learns the truth. Not just about her, but about the planet Earth and the entire cosmos surrounding it. What we consider mundane reality, others consider a game . . . and not a very good one. The whole thing is about to be shut down.

Getting Things Done David Allen, 2015-03-17 The book Lifehack calls The Bible of business and personal productivity. A completely revised and updated edition of the blockbuster bestseller from 'the personal productivity guru'—Fast Company Since it was first published almost fifteen years ago, David Allen's Getting Things Done has become one of the most influential business books of its era, and the ultimate book on personal organization. "GTD" is now shorthand for an entire way of approaching professional and personal tasks, and has spawned an entire culture of websites, organizational tools, seminars, and offshoots. Allen has rewritten the book from start to finish, tweaking his classic text with important perspectives on the new workplace, and adding material that will make the book fresh and relevant for years to come. This new edition of Getting Things Done will be welcomed not only by its hundreds of thousands of existing fans but also by a whole new generation eager to adopt its proven principles.
