The Chronicles of Arax Benjamin Sanford, 2022-06-28 Our actions define us as heroes or cowards, not our intentions. Such is the nature of war, Arsenc. Men march beside their comrades into walls of spears and under rains of arrows, refusing to relent so as not to shame themselves before their brothers. For every man who shirks his duty and abandons his post, a hundred stand their ground. What more can a hero be than a man who risks his life for country and friend in spite of the obvious fear that strikes at us all? The paths of war and heroes are forever intertwined.... War does not create heroes. It merely reveals them. They are not measured by the greatest of deeds but by the simple willingness to do their part. I am marching north in their company. -- King Lore, before the battle of Kregmarin Having freed Cronus from the dungeons of Fera, his friends must navigate the treacherous lands of the Benotrist realm to escape Tyro's wrath. Tosha hunts Raven, desperate to bring him to her mother's realm, or suffer the shame of failure before her vassals. Leanna eagerly awaits the return of her lost love while Terin must return to his native realm after becoming separated from the others. Journeying first to the Yatin Empire and then Corell, Terin continues to unlock the full power of his father's sword, embracing the mysterious destiny guiding his path. Tyro obsesses over the images carved on Terin's lost necklace, haunted by the ghosts of his past while unleashing Morac to wage war on the Torry realm. With the fortunes of his kingdom at stake, King Lore makes a bold decision. With the conflagration spreading across Arax, will the fate of the kingdoms

rise and fall by the fickle winds of chance or the guiding hand of destiny?

Monsters, Aliens, and Holes in the Ground, Deluxe Edition Stu

Horvath,2023-10-10 A richly illustrated, encyclopedic deep dive into the history of roleplaying games. When Gary Gygax and Dave Arneson released Dungeons & Dragons in 1974, they created the first roleplaying game of all time. Little did they know that their humble box set of three small digest-sized booklets would spawn an entire industry practically overnight. In *Monsters, Aliens, and Holes in the Ground*, Stu Horvath explores how the hobby of roleplaying games, commonly known as RPGs, blossomed out of an unlikely pop culture phenomenon and became a dominant gaming form by the 2010s. Going far beyond D&D, this heavily illustrated tome covers more than three hundred different RPGs that have been published in the last five decades. *Monsters, Aliens, and Holes in the Ground* features (among other things) bunnies, ghostbusters, soap operas, criminal bears, space monsters, political intrigue, vampires, romance, and, of course, some dungeons and dragons. In a decade-by-decade breakdown, Horvath chronicles how RPGs have evolved in the time between their inception and the present day, offering a deep and gratifying glimpse into a hobby that has changed the way we think about games and play. The deluxe edition will include a foil-stamped cover and slipcase with a cloth binding, a ribbon, gilded edges, and an 8.5x11-inch card stock poster of the regular edition.

The Monsters' Guild Rowan Hand,2016-05-12 The *Monsters' Guild* is a story about beginnings. New friendships, new adventures, new love. Torg Bashmell and his party of misfit monsters create something unique as they rescue a

kidnapped human from a band of nefarious ogres, thwart evil (and not-so-evil) wizards, and build the foundations of their new careers in adventuring.

Shadowed by Demons Jim Melvin, 2013-05-29 Many things roam the streets in the darkness, and some are not human. Creatures lurk in the crannies and alleyways, pouncing on their victims with murderous intent. It is not unusual

to be awoken from sleep by screams, but most of us just check the latches on the shutters and press our pillows against our ears, hoping the horrors of the night don't find their way into our own bedchambers. Demons roam unchecked as the evil sorcerer, Invictus, tightens his grip on the world . . . Hounded by Invictus' minions, Torg and Laylah escape into the northern wilds of Triken where the wizard, sorceress, and a handful of loyal companions encounter a menagerie of hideous monsters. Even worse, the demon Vedana manipulates their every move from her black realm, wielding her wicked magic like a diabolical chess-master. Against such evil, what hope have they to reach the safety of the White City?
