*Toy Truck Collector Official Price Guide* Michael V. Harwood,1999-03-01

*Great Big Toy Trucks* Les Neufeld,2015 Wooden toy trucks are great projects both for the woodworker who builds them as well as for the end user who'll derive hours of pleasure playing with them. In this collection of 10 working vehicles, author Les Neufeld has selected toys that are consistently rated by toy manufacturers and retailers as top sellers. All the toys are meant to be used and played with, so they are sturdily built and can be made by woodworkers of all skill levels. The toys are grouped into three sections: four giant machines, including a dump truck and loader; three midsize working trucks; and an eclectic group of vehicles, including a school bus in monster-truck mode and an articulated 8-wheel tractor with trailer.

**The Art and Science of Lecture Demonstration** C.A Taylor,1988-01-01 As a means of conveying the excitement of science from one generation to the next, the lecture demonstration is one of the most powerful tools at the disposal of the modern science teacher. The interest of the young aspiring scientist is aroused not by dull textbook recitation, but by the enthusiastic lecturer with a range of demonstrations that illustrate the importance of science in the real world. In this lucid and entertaining book, Professor Taylor explores the origins of lecture demonstration and its development to the present day, emphasizing the underlying principles and the lessons to be learned. Set alongside the work of the most eminent of his predecessors, Michael Faraday and Lawrence Bragg, Taylor's book should find a worthy place among the literature of popular science. The Art and Science of Lecture Demonstration will be useful to all those with a serious amateur or professional interest in the teaching of science, from primary school to university and beyond.

Making Wood Trucks & Construction Vehicles Reg Martin, 2006 An old favorite gets a fabulous freshening up, with full-color images throughout--but the projects remain as wonderful as ever, appealing to children of all ages.
