Explorations in Critical Studies of Advertising James F. Hamilton,Robert Bodle,Ezequiel Korin,2016-10-26 This volume provides a thoughtful and wide-ranging exploration of approaches to the critical study of advertising. Current and impending practices of advertising have in many ways exceeded the grasp of traditional modes of critique, due at least in part to their being formulated in very different historical conditions. To begin to address this lag, this edited collection explores through critical discussion and application a variety of critical approaches to advertising. Authors address a variety of concrete examples in their chapters, drawing on existing research while presenting new findings where relevant. In order to maintain the relevance of this collection past this particular historical moment, however, chapters do not simply report on empirical work, but develop a theoretical argument.

Lois de L'Ontario Ontario,1911 Prefixed to the first vol. is An act for the union of Canada, Nova Scotia, and New Brunswick ... 29th March, 1867 with special t.p.: Anno regni Victoriæ, Britanniarum reginæ, tricesimo et tricesimo-primo. At a Parliament begun and holden at Westminster ... Toronto, 1868. 45 p.

Tracking Humans David Diaz,V. L. Mccann,2013-06-04 Tracker. The very word evokes images of buckskin-clad braves crouching over the ground, carefully studying the signs before them—a part of history. But the modern world has not put behind it the need for the earthy business of tracking. Such skills are still routinely used by the military, rescue personnel, and law enforcement, as well as by hunters and people living at subsistence level throughout the world. Tracking Humans is the ultimate authoritative guide to this most complex pursuit. A great resource for military, law enforcement, and rescue professionals, Tracking Humans is also useful for outdoor enthusiasts. Users will find it invaluable as an on-site manual to assist in any ongoing search. Unlike many tracking manuals, this guide focuses on tracking humans, whether they're enemy combatants or lost children. Author David Diaz explains what it takes to be an expert tracker, from the physical stamina to the focus and perception necessary to do the job correctly. He explains the tools of the tracker and presents essential safety tips every tracker should know. Tracking Humans is an important tool for anyone dealing with missing persons—it could be an essential lifesaver.

The Mayor's Message with Accompanying Documents ... ,1897 Includes reports of the heads of the various municipal departments.

The Southwestern Reporter ,1908

Cunningly Smart Phones Jack M. Wedam,2015-06-30 Corporations are spying on you more than government spies ever could. Just follow the money to find out how and why. Corporations can often predict what you will do next, detect subtle changes in your mood, and essentially know what you're thinking about. Development of behavioral biometrics accelerated after 9/11. Some of the research and development was funded by the government to identify potential terrorists and protect the public. However, these technologies are now used by corporations to trample your privacy, practically read your mind, and manipulate you to enhance their profits. Verify the facts yourself. This book contains over two hundred references, including court documents, patents, official government documents, and many other sources. You can do many things to protect yourself. With your help, this book can do for Internet privacy what Ralph Nader's Unsafe at Any Speed did for automobile safety.

American Street Railway Investments ,1903

A Treatise on the Law of Railroads Byron Kosciusko Elliott,William Frederick Elliott,1921

My Life with Bob Pamela Paul,2017-05-02 For twenty-eight years, Pamela Paul has been keeping a diary that records the books she reads, rather than the life she leads. Or does it? Over time, it's become clear that this Book of Books, or Bob, as she calls him, tells a much bigger story. For Paul, as for many readers, books reflect her inner life--her fantasies and hopes, her dreams and ideas. And her life, in turn, influences which books she chooses, whether for solace or escape, diversion or self-reflection, information or entertainment. My Life with Bob isn't about what's in those books; it's about the relationship between books and readers--

Mayor's Message Saint Louis (Mo.),1898 Includes reports of the heads of the various municipal departments.

Charter and Revised Ordinances of the City of San Jose ... 1882 San Jose (Calif.),1882

Law and the Philosophy of Privacy Janice Richardson,2015-08-20 Situating privacy within the context of political philosophy, this book highlights the way in which struggles concerning the meaning of privacy have always been political. Different conceptions of privacy are here shown to involve diverse assumptions about ontology: our conceptions of self, culture, society and communication. Privacy theory's debt to Locke, Kant or Mill, and what is at stake in their conceptual frameworks, is examined. The extent to which the term privacy has been used to the detriment of - and to create - weaker parties in marriage, in the workplace and now as citizens (or non-citizens) and consumers, as well as employees, is also demonstrated. In contrast, Janice Richardson pursues the relevance of Floridi's philosophy of information, before turning to her application of Spinoza, the philosopher of communication, in order to outline a more useful framework through which to think about privacy today. The book will be of interest to those working in political philosophy, feminist philosophy, law, the philosophy of information, sociology, media, and cultural studies.

The American Digest ,1892

The People Track Dana W. Peterson,2016-12-08 If you like a fast moving story that provides both mystery and suspense along with an ongoing inside study of personal relationships, you will find The People Track a most enjoyable experience.
