David A. Hensher

The Bus Trip Jamy Bechler, 2019-11-28 It was not quite the season that the Eagles had envisioned. With another road trip looming, morale was low and motivation was non-existent. The season was essentially over as the players were just going through the motions, counting down the days until the last game was finally completed. Little did they know when they woke up that day that instead of being another step closer to the end, this particular trip would mark the beginning of something special. They would encounter situations and have conversations that would start to change the way they looked at themselves and the team. In learning how to be better teammates and more positive leaders, their seemingly finished season was now only beginning.

Bus and Motor Coach Travel in the U.S.A. ,1970

The Lunatic Express Carl Hoffman, 2011-06-07 Indonesian Ferry Sinks. Peruvian Bus Plunges Off Cliff. African Train Attacked by Mobs. Whenever he picked up the newspaper, Carl Hoffman noticed those short news bulletins, which seemed about as far from the idea of tourism, travel as the pursuit of pleasure, as it was possible to get. So off he went, spending six months circumnavigating the globe on the world's worst conveyances: the statistically most dangerous airlines, the most crowded and dangerous ferries, the slowest buses, and the most rickety trains. The Lunatic Express takes us into the heart of the world, to some its most teeming cities and remotest places: from Havana to Bogotá on the perilous Cuban Airways. Lima to the Amazon on crowded night buses where the road is a washed-out track. Across Indonesia and Bangladesh by overcrowded ferries that kill 1,000 passengers a year. On commuter trains in Mumbai so crowded that dozens perish daily, across Afghanistan as the Taliban closes in, and, scariest of all, Los Angeles to Washington, D.C.,

by Greyhound. The Lunatic Express is the story of traveling with seatmates and deckmates who have left home without American Express cards on conveyances that don't take Visa, and seldom take you anywhere you'd want to go. But it's also the story of traveling as it used to be—a sometimes harrowing trial, of finding adventure in a modern, rapidly urbanizing world and the generosity of poor strangers, from ear cleaners to urban bus drivers to itinerant roughnecks, who make up most of the world's population. More than just an adventure story, The Lunatic Express is a funny, harrowing and insightful look at the world as it is, a planet full of hundreds of millions of people, mostly poor, on the move and seeking their fortunes.

It's a Field Trip, Busy Bus! Jody Jensen Shaffer, 2019-09-03 *Busy Bus* takes a field trip—and becomes a little jealous of a shiny red fire truck—in a warm-hearted sequel to *It's Your First Day of School, Busy Bus!* Today is *Busy Bus's* very first field trip! He takes the children to a fire house, where they meet Engine Four, a big, shiny, red firetruck. Engine Four has a hose to put out fires, a ladder to reach tall buildings, and a loud and impressive siren. *Busy Bus* has none of these things. Will the children still like him? This darling picture book offers a gentle

exploration of jealousy and a reminder that we each have our own unique talents that make us special.

Adventure by Chicken Bus Janet LoSole, 2019-12-11 Embarking on a homeschooling field trip to Central America is stressful enough, but add in perilous bridge crossings, trips to the hospital, and a lack of women's underwear, and you have the makings of an Adventure by Chicken Bus. Buckling under a mountain of debt, Janet LoSole and her family are at their wits' end. Determined to make a drastic change, they sell all worldly possessions and hit the road. With only a few items of clothing, a four-person tent, and little else, the family visits a sleepy island backwater in Costa Rica to save endangered sea turtles. In Panama, they bounce around like turnips in the back of a vegetable truck to reach an isolated monkey sanctuary. In Guatemala, they scale the ancient Mayan temples of Tikal. In between tales of begging rides from total strangers and sleeping overnight in the jungle with an indigenous family, Janet endorses community-based travel-supporting local businesses and favoring public transportation called chicken buses. She also writes candidly about what it takes to travel long-term with two little girls amid the chaos of border crossings, erratic drivers, and creepy crawlies lurking at the edge of the jungle.

Straddling the 'Hound Trevor Watson, 2016-06-06

Straddling the 'Hound is an account of four solo bus trips within the U.S. taken by ageing physician and road-addict Trevor Watson. Travel with him as, with open heart and curious mind, he explores the netherworld of long-distance bus travel. Whether it's chatting with outlaws and mystics on the bus, hobnobbing with Mormons in Utah, hanging out at the end of the line in Key West, or plunging into Mark Twain's Mississippi - you'll find the author's love of people, oddity and language a genuine pleasure. Hop on the bus - you're in for a treat. About the author: Dr. Trevor Watson's insatiable curiosity and itchy feet have led him to travel and work in many parts of the world. He has practised medicine for over 40 years, and has a keen interest in psychology, philosophy and spirituality. He and his wife, Cynthia, have been married for 46 marvellous years. He has two children and four grandchildren. Allowing for sensible buffer-zones, they all live near one another on Vancouver Island.

Traveling With Greyhound Robert

Gabrick, 2014-08-15 Bringing Americans together by bus for 100 years, Greyhound is one of the top iconic names of the Twentieth Century with their running dog logo. It all started with Carl Wickman and partners when they offered a fare of 15 cents one way or 25 cents round-trip between Alice and Hibbing Minnesota, in a large Hupmobile -which was a hit amongst the iron mine workers. The business quickly prospered and eventually became the empire that it is today. Greyhound's goal of providing city to city service helped lead the country in bus travel, allowing the public a chance to sight-see coast-to-coast and border-to-border, visit far-away loved ones, or escape to vaster lands with greener pastures. By expanding bus lines, building bus depots and Post Houses, and with outstanding promotional efforts, Greyhound pioneered an industry. As the full story of the Greyhound company unfolds, the book is illustrated with wonderful old bus photos, artistic ads and timetables that depict a more fanciful era (one that made riding on a Greyhound romantic) and then takes a journey through the eras that follow (like the one with the famous Scenicruiser) and into today's modern buses.
