*The Ritz Brothers* Roy Liebman,2021-07-09 The Ritz Brothers were a popular comedy trio in vaudeville, nightclubs, movies and television for more than four decades. Today largely overlooked among the classic comedy pantheon, they have been acknowledged as inspirations by such comics as Mel Brooks, Milton Berle, Jerry Lewis and Sid Caesar. This first full-length study of their work examines all the Ritz Brothers' feature films and short subjects 1934-1976, and their television appearances, with background information from the 20th Century-Fox archives. Contemporaneous and modern-day reviews and critiques are included.

*Trio* William Boyd,2021 From one of Britain's best loved writers comes an exhilarating, tender novel--by turns hilarious and heartbreaking--that asks the vital questions: What makes life worth living? And what if it isn't? it isn't?

*Trio* Norman Lock,2005 Norman Lock's Trio combines his acclaimed Joseph Cornell's Operas and Emigres with Grim Tales, his riff on the Brothers Grimm. These masterful works of the imagination demonstrate Lock's innate ability to transform the fanciful into the tactile. He makes new things in exquisite words. A sample from Emigres: A very old emigre, who was each day growing more forgetful, woke up in the dead of night, put on his best suit and tie, shined his shoes, put on his best hat (a rakish borsalino), and went to find the dancehall where fifty years before, in the distant country of his youth he had danced the tango, magnificently, with a girl whose silk dress he could still feel against his palms. From Joseph Cornell's Operas: died young and Mad Ludwig drowned himself in the Starnberger and Lola Montes became a circus exhibit, but ah! the impresario answered, they flew, you know, until the end they all of them defied gravity such was the strength of their desirewho, we wondered, who then is Hubble peering at through his telescope, Lola Montes having long ago died? from his opera box Joseph Cornell said: her remnant of light still desiring.

*This Story Is a Lie* Tom Pollock,2018-08-07 A YA thriller described as The Curious Incident of the Dog in the Night-Time meets John le Carré, about a teen math prodigy with an extreme anxiety disorder who finds himself caught in a web of lies and conspiracies after an assassination attempt on his mother. Seventeen-year-old Peter Blankman is a math genius. He also suffers from devastating panic attacks. Pete gets through each day with the help of his mother—a famous scientist—and his beloved twin sister, Bel. But when his mom is nearly assassinated in front of his eyes and Bel disappears, Pete finds himself on the run. Dragged into a world where state and family secrets intertwine, Pete must use his extraordinary analytical skills to find his missing sister and track down the people who attacked his mother. But his greatest battle will be with the enemy inside: the constant terror that threatens to overwhelm him. Weaving between Pete's past and present, This Story Is a Lie is a testimony from a protagonist who is brilliant, broken and trying to be brave.

*Chaparral and Scrub* Tom Warhol,2007 Describes the various plants and animals that make up forest, aquatic, grassland, shrubland, Mediterranean-type, and tundra biomes.

*Chaparral Range War* Dusty Richards,2013-02-05 From Dusty Richards, winner of the 2007 Spur Award for The Horse Creek Incident, comes a brand-new series about a former Texas Ranger out to enforce the law, no matter where he goes... When the Texas Legislature decided to stop paying its rangers, Phil Guthrey knew it was time to move on to greener pastures. As he rides into Arizona Territory, he finds a slew of criminals running free—thanks to Crook County's no-good sheriff. With reports of rape, arson, theft, fatal shootouts, and foul play, Guthrey decides to make it his mission to rehabilitate Crook County, not to mention capture the heart of the spunky Cally Bridges. As Guthrey sets out to bring to justice the men terrorizing his new home, he knows he must ultimately find a way to uproot Sheriff Killion if he wants to clean up the county for good. The fight will be long and hard, but for a former Texas Ranger like Guthrey, getting your hands dirty is just part of the job...

*Introduction to California Chaparral* Ronald D. Quinn,Dr. Sterling Keeley,2006-09-20 The characteristic look of California Chaparral—a soft bluish-green blanket of vegetation gently covering the hills—is known to millions who have seen it as the backdrop in movies and television productions. This complex ecological community of plants and animals is not just a feature of the hills around Hollywood, but is a quintessential part of the entire California landscape. It is a highly resilient community adapted to life with recurring fires and droughts. Written for a wide audience, this concise, engaging, and beautifully illustrated book describes an ancient and exquisitely balanced environment home to wondrous organisms: Fire Beetles that mate only on burning branches, lizards that shoot blood from their eyes when threatened, Kangaroo Rats that never drink water, and seeds that germinate only after a fire, even if that means waiting in the soil for a 100 years or more. Useful both as a field guide and an introductory overview of the ecology of chaparral, it also provides a better understanding of how we might live in harmony, safety, and appreciation of this unique ecological community. \* Identifies chaparral's common plants, animals, birds, reptiles, amphibians, and insects \* Features 79 color illustrations, 56 black-and-white photographs, and 3 maps \* Examines the role of humans and fire in chaparral, covering the placement and design of homes, landscaping, and public policy

*Chaparral* Richard Falconer,Doug Nye,1992

**The Horse Creek Incident** Dusty Richards,2007 Spur Award winner. First in a new Western series featuring a rancher with a score to settle. Horse Creek, Montana, is under siege by Rupert MacDavis's ever-expanding cattle empire. With both sides of the law in his pocket, the local ranchers don't stand a chance. Herschel Baker's friend has been murdered in cold blood, leaving behind a widow and four children, and the sheriff refuses to investigate. Now it's clear to the Horse Creek residents that the law belongs to men like MacDavis - but they're too frightened to unite against the corruption. Herschel Baker knows that if someone doesn't take a stand, the next incident might leave more than one body in its wake.

**The Chaparral Murders** M. M. Stoddart,2007-12 From the dense woods of the Appalachian Mountains comes this true tale of deception, murder, and greed in a tiny West Virginia town. M. M. Stoddart returns to the scene of the decades-old murders of Glenn Roberts and his teenaged son, Timothy, to conduct a new investigation of the biggest homicide case in Tucker County history—one shrouded by suspicion and doubt for more than twenty years. Glenn and Timothy were killed by near-contact shotgun blasts from the same weapon on the same night. But their bodies were found eight miles and three weeks apart. Stoddart reopens the cold case, and soon finds that the murders were much more than a simple botched robbery, as West Virginia authorities had previously concluded. New information uncovers a vast web of missing evidence, deceit, and family intrigue. Set in an impoverished mountain community in the early 1980s, this shocking and compelling story exposes the tragedy of wrongful conviction and the true meaning of justice.
