A Road Running Southward Dan Chapman,2022-05-26 Engaging hybrid - part lyrical travelogue, part investigative journalism and part jeremiad, all shot through with droll humor. --The Atlanta Journal Constitution In 1867, John Muir set out on foot to explore the botanical wonders of the South, keeping a detailed journal of his adventures as he traipsed from Kentucky southward to Florida. One hundred and fifty years later, on a similar whim, veteran Atlanta reporter Dan Chapman, distressed by sprawl-driven environmental ills in a region he loves, recreated Muir's journey to see for himself how nature has fared since Muir's time. Channeling Muir, he uses humor, keen observation, and a deep love of place to celebrate the South's natural riches. But he laments that a treasured way of life for generations of Southerners is endangered as long-simmering struggles intensify over misused and dwindling resources. Chapman seeks to discover how Southerners might balance surging population growth with protecting the natural beauty Muir found so special. Each chapter touches upon a local ecological problem--at-risk species in Mammoth Cave, coal ash in Kingston, Tennessee, climate change in the Nantahala National Forest, water wars in Georgia, aquifer depletion in Florida--that resonates across the South. Chapman delves into the region's natural history, moving between John Muir's vivid descriptions of a lush botanical paradise and the myriad environmental problems facing the South today. Along the way he talks to locals with deep ties to the land--scientists, hunters, politicians, and even a Muir impersonator--who describe the changes they've witnessed and what it will take to accommodate a fast-growing population without destroying the natural beauty and a cherished connection to nature. A Road Running Southward is part travelogue, part environmental cri de coeur, and paints a picture of a South under siege. It is a passionate appeal, a call to action to save one of the loveliest and most biodiverse regions of the world by understanding what we have to lose if we do nothing.

**NICOMACHEAN ETHICS** Aristotle,2017-04-20 EVERY art and every inquiry, and similarly every action and pursuit, is thought to aim at some good; and for this reason

the good has rightly been declared to be that at which all things aim. But a certain difference is found among ends; some are activities, others are products apart from the activities that produce them. Where there are ends apart from the actions, it is the nature of the products to be better than the activities. Now, as there are many actions, arts, and sciences, their ends also are many; the end of the medical art is health, that of shipbuilding a vessel, that of strategy victory, that of economics wealth. But where such arts fall under a single capacity- as bridle-making and the other arts concerned with the equipment of horses fall under the art of riding, and this and every military action under strategy, in the same way other arts fall under yet others- in all of these the ends of the master arts are to be preferred to all the subordinate ends; for it is for the sake of the former that the latter are pursued. It makes no difference whether the activities themselves are the ends of the actions, or something else apart from the activities, as in the case of the sciences just mentioned.❶

**Temple of the Winds** Terry Goodkind,2015-03-24 Spells and prophecies sew havoc in the fight for humankind in the 4th novel of the #1 New York Times bestselling author's epic fantasy series. Having taken his rightful place as Lord Rahl, ruler of D'Hara, Richard must once again postpone his wedding to Kahlan Amnell in order to face the fearsome Imperial Order in a fight for the New World and the freedom of humankind. But while Richard has the brave people of D'Hara at his command, Emperor Jagang of the Imperial Order has a significant advantage: he doesn't fight fair. Jagang invokes a prophecy that binds Richard and Kahlan to a fate of pain, betrayal, and a path to the Underworld. At Jagang's behest, a Sister of the Dark gains access into the fabled Temple of the Winds and unleashes a plague that sweeps across the lands like a firestorm. To stop the plague, Richard and Kahlan must risk everything they have—and everything they've hoped for.
