Intimate Relationships in Cinema, Literature and Visual Culture Gilad Padvá,Nurit Buchweitz,2017-10-04 This edited volume is an inquiry into the representation of intimate relationships in a diverse array of media including cinema, arts, literature, picture books, advertising and popular music. It examines artistic portrayal of intimate relationships as a subversion of the boundaries between the representable and the non-representable, the real and the surreal, the visceral and the ideal, the embodied and the abstracted, the configured and transfigured. The essays focus on artistic mediation of intimacy in diverse relationships, including heterosexual, same-sex, familial, sibling' , political, and sadomasochistic. The collection offers new interdisciplinary and multicultural perspectives on current trends in the study of popular representations of intimacy; representations that affect and formulate people's most personal inspirations, desires, angsts, dreams and nightmares in an increasingly alienated, industrialized world.

Digital Platforms and the Global South Philippe Bouquillion,Christine Ithurbide,Tristan Mattelart,2023-12-01 This book addresses the issues raised by digital platforms in the Global South, with an emphasis on the cultural stakes involved. It brings together an interdisciplinary team of researchers – including political economists, socio-economists, geographers, media sociologists or anthropologists – who each explore these issues through an insightful case study at a local, national, regional or international scale. While studying the strategies of some of the main US-based Big Tech platforms or video streaming platforms towards the Global South, the chapters also consider the often-neglected active role local or regional actors play in the expansion of those Western digital players, and highlight the existence of a constellation of local or regional platforms that have emerged in Africa, Asia, Latin America or the Middle East. In addition to analysing the complex relationships of competition, collaboration or dependence between these diverse actors, this volume examines the ways in which the rise of these digital platforms has generated new forms of cultural entrepreneurship and participated in the reconfiguring of the conditions in which cultural contents are produced and circulated in the Global South. This volume will appeal to readers interested in the transnationalisation of cultural industries or in the social, political, economic, cultural and geopolitical dimensions of digital transformations and will be an important resource for students, teachers and researchers in media, communication, cultural studies, international relations and area studies programmes.

Regarder des films en Afriques Claude Forest,Patricia Caillé,2017-10-19 Le cinéma en Afriques se trouve devant une situation inédite. La disparition des salles de cinéma sur ce continent coïncide avec une production de films accrue, y compris de ces pays, et une diffusion considérablement développée pour une grande partie des populations urbaines. Stoned Beyond Belief Action Bronson,Rachel Wharton,2019-03-19 The ultimate love letter to the world’s most magical plant—weed—from the rapper, chef, TV star, and bestselling author of F*ck, That’s Delicious. This is an exploration of every corner of the pot galaxy, from highly scientific botanical analyses and the study of pot’s medicinal benefits to a guide to the wild world of weed paraphernalia. It’s also a very personal tribute to a substance Bronson refers to as life changing, horizon-expanding, a conduit for happiness, a connector. Weed is to Action Bronson what the madeleine was to Proust: the door to true consciousness. Organized loosely as 100 entries, including thirty-five recipes, and packed with illustrations and photos, Stoned Beyond Belief is a trippy and munchie-filled experience as well as an entertainingly valuable resource for weed enthusiasts and scholars. Stoned Beyond Belief will delight Action Bronson fans and pot aficionados all across the universe.

I Had a Black Dog Matthew Johnstone,2012-03-01 'I Had a Black Dog says with wit, insight, economy and complete understanding what other books take 300 pages to say. Brilliant and indispensable.' - Stephen Fry 'Finally, a book about depression that isn't a prescriptive self-help manual. Johnston's deftly expresses how lonely and isolating depression can be for sufferers. Poignant and humorous in equal measure.' Sunday Times There are many different breeds of Black Dog affecting millions of people from all walks of life. The Black Dog is an equal opportunity mongrel. It was Winston Churchill who popularized the phrase Black Dog to describe the bouts of depression he experienced for much of his life. Matthew Johnstone, a sufferer himself, has written and illustrated this moving and uplifting insight into what it is like to have a Black Dog as a companion and how he learned to tame it and bring it to heel.
