Breaking Dawn Stephenie Meyer, 2008-08-02 In the explosive finale to the epic romantic saga, Bella has one final choice to make. Should she stay mortal and strengthen her connection to the werewolves, or leave it all behind to become a vampire? When you loved the one who was killing you, it left you no options. How could you run, how could you fight, when doing so would hurt that beloved one? If your life was all you had to give, how could you not give it? If it was someone you truly loved? To be irrevocably in love with a vampire is both fantasy and nightmare woven into a dangerously heightened reality for Bella Swan. Pulled in one direction by her intense passion for Edward Cullen, and in another by her profound connection to werewolf Jacob Black, a tumultuous year of temptation, loss, and strife have led her to the ultimate turning point. Her imminent choice to either join the dark but seductive world of immortals or to pursue a fully human life has become the thread from which the fates of two tribes hangs. This astonishing, breathlessly anticipated conclusion to the Twilight Saga illuminates the secrets and mysteries of this spellbinding romantic epic. *Seduced by Twilight* Natalie Wilson, 2014-01-10 Stephenie Meyer's Twilight saga has maintained a tight grip on the contemporary cultural imagination. This timely and critical work examines how the Twilight series offers addictively appealing messages about love, romance, sex, beauty and body image, and how these charged themes interact with cultural issues regarding race, class, gender and sexuality. Through a careful analysis of the texts, the fandom and the current socio-historical climate, this work argues that the success of the Twilight series stems chiefly from Meyer's negotiation of cultural mores.

Fic Anne Jamison, 2013-11-26 What is fanfiction, and what is it not? Why does fanfiction matter? **Dread Nation** Justina Ireland, 2018-04-03 New York Times bestseller; 6 starred reviews! At once provocative, terrifying, and darkly subversive, Dread Nation is Justina Ireland's stunning vision of an America both foreign and familiar—a country on the brink, at the explosive crossroads where race, humanity, and survival meet. Jane McKeene was born two days before the dead began to walk the battlefields of Gettysburg, Pennsylvania—derailing the War

Between the States and changing the nation forever. In this new America, safety for all depends on the work of a few, and laws like the Native and Negro Education Act require certain children attend combat schools to learn to put down the dead. But there are also opportunities—and Jane is studying to become an Attendant, trained in both weaponry and etiquette to protect the well-to-do. It's a chance for a better life for Negro girls like Jane. After all, not even being the daughter of a wealthy white Southern woman could save her from society's expectations. But that's not a life Jane wants. Almost finished with her education at Miss Preston's School of Combat in Baltimore, Jane is set on returning to her Kentucky home and doesn't pay much mind to the politics of the eastern cities, with their talk of returning America to the glory of its days before the dead rose. But when families around Baltimore County begin to go missing, Jane is caught in the middle of a conspiracy, one that finds her in a desperate fight for her life against some powerful enemies. And the restless dead, it would seem, are the least of her problems. Abundant action, thoughtful worldbuilding, and a brave, smart, and skillfully drawn cast entertain as Ireland illustrates the ignorance and immorality of racial discrimination and examines the relationship between equality and freedom. (Publishers Weekly, An Anti-Racist Children's and YA Reading List)
