*Complete Guide to Anonymous Torrent Downloading & File Sharing* Matthew Bailey, 2013 Download & share torrents anonymously Don't be exposed and at risk. Take the steps in this Guide. Torrent file-sharing is a quick and easy way to obtain all kinds of great media on the Internet, ranging from full-length movies, music files, video clips, ebooks, apps, software programs, images, documents to basically any digital content you can think of. Downloading and sharing torrents can feel anonymous, but this is deceptive. Unless you take some extra steps to protect your privacy while downloading and sharing torrents, the prying eyes of unwelcome snoops can eavesdrop, monitor and record your torrenting activities. You need to protect yourself against: aggressive firms monitoring your torrent activities your Internet service provider (ISP) slowing down or throttling your connection consequences from inadvertently downloading copyright materials (hey, it can happen to anyone) disclosure of torrent downloads you would rather keep hidden or secret intrusion and overreach on the part of businesses and governments prying into every aspect of our online lives (Big Brother syndrome) This no-nonsense Guide is your one-stop for how to download torrents anonymously, with helpful screenshots and recommendations along the way. It briefly explains the technology behind torrents, outlines the risks you take when downloading and sharing torrents, recommends the best ways to find torrents, and takes you step-by-step through the process of downloading and sharing torrents anonymously. If torrents are a new concept to you, don't worry, they are explained in the Guide without any fluff or technobabble. At the same time, even the most advanced users will learn new tips and tricks in this Guide. Either way, from beginner to advanced user, with the help of this Guide you will be downloading torrents anonymously like a pro in no time.

**Cancel Cable: How Internet Pirates Get Free Stuff** Chris Fehily, 2013-10-19 Neighbors with hand-labeled DVD collections. Teenagers with 5000-song iPods. Entire countries sharing the same copy of Windows. Who are these people? They're file sharers and they account for a third of worldwide internet traffic. Their swag is anything that can be digitized and copied. But file-sharing networks aren't only for pirates. Musicians and writers use them to gauge their popularity. Artists and filmmakers use them to boost recognition. Government employees use them to secretly download WikiLeaks archives. TV producers use them to confirm audience measurements. Politicians and judges use them to make policy and rulings. Traders and marketers use them to spot trends. - Learn how BitTorrent and peer-to-peer networks work. - Set up a BitTorrent client and find files to download. - Open, play, read, or run what you download. - Know the risks of file sharing and avoid fakes, scams, and viruses. Reviews A remarkably calm look at the technical, social, economic and cultural issues arising from file-sharing, and it's also a damned practical guide to navigating the strange world of file-sharing technology. - Cory Doctorow, boingboing.net Chris Fehily won't exactly call [middle-class consumers] suckers, but he will show them -- as well as college students, crackers, digital anarchists and others -- the Pirate Way. - J.D. **Twilight** Stephenie Meyer, 2007-07-18 Fall in love with the addictive, suspenseful love story between a teenage girl and a vampire with the book that sparked a literary phenomenon and redefined romance for a generation (New York Times). Isabella Swan's move to Forks, a small, perpetually rainy town in Washington, could have been the most boring move she ever made. But once she meets the mysterious and alluring Edward Cullen, Isabella's life takes a thrilling and terrifying turn. Up until now, Edward has managed to keep his vampire identity a secret in the small community he lives in, but now nobody is safe, especially Isabella, the person Edward holds most dear. The lovers find themselves balanced precariously on the point of a knife -- between desire and danger. Deeply romantic and extraordinarily suspenseful, Twilight captures the struggle between defying our instincts and satisfying our desires. This is a love story with bite. It's here! #1 bestselling author Stephenie Meyer makes a triumphant return to the world of Twilight with the highly anticipated companion, Midnight Sun: the iconic love story of Bella and Edward told from the vampire's point of view.
