

Unity Radio

Kathryn Wolfe

Unity [devoted to Practical Christianity] ,1953-02

Daily Report, Foreign Radio Broadcasts United States. Central Intelligence Agency,1962

Radio Activism Annette Rimmer,2021-07-27 This unique book draws on the narratives of women participants in community radio, using intersectionality, feminist, critical psychological and community development frameworks to explore how this highly symbolic, creative dimension of activism can unmute marginalised women and enrich corporate media. Over a period of four years, twelve female radio project volunteers offer their experiences which they analyse, together as part of the RRG (Radio Research Group), alongside a conceptual and contextual framework to produce insights on the gendered nature of silence, voice and empowerment, and the wider potential of radio activism. Employing literature from a variety of fields, from bell hooks to Stuart Hall, the book foregrounds evidence from the majority world to argue the empowerment potential of community radio and the barriers to radio participation. Through this analysis community radio emerges as a site of development, from which diverse identities transpire through laughter, dialogue, raised consciousness and solidarity, but it also exposes the conflicts of empowerment by recognising inherent tensions in womanhood and in communities. Centering on the global, hegemonic challenge of empowering women, and relevant across multiple disciplines and professions, this is fascinating reading for academics, students and professionals in psychology, gender studies, media studies, development and related areas.

Radio Voices Michele Hilmes,1997 Looks at the history of radio broadcasting as an aspect of American culture, and discusses social tensions, radio formats, and the roles of African Americans and women

British Radio Drama John Drakakis,1981 Critical and historical essays on plays for British radio.

Gringos Get Rich Eunice Rojas,2023 Documents counterimperialism in Chilean music since the 1960s Gringos Get Rich: Anti-Americanism in Chilean Music examines anti-Americanism in Latin America as manifested in Chilean music in recent history. From a folk-based movement in the 1960s and early 1970s to underground punk rock groups during the Pinochet regime, to socially conscious hip-hop artists of postdictatorship Chile, Chilean music has followed several left-leaning transnational musical trends to grapple with Chile's fluctuating relationship with the United States. Eunice Rojas's innovative analysis introduces US readers to a wide swath of Chilean musicians and their powerful protest songs and provides a representative and long view of the negative influences of the United States in Latin America. Much of the criticism of the United States in Chile's music centers on the perception of the United States as a heavy-handed source of capitalist imperialism that is exploitative of and threatening to Chile's poor and working-class public and to Chilean cultural independence and integrity. Rojas incorporates Antonio Gramsci's theories about the difficulties of struggles for cultural power within elitist capitalist systems to explore anti-Americanism and anti-capitalist music. Ultimately, Rojas shows how the music from various genres, time periods, and political systems attempts to act as a counterhegemonic alternative to Chile's political, cultural, and economic status quo. Rojas's insight is timely as a political trend toward the right continues in the Americas. There is also increased interest in and acceptance of popular song lyrics as literary texts. The book will appeal to Latin Americanists, ethnomusicologists, scholars of popular culture and international relations, students, and general readers.

Radio's Intimate Public Jason Loviglio,2005 Jason Loviglio shows how early network radio in America produced a new type of community, marked by the contradictions & tensions between public & private, mass media & democracy, & nation & family.

The Routledge Companion to Radio and Podcast Studies Mia Lindgren,Jason Loviglio,2022-06-15 This comprehensive companion is a much-needed reference source for the expanding field of radio, audio, and podcast study, taking readers through a diverse range of essays examining the core questions and key debates surrounding radio practices, technologies, industries, policies, resources, histories, and relationships with audiences. Drawing together original essays from well-established and emerging scholars to conceptualize this multidisciplinary field, this book's global perspective acknowledges radio's enduring affinity with the local, historical relationship to the national, and its unpredictably transnational reach. In its capacious understanding of what constitutes radio, this collection also recognizes the latent time-and-space shifting possibilities of radio broadcasting, and of the myriad ways for audio to come to us 'live.' Chapters on terrestrial radio mingle with studies of podcasts and streaming audio, emphasizing continuities and innovations in form and content, delivery and reception, production cultures and aesthetics, reminding us that neither 'radio' nor 'podcasting' should be approached as static objects of analysis but rather as mutually constituting cultural forms. This cutting-edge and vibrant companion provides a rich resource for scholars and students of history, art theory, industry studies, journalism, media and communication, cultural studies, feminist analysis, and postcolonial studies. Chapter 42 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND) 4.0 license.

The Empty Grave Amaefule Patrick,2023-10-04 In The Empty Grave, Amaefule Patrick presents the reader with an imaginary African country, the Republic of Halibiana, where the politicians under the presidency of Dr. Muzulata see politics as the acquisition of stupendous wealth and running of an unbridled misgovernance. A group of young soldiers stationed at the country's border with another imaginary African country, the Federal Republic of Garindo, where a border war has been going on, stage a military coup but fail to overthrow President Muzulata as he escapes through a tunnel from the statehouse under bombardment. However, they capture the First Lady and her daughter, who, though had earlier escaped with the other members of the first family through the tunnel, have returned out of greed to carry huge amount of dollars and jewelries stashed in the statehouse while fighting is still going on in and around the statehouse. Though the coup fails and the coupists are surrounded in the statehouse by the Army, they have the First Lady and her daughter as captives and threaten to kill them should the statehouse be stormed. In the few weeks following the coup, a series of national crises lead to Lieutenant General Hubanata, the greedy and corrupt commander of the joint chiefs of defense staff, shoving the president aside in a bloodless coup and becoming the country's new leader. His regime is short-lived as a group of military officers opposed to the very corrupt Lieutenant General Hubanata running and ruining the country further stage another violent coup, being the third in a few weeks, to stop the corrupt Lieutenant General Hubanata before he can consolidate his grip on power.

The East European Economy in Context David Turnock,2003-09-02 Since 1989 the former communist countries of Eastern Europe have witnessed a profound and dramatic upheaval. The economic coherence of this region, formerly maintained through the adoption of the Soviet system of government, has fractured. In The East European Economy in Context: Communism and Transition, David Turnock examines the transition from communist to free-market economies, both within and between the states of Eastern Europe. As well as containing an informative survey of the impact of communism, The East European Economy in Context provides * Political profiles of individual countries * A clear study of the contrasts between northern and balkan groups * Summaries of regional variations in the transition process * An exploration of the new state structures and resources * Discussion of political stability, inter-ethnic tensions and progress in economic change

Expose de L'Union Socialiste Arabe, Le 18 Septembre 1963 Ittīhād al-Ishtirākī al-‘Arabī (Egypt),1963

Routledge Handbook on Arab Media Nouredine Miladi,Noha Mellor,2020-11-29 This handbook provides the first comprehensive reference book in English about the development of mass and social media in all Arab countries. Capturing the historical as well as current developments in the media scene, this collection maps the role of media in social and political movements. Contributors include specialists in the field from North America, Europe, and the Middle East. Each chapter provides an overview of the history, regulatory frameworks and laws governing the press, and socio-political functions of the media. While the geopolitical complexities of the region have been reflected in the expert analyses collectively, the focus is always the local context of each member state. All 38 chapters consider the specific historical, political, and media trajectories in each country, to provide a contextual background and foundation for further study about single states or comparative analysis in two or more Arab states. Capturing significant technological developments

and the widespread use of social media, this all-inclusive volume on Arab media is a key resource for students and scholars interested in journalism, media, and Middle East studies.

The TV Presenter's Career Handbook Kathryn Wolfe, 2014-08-13 You can present to camera, speak to time, read autocue, conduct an interview, write and memorise scripts; you have a showreel, headshots and a CV—but what next? How do you decide which genre to go for, market yourself and establish your career? The TV Presenter's Career Handbook is full of information and advice on how to capitalise on your presenter training and contains up-to-date lists of resources to help you seek work, market yourself effectively, and increase your employability. Contents include raising your profile, what kinds of companies to aim for and how to contact them, what to do with your programme idea, video and radio skills, creating your own TV channel, tips from agents, specialist genres such as News, Sports, Technology, Children's and Shopping channels, breaking into the US, and more! Features interviews and case studies with over 80 experts so you can learn from those who have been there first, including: Maxine Mawhinney and Julian Worricker BBC News anchors, Jon Bentley and Jason Bradbury presenters The Gadget Show, Melvin Odoom KISS FM, Gemma Hunt presenter Swashbuckle, Matt Lorenzo presenter Premier League, Tony Tobin chef/presenter Ready Steady Cook and Saturday Kitchen, Alison Keenan and Marie-Francoise Wolff presenters QVC, Maggie Philbin and Jem Stansfield presenters Bang Goes the Theory, Kate Russell presenter BBC Click, Sarah Jane Cass Senior Talent Agent Somethin' Else Talent, Emma Barnett award-winning radio presenter, David McClelland Technology presenter Rip Off Britain, Louise Houghton and Tina Edwards presenters London Live, Fran Scott presenter Absolute Genius with Dick and Dom, and Claire Richmond founder findatvexpert.com

Listening In Susan J. Douglas, 2013-11-30 Few inventions evoke such nostalgia, such deeply personal and vivid memories as radio—from Amos 'n' Andy and Edward R. Murrow to Wolfman Jack and Howard Stern. Listening In is the first in-depth history of how radio culture and content have kneaded and expanded the American psyche. But Listening In is more than a history. It is also a reconsideration of what listening to radio has done to American culture in the twentieth century and how it has brought a completely new auditory dimension to our lives. Susan Douglas explores how listening has altered our day-to-day experiences and our own generational identities, cultivating different modes of listening in different eras; how radio has shaped our views of race, gender roles, ethnic barriers, family dynamics, leadership, and the generation gap. With her trademark wit, Douglas has created an eminently readable cultural history of radio.

Sierra Leone Katrina Manson, James Knight, Paige McClanahan, 2012 This is the only English-language guide on the market dedicated exclusively to Sierra Leone. Sierra Leone is about the size of Wales and manages to squeeze beaches, rainforests, mountains, savannah grasslands, marshes, mangrove swamps and rivers into its relatively small size. Written for intrepid travellers looking to explore this scarred but vibrant nation, this brand new edition of Sierra Leone invites you to discover the hidden beaches on the country's Atlantic coast, climb to the top of Mount Bintumani, west Africa's highest peak, learn about magical customs, and experience world-class bird-watching.

Broadcasting on the Short Waves, 1945 to Today Jerome S. Berg, 2008-10-24 Shortwave broadcasting originated in the 1920s, when stations used the new technology to increase their range in order to serve foreign audiences and reach parts of their own country not easily otherwise covered. The early days of shortwave radio were covered in *On the Short Waves, 1923-1945: Broadcast Listening in the Pioneer Days of Radio*, published by McFarland in 1999 (paperback 2007). Then, two companion volumes were published, picking up the story after World War II. They were *Listening on the Short Waves, 1945 to Today* (McFarland, 2008; paperback 2010), which focuses on the shortwave listening community, and the present *Broadcasting* title, about the stations themselves and their environment. The heart of the book is a detailed, year-by-year account of the shortwave bands in each year from 1945 to 2008. It reviews what American listeners were hearing on the international and domestic shortwave bands, describes the arrivals and departures of stations, and recounts important events. The book describes the several categories of broadcasters—international, domestic, private, religious, clandestine and pirate. It explains the impact of relay stations, frequency management, and jamming. It also addresses the considerable changes in shortwave broadcasting since the end of the Cold War. The book is richly illustrated and indexed, and features a bibliography and extensive notes.

Sierra Leone James Knight, Katrina Mason, Sean Connolly, 2017-11-27 This new, thoroughly updated third edition of Bradt's Sierra Leone remains the only English-language guide dedicated to this unique West African destination, one of only three countries where the über-elusive pygmy hippo can be found and where coastal mountains and sheltered beaches are the stuff of daydreams and postcards. With Bradt's Sierra Leone you can explore the infamous diamond mines and rainforest-covered mountains; go in search of pygmy hippos or relax on the country's beaches and islands. Offering significantly more coverage than any other guide, it is an ideal companion for tourists, volunteers and international workers alike, and also covers newly declared eco-tourist sites as well as the trans-boundary 'peace park' of Gola Forest National Park, shared with neighbouring Liberia. This new edition also covers Freetown's new beach music festival, as well as details of everything from where to visit rescued chimpanzees to touring the traditional wooden-board homes of the Krio people, descendants of repatriated slaves from the Americas and Europe. Sierra Leone continues to be one of the best beach destinations in West Africa, and also one of the region's best trekking destinations, given the varied topography and the presence of Mount Bintumani, West Africa's highest peak. The country has seen a heartening recovery since emerging from civil war a decade ago and the Bradt guide is the first to take stock of the country's post-Ebola travel situation. Sierra Leone is proudly back on the tourism map for the adventurous, beach-loving, jungle-exploring, mountain-scaling and curious of heart traveller.

African American Males Dionne J. Jones,

Anatomy of Sound Jacob Smith, Neil Verma, 2016-06-28 This collection examines the work of Norman Corwin—one of the most important, yet understudied, media authors of all time—as a critical lens to view the history of multimedia authorship and sound production. Known as the “poet laureate” of radio, Corwin is most famous for his radio dramas, which reached millions of listeners around the world and contributed to radio's success as a mass media form in the 1930s and 1940s. But Corwin was also a pioneer in other fields, including cinema, theater, TV, and journalism. In each of these areas, he had a distinctive approach to “soundwork,” relying on inventive prerecorded and live-in-real-time atmospheric effects in the studio, among other aesthetic techniques. Exploring the range of Corwin's work—from his World War II-era poetry and his special projects for the United Nations to his path-breaking writing for film and television—and its influence on media today, these essays underscore the political and social impact of Corwin's oeuvre and cement his reputation as a key writer in the history of many sound media.

Area Handbook for Burundi Gordon C. McDonald, 1969 Provides facts about the social, economic, political and military institutions of the country.

Eventually, you will utterly discover a other experience and expertise by spending more cash. nevertheless when? get you undertake that you require to get those every needs past having significantly cash? Sometimes, authors or publishers offer promotions or free periods for certain books.Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Unity Radio full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Unity Radio eBooks, including some popular titles.

FAQs About Unity Radio Books

What is a Unity Radio PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or

operating system used to view or print it. **How do I create a Unity Radio PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Unity Radio PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Unity Radio PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Unity Radio PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
