**Copper Mines, Company Towns** Dr. Larry R. Stucki,2009-10-06 Just as few natural species have withstood the test of ever-changing earth environments through time, relatively few human-created systems (e.g., companies, governments, religions, etc.) long survive their creation. What then is the secret of those that continue to defy these odds and what factors have led to the failure of others? This manuscript attempts to answer this question using the Phelps Dodge Corporation, its unions, its Native American and Mexican workforce, the Ajo Inter-tribal Community Council, the Mormon Church, The March of Dimes, and others as examples. -Dr. Larry R. The Short, Swift Time of Gods on Earth Donald Bahr,Juan Smith,William Smith Allison,Julian Hayden,2023-04-28 In the spring of 1935, at Snaketown, Arizona, two Pima Indians recounted and translated their entire traditional creation narrative. Juan Smith, reputedly the last tribesman with extensive knowledge of the Pima version of this story, spoke and sang while William Smith Allison translated into English and Julian Hayden, an archaeologist, recorded Allison's words verbatim. The resulting document, the Hohokam Chronicles, is the most complete natively articulated Pima creation narrative ever written and a rare example of a single-narrator myth. Now this extraordinary work, composed of thirty-six separate stories, is presented in its entirety for the first time. Beautifully expressed, the narrative constitutes a kind of scripture for a native church, beginning with the creation of the universe out of the void and ending with the establishment in the sixteenth century of present-day villages. Central to the story is the murder/resurrection of a god-man, Siuuhu, who summoned the Pimas and Papagos (Tohono O'odham) as his army of vengeance and brought about the conquest of his murderers, the ancient Hohokam. Donald Bahr extensively annotates the text and supplements it with other Pima-Papago versions of similar stories. Important as a social and historic document, this book adds immeasurably to the growing body of Native American literature and to our knowledge of the development of Pima-Papago culture.
