Sabor Torrentz David T Geissinger,2017-05-16 A dark web chat room becomes the meeting ground for two brothers and a psychopath determined to stop American cruise line travel dead in its tracks. Their plan exploits the many soft targets available on the high seas as they attempt to grip a nation in fear. Read how a simple plan coupled with a raging hatred unfolds to become the biggest maritime disaster plot ever hatched out in a modern setting. Mastermind Beau Frish had little to lose as he heads down a dark one way path toward infamy. For him, killing thousands of people could always be rationalized, as long as it would secure him a loathsome place in history. A nation must awaken to battle this growing onslaught of hatred before all are consumed.

Making Copyright Work for the Asian Pacific Susan Corbett,Jessica Lai,2018-10-22 This book provides a contemporary overview of developing areas of copyright law in the Asian Pacific region. While noting the tendency towards harmonisation through free trade agreements, the book takes the perspective that there is a significant amount of potential for the nations of the Asian Pacific region to work together, find common ground and shift international bargaining power. Moreover, in so doing, the region can tailor any regional agreements to suit local needs. The book addresses the development of norms in the region and the ways in which this can occur in light of the specific nature of the creator–owner–user paradigm in the region and the common interests of Indigenous peoples.
