**The Vatican Collections** Metropolitan Museum of Art (New York, N.Y.), Art Institute of Chicago, Fine Arts Museums of San Francisco, 1982 Nearly three hundred illustrations and a text reveal the entire range of the Vatican's artistic holdings, replete with priceless masterworks from all periods.

The Vatican Museums Paul Den Arend, 2015-08-06 Visiting the Vatican Museums is a truly unique experience. It is such an amazing place with such an abundance of artwork. Some of the most famous pieces of art in the world can be found there. Be amazed by the ceiling of the Sistine Chapel by Michelangelo and enjoy the beautiful frescos of Raphael. There are statues from Roman times, paintings from artists as different as Giotto, Leonardo and Caravaggio and so much more. In fact, the museums are enormous. It can be quite overwhelming. What's worse, the museums were never built as museums. The artworks are displayed in the rooms and halls that were once used by the Pope and his court. This is why most of the museum is one direction only. Moreover, mass tourism has caused the amount of visitors to the museums to spike in recent years. Many people stand in line for hours outside, just to be able to visit the museums. In this guidebook, I will try to show you the best way to visit the museums and I will tell you all the stories and details about the most important works in the museums. In addition, I'll give you essential tips for visiting the museums. I've worked for many years as a guide inside the museums. This is truly a special place. I have put all that I have learned in these years in this book. I hope it will help to make your visit to the museums an unforgettable experience.

**Vatican Museums** James F. Quigley, Vatican. Museo vaticano, 2019 Here is an extraordinary illustrated art book that showcases the one hundred

masterpieces that present the legacy of culture, history, and beauty that the Roman pontiffs have collected and guarded for centuries. The artworks have been selected by specialists: archaeologists, art historians, architects, historians, and anthropologists who have each chosen the works they consider universal and definitive in their field. +

**The Vatican Museums** Carlo Pietrangeli, 1993 A great museum is not only a collection of works of art or artefacts of various interest and various importance: it is also a living organism which has its own history to tell. And if the museum is of ancient origin, this can be of great fascination in itself. It is enough to think of a collections formation; of its progressive development which, over the centuries, takes account of, and is shaped by, the cultural interests of the time. Or of the acquisition, sometimes fortuitous, of the various works. Or of the changing tastes reflected in their display, and the various methods used in their restoration; or of the political developments or doctrinal implications in which the museum may find itself involved. The Vatican Museums, whose origins go back to the early 16th century, exemplify all these concerns in a particularly comprehensive and fascinating way. Their initial formation, almost in the character of a private collection; their threatened dispersal in the Counter-Reformation; their recovery under the impetus of the intellectual revival in the 18th century; their development, also in defence of the artistic patrimony of the State threatened by exports, at the end of the same century; their subsequent enlargement up to more recent times, thanks to the distinguished patronage of the various Popes; and lastly their incorporation, at times exemplary, in the context

of the Vatican Palaces, first with Simonettis Museo Pio-Clementino, then with Sterns Braccio Nuovo and more recently with Beltramis Pinacoteca and Passarellis Museo Paolino: all this constitutes not only a field of study, comparison, and reflection, but also at times an example which others have followed. The present book, ideally, would have required a far more extensive archival documentation than the author has been able to consult. It is to be hoped that the systematic exploration of the huge, but very scattered, archival sources available may make it possible in future to update, or to amplify, those parts of the book that were unable to benefit from this irreplaceable support. It may be claimed, nonetheless, that it has proved possible to reconstruct the history of the Vatican Museums in sufficient detail, and that this book may prove useful at a time when the history of collecting is arousing increasing interest. Contents: Foreword. I. The Antiquario delle Statue from Julius II to Paul III (1503-1549). II. The first Vatican collection of antiquities from Julius III to Sixtus V (1550-1590). III. From Clement XI to Clement XIII: the Museo Ecclesiastico and the Museums of the Vatican Library (1700-1769). IV. Clement XIV and the foundation of the Museum Clementinum (1769-1774). V. A great season for the Vatican Museums: the pontificate of Pius VI (1775-1799). VI. The works of art of the Papal State in Paris. VII. Reconstitution and growth of the Vatican Museums from Pius VII to Pius VIII (1800-1831). VIII. The foundation of new museums in the Vatican and at the Lateran by Gregory XVI (1831-1846). IX. **The Vatican: All the Paintings** Anja

Grebe, 2020-03-31 Discover the artistic wonders of the Vatican, from the Sistine Chapel to Raphael's frescoes, with the New York Times bestselling book *The Vatican: All the Paintings*; now in a practical and elegant paperback format. The Vatican is one of the most visited sites in the world. It encompasses numerous museums and palaces, and houses one of the finest art collections known to man. Amassed by popes throughout the centuries, including several of the most renowned Roman sculptures and important masterpieces of Renaissance art in the world, the Vatican is a perennial source of awe and fascination. From Michelangelo's Sistine Chapel and his Pieta, to the Raphael frescoes, to the works of Giotto, Fra Angelico, Titian, and Caravaggio, *The Vatican: All the Paintings* is an unprecedented celebration of this great collection. The book is organized into 22 sections representing the museums and areas of the Vatican, including the Pinacoteca, the Sistine Chapel, the Raphael Rooms, the Borgia Apartments, the Vatican Palaces, and St. Peter's Basilica. Each one of the 976 works of art represented in this book -- including the 661 classical paintings on display in the permanent painting collection and 315 other masterpieces -- is annotated with the name of the painting and artists, the date of the work, the birth and death of the artist, the medium that was used, the size of the work, and

the catalog number (if applicable). In addition, 180 of the most iconic paintings, sculptures, and other pieces of art are highlights with 300-word essays by art historian Anja Grebe and bestselling author Ross King. Here you will find information such as the key attributes of the work, what to look for when viewing it, the artist's inspirations and techniques, biographical information on the artist, and the artist's impact on history.

This book will help you if you plan on visiting the Vatican or want to know more about it. The Vatican is an enormous place, full of artwork and history. It can even be a bit overwhelming when you visit it. Saint Peter's Basilica is filled with baroque sculptures, the Vatican Museums have

art from all time periods and the Sistine Chapel and the Raphael Rooms have the most beautiful Fresco's in the world. Visiting such a place can be an amazing, once in a lifetime experience. You can make the most out of your visit by preparing it a bit. Believe me, the Vatican will make so much more sense to you if you know some of the best stories about the art and the people that created it. If you don't know what to look at, it can be really too much. In my Vatican guide book, I will show you exactly what to pay attention to. You will know exactly which artworks are considered the most important and you will know the often amazing stories behind their creation. I also included a lot of must-know tips for visitors, which will make your stay a pleasant one. Maybe you have heard of the long lines and the hours people have to wait before entering Saint Peter's or the Vatican Museums and Sistine Chapel? I will give you some tips on how to avoid these lines, and much more. I wrote this book as a complete guide to the Vatican. It describes the most important artworks you can find inside the Vatican. I am a tour guide in the Vatican Museums and the city of Rome itself. Besides this I also work all over Italy as a tour guide. I found that most guidebooks people have only provide very general information. Just a few hotel and restaurant recommendations and descriptions of the monuments with lots of pictures. This guidebook is completely different. It is for those people that want to have a much more profound knowledge about the Vatican and its monuments. In it, you will find detailed descriptions and maps of the Vatican museums, Saint Peter's Basilica and Vatican City. I use this book as a reference for my work as a tour guide. I hope it will give you a deep understanding of all the beautiful statues, fresco's, tapestries and paintings in this amazing place.
