A Copious and Critical Latin-English Lexicon; Founded on the German-Latin Dictionaries of Dr. William Freund Joseph Esmond Riddle,1849

A Complete Latin-English Dictionary for the Use of Colleges and Schools Joseph Esmond Riddle,1836

The young scholar's Latin-English dictionary, being an abridgment of the 'Complete Latin-English dictionary'. Joseph Esmond Riddle,1837

The Northern Cheyenne Exodus in History and Memory Ramon Powers,James N. Leiker,2012-09-13 The exodus of the Northern Cheyennes in 1878 and 1879, an attempt to flee from Indian Territory to their Montana homeland, is an important event in American Indian history. It is equally important in the history of towns like Oberlin, Kansas, where Cheyenne warriors killed more than forty settlers. The Cheyennes, in turn, suffered losses through violent encounters with the U.S. Army. More than a century later, the story remains familiar because it has been told by historians and novelists, and on film. In *The Northern Cheyenne Exodus in History and Memory*, James N. Leiker and Ramon Powers explore how the event has been remembered, told, and retold. They examine the recollections of Indians and settlers and their descendants, and they consider local history, mass-media treatments, and literature to draw thought-provoking conclusions about how this story has changed over time. The Cheyennes' journey has always been recounted in melodramatic stereotypes, and for the last fifty years most versions have featured "noble savages" trying to reclaim their birthright. Here, Leiker and Powers deconstruct those stereotypes and transcend them, pointing out that history is never so simple. "The Cheyennes' flight," they write, "had left white and Indian bones alike scattered along its route from Oklahoma to Montana." In this view, the descendants of the Cheyennes and the settlers they encountered are all westerners who need history as a "way of explaining the bones and arrowheads" that littered the plains. Leiker and Powers depict a rural West whose diverse peoples—Euro-American and Native American alike—seek to preserve their heritage through memory and history. Anyone who lives in the contemporary Great Plains or who wants to understand the West as a whole will find this book compelling.

Aeneis Virgil,1899

Caspion & the White Buffalo Melvin Litton,2019-01-08 Based on a true event, CASPION takes you on a singular quest, both heroic and tragic, through the great buffalo hunt and the vanquishing of the Plains Indians (1871-1876). Riding the crest of the bloody tide is Jim Caspion, a Civil War veteran turned buffalo hunter, a man of notable conscience and courage, ever haunted by the war, yet fleeing settlement and routine, forswearing the practicable for the exotic, the forbidden, and the extreme. From the opening pages when he rides into a buffalo stampede to escape a band of Cheyenne, to the very end, his fate is inexorably tied to the white buffalo he spies in his harrowing flight. Thereafter its spiritual aspect exerts a growing influence over his own wry, sensual nature, altering his outlook, determining his path. When he meets Moneva, a Cheyenne outcast, their love saga marks another verse in the enduring myth of the West that still shapes and sustains us.

An Etymological Dictionary of the Latin Language Francis Edward Jackson Valpy,1828
An Etymological Dictionary of the Latin Language by Francis Edward Jackson Valpy, first published in 1828, is a rare manuscript, the original residing in one of the great libraries of the world. This book is a reproduction of that original, which has been scanned and cleaned

by state-of-the-art publishing tools for better readability and enhanced appreciation. Restoration Editors' mission is to bring long out of print manuscripts back to life. Some smudges, annotations or unclear text may still exist, due to permanent damage to the original work. We believe the literary significance of the text justifies offering this reproduction, allowing a new generation to appreciate it.
