Video Editing with Avid Roger Shufflebottom, 2001 First Published in 2001. Routledge is an imprint of Taylor & Francis, an informa company.

Editing Digital Video Robert M. Goodman, Patrick McGrath, 2002-10 Rebecca Harding Davis was a prominent author of radical social fiction during the latter half of the nineteenth century. In stories that combine realism with sentimentalism, Davis confronted a wide range of contemporary American issues, giving voice to working women, prostitutes, wives seeking divorce, celibate utopians, and female authors. Davis broke down distinctions between the private and the public worlds, distinctions that trapped women in the ideology of domesticity. By engaging current strategies in literary hermeneutics with a strong sense of historical radicalism in the Gilded Age, Jean Pfaelzer reads Davis through the public issues that she forcefully inscribed in her fiction. In this study, Davis's realistic narratives actively construct a coherent social work, not in a fictional vacuum but in direct engagement with the explosive movements of social change from the Civil War through the turn of the century.

Shoot, Edit, Share Kirsten Johnson, Jodi Radosh, 2016-09-13 Shoot, Edit, Share is an interactive, accessible introduction to video production techniques, concepts, and terminology. With the increasing availability of affordable video equipment, many students and professionals need to learn the basics of video production without being overwhelmed by technical details and equipment lists. Covering preproduction, production, editing in post, and distribution, this book shows you how to produce video quickly and effectively for a range of clients, from commercial firms to community service organizations. Key features include: A companion website including video interviews with professionals that demonstrate and reinforce techniques covered in the book; Service-learning exercises that engage readers in real-world learning experiences, encouraging them to interact with their communities and new clients; Clear, easy to follow and heavily illustrated guides for all of the equipment and processes that go into video production; Focus on creating stories for a target audience, and building convincing and engrossing narrative through videos; A thorough breakdown of all the techniques needed in post-production, through editing, well-designed graphics, and quality sound; A best-practices guide to viral videos, sharing video content online and increasing its exposure on social media sites; QR codes throughout the book, that when scanned, demonstrate video techniques and concepts related to what was read.

Video Production Workshop Tom Wolsky, 2013-01-25 Video Production Workshop is the first book written to be accessible and appealing to a younger, digitally savvy audience interested in learning the full range of skills involved in planning and executing a video project. It introduces all the digital tools and basic techniques in sequence for readers to build proficiency and gain a well-rounded mastery of the art and craft of video production. Author Tom Wolsky begins with lessons in video editing and camera handling, and then moves on to scripting and storyboarding a production. Readers then step through a series of exercise projects. Separate chapters explore how to light different types of scenes as well as how to obtain well-recorded sound. The book is designed both for independent students as well as for classroom use, and it includes lessons on video journalism and its rights, responsibilities, and ethics. Related techniques for interviewing and working in a live studio are also presented. The book concludes with lessons in post-production techniques, especially motion graphics and special effects. The companion DVD is packed with DV footage for projects, plus demo plug-ins and free software.

Video Editing Steven E. Browne, 2002 Video Editing is a comprehensive, practical guide to editing techniques and practices that covers both technical and creative aspects of video postproduction. Aimed at helping the reader to become knowledgeable about and comfortable with these concepts and techniques, its direct approach and user-friendly style make it accessible to readers at all levels, from students to practiced editors. This thoroughly updated edition also covers the new DTV formats, newer random access editing systems, and offers tips to help readers become comfortable with the new formats and systems. Focusing on cutting edge technology, the fourth edition examines the conceptual and practical aspects of the next evolution--the new DTV formats. DTV provides picture quality similar to 35 mm. movies with sound quality similar to that of the CD. Discussions of industry procedures also help make the editing process easier to follow

Cut by Cut Gael Chandler, 2012 This second edition covers the current landscape of postproduction process, taking the reader step by step through the editor's journey from receiving dailies to delivery, the operation of digital editing systems, mix editing, and creating effective cuts.

Smartphone Video Storytelling Robb Montgomery, 2018-06-18 Smartphone Video Storytelling helps readers master the techniques for making compelling short-form video content with a smartphone. With mobile journalism on the rise, it's becoming increasingly important to understand the entire process and potential for conveying stories across multiple platforms. This richly illustrated text provides students with the essential smartphone video reporting skills: From choosing the right editing app to working with interview subjects on camera. The ethics of non-fiction video storytelling are highlighted to reinforce core journalistic principles. The chapters feature mini-tutorials and exercises that introduce the key principles of filmmaking. The student exercises and library of online video lessons introduce the building blocks of visual storytelling using real-world reporting examples. A story-based approach allows instructors to use the experiences of making each project in order to teach the fundamentals of video storytelling in a natural way. Each story lesson introduces the necessary stages, including planning, filming, and editing . . . and all with a smartphone. Online example videos can be found at <http://smartfilmbook.com/>
