A Spy Among Friends Ben Macintyre, 2014-01-01 From bestselling author Ben Macintyre, the true untold story of history's most famous traitor

American Spy Lauren Wilkinson, 2019-02-12 "American Spy updates the espionage thriller with blazing originality."—Entertainment Weekly "There has never been anything like it."—Marlon James, GQ "So much fun . . . Like the best of John le Carré, it's extremely tough to put down."—NPR NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY CHICAGO TRIBUNE AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Time • NPR • Entertainment Weekly • Esquire • BuzzFeed • Vulture • Real Simple • Good Housekeeping • The New York Public Library What if your sense of duty required you to betray the man you love? It's 1986, the heart of the Cold War, and Marie Mitchell is an intelligence officer with the FBI. She's brilliant, but she's also a young black woman working in an old boys' club. Her career has stalled out, she's overlooked for every high-profile squad, and her days are filled with monotonous paperwork. So when she's given the opportunity to join a shadowy task force aimed at undermining Thomas Sankara, the charismatic revolutionary president of Burkina Faso whose Communist ideology has made him a target for American intervention, she says yes. Yes, even though she secretly admires the work Sankara is doing for his country. Yes, even though she is still grieving the mysterious death of her sister, whose example led Marie to this career path in the first place. Yes, even though a furious part of her suspects she's being offered the job because of her appearance and not her talent. In the year that follows, Marie will observe Sankara, seduce him, and ultimately have a hand in the coup that will bring him down. But doing so will change everything she believes about what it means to be a spy, a lover, a sister, and a good American. Inspired by true events—Thomas Sankara is known as "Africa's Che Guevara"—American Spy knits together a gripping spy thriller, a heartbreaking family drama, and a passionate romance. This is a face of the Cold War you've never seen before, and it introduces a powerful new literary voice. NOMINATED FOR THE NAACP IMAGE AWARD • Shortlisted for the Center for Fiction First Novel Prize "Spy fiction plus allegory, and a splash of pan-Africanism. What could go wrong? As it happens, very little. Clever, bracing, darkly funny, and really, really good."—Ta-Nehisi Coates "Inspired by real events, this espionage thriller ticks all the right boxes, delivering a sexually charged interrogation of both politics and race."—Esquire "Echoing the stoic cynicism of Hurston and Ellison, and the verve of Conan Doyle, American Spy lays our complicities—political, racial, and sexual—bare. Packed with unforgettable characters, it's a stunning book, timely as it is timeless."—Paul Beatty, Man Booker Prizewinning author of *The Sellout*

I Spy Jean Marzollo, 2005-03-01 Rhyming verses ask readers to find hidden objects in the photographs.

The Bicycle Spy Yona Zeldis McDonough, 2016-09-27 Can Marcel make the ride of his life? Marcel loves riding his bicycle, whether he's racing through the streets of his small town in France or making bread deliveries for his parents' bakery. He dreams of someday competing in the Tour de France, the greatest bicycle race. But ever since Germany's occupation of France began two years ago, in 1940, the race has been canceled. Now there are soldiers everywhere, interrupting Marcel's rides with checkpoints and questioning. Then Marcel learns two big secrets, and he realizes there are worse things about the war than a canceled race. When he later discovers that his friend's entire family is in imminent danger, Marcel knows he can help -- but it will involve taking a risky bicycle ride to pass along covert information. And when nothing ends up going according to plan, it's up to him to keep pedaling and think quickly... because his friend, her family, and his own future hang in the balance.

Spy Secrets That Can Save Your Life Jason Hanson, 2015-09-22 The New York

Times bestseller that reveals the safety, security, and survival techniques that 99% of Americans don't know—but should. When Jason Hanson joined the CIA in 2003, he never imagined that the same tactics he used as a CIA officer for counter intelligence, surveillance, and protecting agency personnel would prove to be essential in every day civilian life. In addition to escaping handcuffs, picking locks, and spotting when someone is telling a lie, he can improvise a self-defense weapon, pack a perfect emergency kit, and disappear off the grid if necessary. He has also honed his “positive awareness”—a heightened sense of his surroundings that allows him to spot suspicious and potentially dangerous behavior—on the street, in a taxi, at the airport, when dining out, or in any other situation. In his engaging and empowering book *Spy Secrets That Can Save Your Life*, Jason shares this know-how with readers, revealing how to:

- prevent home invasions, carjackings, muggings, and other violent crimes
- run counter-surveillance and avoid becoming a soft target
- recognize common scams at home and abroad
- become a human lie detector in any setting, including business negotiations
- gain peace of mind by being prepared for anything instead of uninformed or afraid

With the skill of a trained operative and the relatability of a suburban dad, Jason Hanson brings his top-level training to everyday Americans in this must-have guide to staying safe in an increasingly dangerous world.

The Moscow Rules Antonio J. Mendez, Jonna Mendez, 2019-05-21 From the spymaster and inspiration for the movie *Argo*, discover the real-life spy thriller of the brilliant but under-supported CIA operatives who developed breakthrough spy tactics that helped turn the tide of the Cold War (Malcolm Nance). Antonio Mendez and his future wife Jonna were CIA operatives working to spy on Moscow in the late 1970s, at one of the most dangerous moments in the Cold War. Soviets kept files on all foreigners, studied their patterns, and tapped their phones. Intelligence work was effectively impossible. The Soviet threat loomed larger than ever. *The Moscow Rules* tells the story of the intelligence breakthroughs that turned the odds in America's favor. As experts in disguise, Antonio and Jonna were instrumental in developing a series of tactics -- Hollywood-inspired identity swaps, ingenious evasion techniques, and an armory of James Bond-style gadgets -- that allowed CIA officers to outmaneuver the KGB. As Russia again rises in opposition to America, this remarkable story is a tribute to those who risked everything for their country, and to the ingenuity that allowed them to succeed.

The Good Spy Kai Bird, 2014-05-20 *The Good Spy* is Pulitzer Prize-winning biographer Kai Bird's compelling portrait of the remarkable life and death of one of the most important operatives in CIA history – a man who, had he lived, might have helped heal the rift between Arabs and the West. On April 18, 1983, a bomb exploded outside the American Embassy in Beirut, killing 63 people. The attack was a geopolitical turning point. It marked the beginning of Hezbollah as a political force, but even more important, it eliminated America's most influential and effective intelligence officer in the Middle East – CIA operative Robert Ames. What set Ames apart from his peers was his extraordinary ability to form deep, meaningful connections with key Arab intelligence figures. Some operatives relied on threats and subterfuge, but Ames worked by building friendships and emphasizing shared values – never more notably than with Yasir Arafat's charismatic intelligence chief and heir apparent Ali Hassan Salameh (aka “The Red Prince”). Ames' deepening relationship with Salameh held the potential for a lasting peace. Within a few years, though, both men were killed by assassins, and America's relations with the Arab world began heading down a path that culminated in 9/11, the War on Terror, and the current fog of mistrust. Bird, who as a child lived in the Beirut Embassy and knew Ames as a neighbor when he was twelve years old, spent years researching *The Good Spy*. Not only does the book draw on hours of interviews with Ames' widow, and quotes from hundreds of Ames' private letters, it's woven from interviews with scores of current and former

American, Israeli, and Palestinian intelligence officers as well as other players in the Middle East “Great Game.” What emerges is a masterpiece-level narrative of the making of a CIA officer, a uniquely insightful history of twentieth-century conflict in the Middle East, and an absorbing hour-by-hour account of the Beirut Embassy bombing. Even more impressive, Bird draws on his reporter’s skills to deliver a full dossier on the bombers and expose the shocking truth of where the attack’s mastermind resides today.

Nature Spy Shelley Rotner, Ken Kreisler, 2009-07 A child takes a close-up look at such aspects of nature as an acorn, the golden eye of a frog, and an empty hornet’s nest.

Spy School the Graphic Novel Stuart Gibbs, 2022-02-15 Can an undercover nerd become a superstar secret agent? The first book in Stuart Gibbs’s New York Times bestselling Spy School series is now a graphic novel! Ben Ripley may only be in middle school, but he’s already pegged his dream job: CIA or bust. Unfortunately for him, his personality doesn’t exactly scream “secret agent.” In fact, Ben is so awkward, he can barely get to school and back without a mishap. Because of his innate nerdiness, Ben is not surprised when he is recruited for a magnet school with a focus on science—but he’s entirely shocked to discover that the school is actually a front for a junior CIA academy. Could the CIA really want him? Actually, no. There’s been a case of mistaken identity—but that doesn’t stop Ben from trying to morph into a supercool undercover agent, the kind that always gets the girl. And through a series of hilarious misadventures, Ben realizes he might actually be a halfway decent spy...if he can survive all the attempts being made on his life! Join Ben Ripley as he survives his first year at the Academy of Espionage in action-packed, full-color panels.

Olivia Ian Falconer, 2011-03-03 The heart-warming tale of a sweet little pig with a whole heap of energy.

The Secret World Christopher Andrew, 2018-09-04 “A comprehensive exploration of spying in its myriad forms from the Bible to the present day . . . Easy to dip into, and surprisingly funny.” —Ben Macintyre in The New York Times Book Review The history of espionage is far older than any of today’s intelligence agencies, yet largely forgotten. The codebreakers at Bletchley Park, the most successful WWII intelligence agency, were completely unaware that their predecessors had broken the codes of Napoleon during the Napoleonic wars and those of Spain before the Spanish Armada. Those who do not understand past mistakes are likely to repeat them. Intelligence is a prime example. At the outbreak of WWI, the grasp of intelligence shown by US President Woodrow Wilson and British Prime Minister Herbert Asquith was not in the same class as that of George Washington during the Revolutionary War and eighteenth-century British statesmen. In the first global history of espionage ever written, distinguished historian and New York Times–bestselling author Christopher Andrew recovers much of the lost intelligence history of the past three millennia—and shows us its continuing relevance. “Accurate, comprehensive, digestible and startling . . . a stellar achievement.” —Edward Lucas, The Times “For anyone with a taste for wide-ranging and shrewdly gossipy history—or, for that matter, for anyone with a taste for spy stories—Andrew’s is one of the most entertaining books of the past few years.” —Adam Gopnik, The New Yorker “Remarkable for its scope and delightful for its unpredictable comparisons . . . there are important lessons for spymasters everywhere in this breathtaking and brilliant book.” —Richard J. Aldrich, Times Literary Supplement “Fans of Fleming and Furst will delight in this skillfully related true-fact side of the story.” —Kirkus Reviews “A crowning triumph of one of the most adventurous scholars of the security world.” —Financial Times Includes illustrations

Sneaky Spies Thomas Kingsley Troupe, 2019-05-01 Quietly infiltrating a high-security building to steal secret documents. Sneaking behind enemy lines to rescue an important government official. Secretly listening to an enemy’s conversation without getting caught. Fans of stealthy video games enjoy these activities and many more. But what is the true

story behind today's popular stealth games? What methods to spies use to secretly gather intelligence? What kind of gear to secret agents use to spy on the activities of others? How do special forces teams achieve their missions without getting caught? Compare true spy tactics and gear to today's popular video games and learn if they are portrayed accurately, or if the games twist the truth to create a more exciting game-playing experience.

I Spy Animals Jean Marzollo, 2012 An I Spy 8x8 at \$3.99 I SPY ANIMALS is based on the bestselling I SPY LITTLE ANIMALS. Toddlers and preschoolers can search photos from the original I Spy series for all kinds of animals. Simple picture clues and rhyming riddles guide the youngest readers through 13 interactive, fun-filled spreads.

I Spy with My Little Eye-- Edward Gibbs, 2012-05 An I-spy book of animals with a peep-hole on every page.

The Recruiter Douglas London, 2021-09-28 This revealing memoir from a 34-year veteran of the CIA who worked as a case officer and recruiter of foreign agents before and after 9/11 provides an invaluable perspective on the state of modern spy craft, how the CIA has developed, and how it must continue to evolve. If you've ever wondered what it's like to be a modern-day spy, Douglas London is here to explain. London's overseas work involved spotting and identifying targets, building relationships over weeks or months, and then pitching them to work for the CIA—all the while maintaining various identities, a day job, and a very real wife and kids at home. *The Recruiter: Spying and the Lost Art of American Intelligence* captures the best stories from London's life as a spy, his insights into the challenges and failures of intelligence work, and the complicated relationships he developed with agents and colleagues. In the end, London presents a highly readable insider's tale about the state of espionage, a warning about the decline of American intelligence since 9/11 and Iraq, and what can be done to recover.

Spy kids ,

Spy David Wise, 2003-10-14 *Spy* tells, for the first time, the full, authoritative story of how FBI agent Robert Hanssen, code name grayday, spied for Russia for twenty-two years in what has been called the "worst intelligence disaster in U.S. history"—and how he was finally caught in an incredible gambit by U.S. intelligence. David Wise, the nation's leading espionage writer, has called on his unique knowledge and unrivaled intelligence sources to write the definitive, inside story of how Robert Hanssen betrayed his country, and why. *Spy* at last reveals the mind and motives of a man who was a walking paradox: FBI counterspy, KGB mole, devout Catholic, obsessed pornographer who secretly televised himself and his wife having sex so that his best friend could watch, defender of family values, fantasy James Bond who took a stripper to Hong Kong and carried a machine gun in his car trunk. Brimming with startling new details sure to make headlines, *Spy* discloses: • the previously untold story of how the FBI got the actual file on Robert Hanssen out of KGB headquarters in Moscow for \$7 million in an unprecedented operation that ended in Hanssen's arrest. • how for three years, the FBI pursued a CIA officer, code name gray deceiver, in the mistaken belief that he was the mole they were seeking inside U.S. intelligence. The innocent officer was accused as a spy and suspended by the CIA for nearly two years. • why Hanssen spied, based on exclusive interviews with Dr. David L. Charney, the psychiatrist who met with Hanssen in his jail cell more than thirty times. Hanssen, in an extraordinary arrangement, authorized Charney to talk to the author. • the full story of Robert Hanssen's bizarre sex life, including the hidden video camera he set up in his bedroom and how he plotted to drug his wife, Bonnie, so that his best friend could father her child. • how Hanssen and the CIA's Aldrich Ames betrayed three Russians secretly spying for the FBI—including tophat, a Soviet general—who were then executed by Moscow. • that after Hanssen was already working for the KGB, he directed a study of moles in the FBI when—as he alone knew—he was the mole. Robert Hanssen betrayed the FBI. He betrayed his country. He betrayed his wife. He betrayed his children. He betrayed

his best friend, offering him up to the KGB. He betrayed his God. Most of all, he betrayed himself. Only David Wise could tell the astonishing, full story, and he does so, in masterly style, in **Spy**.

The Video Game Spy Bob Wright, 1982 [sold only as part of 5-title
978-0-87879-326-6]

101 Spy Gadgets for the Evil Genius Brad Graham, Kathy McGowan, 2010-07-11 101 projects that appeal to the spy in you Utilizing inexpensive, easily obtainable components, you can build the same information gathering, covert sleuthing devices used by your favorite film secret agent. Projects range from simple to sophisticated and come complete with a list of required parts and tools, numerous illustrations, and step-by-step assembly instructions. Projects include: scanners and radios, night vision devices, telephone devices, computer monitoring, audio eavesdropping, hidden cameras, video transmitters, and more

How to Catch a Russian Spy Naveed Jamali, Ellis Henican, 2015-06-23 In 2008, almost two decades after the Cold War was officially consigned to the history books, an average American guy in his twenties helped to bring down a top Russian spy based at the United Nations. This American had no formal espionage training. Everything he knew about spying he'd learned from books, movies, video games, and TV. And yet, with the help of an initially reluctant FBI duo, he ended up at the center of a highly successful counterintelligence operation that targeted Russian espionage in America--

Getting the books **Video Spy** now is not type of challenging means. You could not lonesome going next books increase or library or borrowing from your associates to right to use them.
