Lauren Wilkinson

American Spy Lauren Wilkinson, 2019-02-12

"American Spy updates the espionage thriller with blazing originality."—Entertainment Weekly "There has never been anything like it."—Marlon James, GQ "So much fun . . . Like the best of John le Carré, it's extremely tough to put down."—NPR NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY CHICAGO TRIBUNE AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Time • NPR • Entertainment Weekly • Esquire • BuzzFeed • Vulture • Real Simple • Good Housekeeping • The New York Public Library What if your sense of duty required you to betray the man you love? It's 1986, the heart of the Cold War, and Marie Mitchell is an intelligence officer with the FBI. She's brilliant, but she's also a young black woman working in an old boys' club. Her career has stalled out, she's overlooked for every high-profile squad, and her days are filled with monotonous paperwork. So when she's given the opportunity to join a shadowy task force aimed at undermining Thomas Sankara, the charismatic revolutionary president of Burkina Faso whose Communist ideology has made him a target for American intervention, she says yes. Yes, even though she secretly admires the work Sankara is doing for his country. Yes, even though she is still grieving the mysterious death of her sister, whose example led Marie to this career path in the first place. Yes, even though a furious part of her suspects she's being offered the job because of her appearance and not her talent. In the year that follows, Marie will observe Sankara, seduce him, and ultimately have a hand in the coup that will bring him down. But doing so will change everything she believes about what it means to be a spy, a lover, a sister, and a good American. Inspired by true events—Thomas Sankara is known as "Africa's Che Guevara"—American Spy knits together

a gripping spy thriller, a heartbreaking family drama, and a passionate romance. This is a face of the Cold War you've never seen before, and it introduces a powerful new literary voice.

NOMINATED FOR THE NAACP IMAGE AWARD • Shortlisted for the Center for Fiction First Novel Prize "Spy fiction plus allegory, and a splash of pan-Africanism. What could go wrong? As it happens, very little. Clever, bracing, darkly funny, and really, really good."—Ta-Nehisi Coates "Inspired by real events, this espionage thriller ticks all the right boxes, delivering a sexually charged interrogation of both politics and race."—Esquire "Echoing the stoic cynicism of Hurston and Ellison, and the verve of Conan Doyle, American Spy lays our complicities—political, racial, and sexual—bare. Packed with unforgettable characters, it's a stunning book, timely as it is timeless."—Paul Beatty, Man Booker Prizewinning author of *The Sellout*

A Spy Among Friends Ben Macintyre, 2014-01-01
From bestselling author Ben Macintyre, the true untold story of history's most famous traitor

I Spy: A Book of Picture Riddles Jean Marzollo, 2022-08-30 The #1 search-and-find riddle picture book that started the I Spy craze has a brand new design -- just in time for its 30th anniversary! Can you find toys, coins, dice, and more? What's buried in the sand? And what do you see on the bulletin board? I Spy: A Book of Picture Riddles features stunning collections of picture riddles with challenging fun for children in kindergarten to third grade -- but everyone in your family will enjoy unplugged time together! Search for objects hidden within themed photographs and try to solve the rhyming riddles. The vibrant pages of the I Spy series are an incredible way to get readers of all ages excited about animals, letters, numbers, and holidays. I Spy books teach kids how to observe their

surroundings and look for patterns in the world around them, skills that will help them succeed in all subjects. The series is a perfect fit for the STEAM curriculum. The New York Times bestselling series by Jean Marzollo and photographer Walter Wick continues to amaze search-and-find fans. The captivating photographs paired with clever rhyming puzzles will mesmerize readers of all ages.

Nature Spy Shelley Rotner, Ken Kreisler, 2014-12-23 A child takes a close-up look at such aspects of nature as an acorn, the golden eye of a frog, and an empty hornet's nest.

Spy Secrets That Can Save Your Life Jason Hanson, 2015-09-22 The New York Times bestseller that reveals the safety, security, and survival techniques that 99% of Americans don't know—but should. When Jason Hanson joined the CIA in 2003, he never imagined that the same tactics he used as a CIA officer for counter intelligence, surveillance, and protecting agency personnel would prove to be essential in every day civilian life. In addition to escaping handcuffs, picking locks, and spotting when someone is telling a lie, he can improvise a self-defense weapon, pack a perfect emergency kit, and disappear off the grid if necessary. He has also honed his “positive awareness”—a heightened sense of his surroundings that allows him to spot suspicious and potentially dangerous behavior—on the street, in a taxi, at the airport, when dining out, or in any other situation. In his engaging and empowering book *Spy Secrets That Can Save Your Life*, Jason shares this know-how with readers, revealing how to:

- prevent home invasions, carjackings, muggings, and other violent crimes
- run counter-surveillance and avoid becoming a soft target
- recognize common scams at home and abroad
- become a human lie detector in any setting, including business negotiations
- gain peace of mind by being

prepared for anything instead of uninformed or afraid. With the skill of a trained operative and the relatability of a suburban dad, Jason Hanson brings his top-level training to everyday Americans in this must-have guide to staying safe in an increasingly dangerous world.

The Good Spy Kai Bird, 2015-05-26 The Good Spy is Pulitzer Prize-winning biographer Kai Bird's compelling portrait of the remarkable life and death of one of the most important operatives in CIA history - a man who, had he lived, might have helped heal the rift between Arabs and the West. On April 18, 1983, a bomb exploded outside the American Embassy in Beirut, killing 63 people. The attack was a geopolitical turning point. It marked the beginning of Hezbollah as a political force, but even more important, it eliminated America's most influential and effective intelligence officer in the Middle East - CIA operative Robert Ames. What set Ames apart from his peers was his extraordinary ability to form deep, meaningful connections with key Arab intelligence figures. Some operatives relied on threats and subterfuge, but Ames worked by building friendships and emphasizing shared values - never more notably than with Yasir Arafat's charismatic intelligence chief and heir apparent Ali Hassan Salameh (aka "The Red Prince"). Ames' deepening relationship with Salameh held the potential for a lasting peace. Within a few years, though, both men were killed by assassins, and America's relations with the Arab world began heading down a path that culminated in 9/11, the War on Terror, and the current fog of mistrust. Bird, who as a child lived in the Beirut Embassy and knew Ames as a neighbor when he was twelve years old, spent years researching The Good Spy. Not only does the book draw on hours of interviews with Ames' widow, and quotes from hundreds of Ames' private letters, it's woven from interviews with scores of current

and former American, Israeli, and Palestinian intelligence officers as well as other players in the Middle East "Great Game." What emerges is a masterpiece-level narrative of the making of a CIA officer, a uniquely insightful history of twentieth-century conflict in the Middle East, and an absorbing hour-by-hour account of the Beirut Embassy bombing. Even more impressive, Bird draws on his reporter's skills to deliver a full dossier on the bombers and expose the shocking truth of where the attack's mastermind resides today.

The Unexpected Spy Tracy Walder, Jessica Anya Blau, 2020-02-25 A highly entertaining account of a young woman who went straight from her college sorority to the CIA, where she hunted terrorists and WMDs Reads like the show bible for Homeland only her story is real. -Alison Stewart, WNYC A thrilling tale...Walder's fast-paced and intense narrative opens a window into life in two of America's major intelligence agencies -Publishers Weekly (starred review) When Tracy Walder enrolled at the University of Southern California, she never thought that one day she would offer her pink beanbag chair in the Delta Gamma house to a CIA recruiter, or that she'd fly to the Middle East under an alias identity. The Unexpected Spy is the riveting story of Walder's tenure in the CIA and, later, the FBI. In high-security, steel-walled rooms in Virginia, Walder watched al-Qaeda members with drones as President Bush looked over her shoulder and CIA Director George Tenet brought her donuts. She tracked chemical terrorists and searched the world for Weapons of Mass Destruction. She created a chemical terror chart that someone in the White House altered to convey information she did not have or believe, leading to the Iraq invasion. Driven to stop terrorism, Walder debriefed terrorists—men who swore they'd never speak to a woman—until they gave her leads. She followed trails through North Africa, Europe,

and the Middle East, shutting down multiple chemical attacks. Then Walder moved to the FBI, where she worked in counterintelligence. In a single year, she helped take down one of the most notorious foreign spies ever caught on American soil. Catching the bad guys wasn't a problem in the FBI, but rampant sexism was. Walder left the FBI to teach young women, encouraging them to find a place in the FBI, CIA, State Department or the Senate--and thus change the world.

The Bicycle Spy Yona Zeldis McDonough, 2016-09-27
Can Marcel make the ride of his life? Marcel loves riding his bicycle, whether he's racing through the streets of his small town in France or making bread deliveries for his parents' bakery. He dreams of someday competing in the Tour de France, the greatest bicycle race. But ever since Germany's occupation of France began two years ago, in 1940, the race has been canceled. Now there are soldiers everywhere, interrupting Marcel's rides with checkpoints and questioning. Then Marcel learns two big secrets, and he realizes there are worse things about the war than a canceled race. When he later discovers that his friend's entire family is in imminent danger, Marcel knows he can help -- but it will involve taking a risky bicycle ride to pass along covert information. And when nothing ends up going according to plan, it's up to him to keep pedaling and think quickly... because his friend, her family, and his own future hang in the balance.

Etiquette & Espionage Gail Carriger, 2013-02-05
This young adult steampunk series debut set in the same world as the New York Times bestselling *Parasol Protectorate* is filled with all the saucy adventure and droll humor Gail Carriger's legions of fans have come to adore. Fourteen-year-old Sophronia is a great trial to her poor mother. Sophronia is more interested in dismantling clocks and climbing trees than proper manners--and the

family can only hope that company never sees her atrocious curtsy. Mrs. Temminnick is desperate for her daughter to become a proper lady. So she enrolls Sophronia in Mademoiselle Geraldine's Finishing Academy for Young Ladies of Quality. But Sophronia soon realizes the school is not quite what her mother might have hoped. At Mademoiselle Geraldine's, young ladies learn to finish...everything. Certainly, they learn the fine arts of dance, dress, and etiquette, but they also learn to deal out death, diversion, and espionage--in the politest possible ways, of course. Sophronia and her friends are in for a rousing first year's education.

The Secret World Christopher Andrew, 2018-09-04
"A comprehensive exploration of spying in its myriad forms from the Bible to the present day . . . Easy to dip into, and surprisingly funny." -Ben Macintyre in The New York Times Book Review
The history of espionage is far older than any of today's intelligence agencies, yet largely forgotten. The codebreakers at Bletchley Park, the most successful WWII intelligence agency, were completely unaware that their predecessors had broken the codes of Napoleon during the Napoleonic wars and those of Spain before the Spanish Armada. Those who do not understand past mistakes are likely to repeat them. Intelligence is a prime example. At the outbreak of WWI, the grasp of intelligence shown by US President Woodrow Wilson and British Prime Minister Herbert Asquith was not in the same class as that of George Washington during the Revolutionary War and eighteenth-century British statesmen. In the first global history of espionage ever written, distinguished historian and New York Times-bestselling author Christopher Andrew recovers much of the lost intelligence history of the past three millennia--and shows us its continuing relevance. "Accurate, comprehensive, digestible and startling

. . . a stellar achievement." –Edward Lucas, The Times "For anyone with a taste for wide-ranging and shrewdly gossipy history—or, for that matter, for anyone with a taste for spy stories—Andrew's is one of the most entertaining books of the past few years." –Adam Gopnik, The New Yorker "Remarkable for its scope and delightful for its unpredictable comparisons . . . there are important lessons for spymasters everywhere in this breathtaking and brilliant book." –Richard J. Aldrich, Times Literary Supplement "Fans of Fleming and Furst will delight in this skillfully related true-fact side of the story." –Kirkus Reviews "A crowning triumph of one of the most adventurous scholars of the security world." –Financial Times Includes illustrations

Sneaky Spies Thomas Kingsley Troupe, 2019-05-01 Quietly infiltrating a high-security building to steal secret documents. Sneaking behind enemy lines to rescue an important government official. Secretly listening to an enemy's conversation without getting caught. Fans of stealthy video games enjoy these activities and many more. But what is the true story behind today's popular stealth games? What methods to spies use to secretly gather intelligence? What kind of gear to secret agents use to spy on the activities of others? How do special forces teams achieve their missions without getting caught? Compare true spy tactics and gear to today's popular video games and learn if they are portrayed accurately, or if the games twist the truth to create a more exciting game-playing experience.

The Princess Spy Larry Loftis, 2022-03 The hidden history of an ordinary American girl who became one of the OSS's most daring World War II spies before marrying into European nobility.

Chinese Communist Espionage Peter Mattis, Matthew Brazil, 2019-11-15 This is the first book of its kind to employ hundreds of Chinese sources to

explain the history and current state of Chinese Communist intelligence operations. It profiles the leaders, top spies, and important operations in the history of China's espionage organs, and links to an extensive online glossary of Chinese language intelligence and security terms. Peter Mattis and Matthew Brazil present an unprecedented look into the murky world of Chinese espionage both past and present, enabling a better understanding of how pervasive and important its influence is, both in China and abroad.

Liar & Spy Rebecca Stead, 2012-08-07 The instant New York Times bestseller from the author of the Newbery Medal winner *When You Reach Me*: a story about spies, games, and friendship. The first day Georges (the S is silent) moves into a new Brooklyn apartment, he sees a sign taped to a door in the basement: SPY CLUB MEETING-TODAY! That's how he meets his twelve-year-old neighbor Safer. He and Georges quickly become allies—and fellow spies. Their assignment? Tracking the mysterious Mr. X, who lives in the apartment upstairs. But as Safer's requests become more and more demanding, Georges starts to wonder: how far is too far to go for your only friend? “Will touch the hearts of kids and adults alike.” —NPR Winner of the Guardian Prize for Children's Fiction Named a Best Book of the Year by The New York Times, The Wall Street Journal, and more!

Spy School the Graphic Novel Stuart Gibbs, 2022-02-15 Can an undercover nerd become a superstar secret agent? The first book in Stuart Gibbs's New York Times bestselling *Spy School* series is now a graphic novel! Ben Ripley may only be in middle school, but he's already pegged his dream job: CIA or bust. Unfortunately for him, his personality doesn't exactly scream “secret agent.” In fact, Ben is so awkward, he can barely get to school and back without a mishap. Because of his innate nerdiness, Ben is not surprised when he is

recruited for a magnet school with a focus on science—but he's entirely shocked to discover that the school is actually a front for a junior CIA academy. Could the CIA really want him? Actually, no. There's been a case of mistaken identity—but that doesn't stop Ben from trying to morph into a supercool undercover agent, the kind that always gets the girl. And through a series of hilarious misadventures, Ben realizes he might actually be a halfway decent spy...if he can survive all the attempts being made on his life! Join Ben Ripley as he survives his first year at the Academy of Espionage in action-packed, full-color panels.

I Spy Animals Jean Marzollo, 2012 An I Spy 8x8 at \$3.99 I SPY ANIMALS is based on the bestselling I SPY LITTLE ANIMALS. Toddlers and preschoolers can search photos from the original I Spy series for all kinds of animals. Simple picture clues and rhyming riddles guide the youngest readers through 13 interactive, fun-filled spreads.

Mac Undercover (Mac B, Kid Spy #1) Mike Lowery, 2019-08-01 From the esteemed New York Times bestselling and multi-award-winning author Mac Barnett comes a thrilling, hilarious fully-illustrated new spy adventure series! Before Mac Barnett was an author, he was a kid. And while he was a kid, he was a spy. Not just any spy. But a spy...for the Queen of England. James Bond meets Diary of a Wimpy Kid with this groundbreaking fully-illustrated chapter book series Mac B., Kid Spy. The precious Crown Jewels have been stolen, and there's only one person who can help the Queen of England: her newest secret agent, Mac B. Mac travels around the globe in search of the stolen treasure...but will he find it in time? From secret identities to Karate hijinks, this fast-paced, witty and historically inspired chapter book will keep readers guessing until the very last page. With full-color illustrations and fascinating historical facts masterfully sprinkled

throughout, this series offers adventure, intrigue, absurdity, history and humor. Discover this totally smart and side-splittingly funny new series, and experience what it's really like to be a kid spy.

The Spy Who Loved Clare Mulley, 2013-06-11
Documents the story of a first British female agent in World War II, providing coverage of her mixed heritage, daring missions in numerous countries, significant intelligence contributions and subsequent murder by an obsessive colleague. By the award-winning author of *The Woman Who Saved the Children*.

Serengeti Spy Anup Shah, 2012-09-19 In these terrific action photos of wildlife on the African savannah in the Serengeti and the Massai Mara, Anup Shah reveals these creatures as never seen before, using remote hidden cameras that have been planted across the plains. This is life on the plains in all its dynamism, cruelty and vitality, the circle of life in action. Readers will find themselves literally face to face with hyenas as they feed on a kill, with elephants communing in a watering hold, playful lion cubs, wildebeests leaping across a ravine, inquisitive monkeys who have discovered the camera and gaze directly into the lens and cheetahs peering back under their tails towards the camera. Many of these animals have actually noticed the camera, mostly by the sound of it clicking away and their interest is clearly piqued; they're certainly not accustomed to encounters with a camera on the ground of their home turf. This is primarily a visual journey through the African plains, but captions written by the author will impart interesting facts about the animals, as well as any activity of interest that may have occurred while the photo was being taken.

I Spy with My Little Eye-- Edward Gibbs, 2012-05
An I-spy book of animals with a peep-hole on every

page.
